St. Joseph, Levis, July 14, 1903. Minard's Liniment Co., Limited.

Gentlemen.—I was badly kicked by my horse last May, and after using several preparations on my leg nothing would do. My leg was black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

"FORGET YOUR DREAMS."

An incident which occurred at the very beginning of Nicholas II's reign is very characteristic of the attitude of the former Emperor toward any share of the people in the Government of Russia.

A deputation of the foremost representatives of the Russian nobility was sent to bring congratulations to the new Emperor. Very bright hopes were connected with the ascendance to the throne of the young monarch, after a period of gloomy reaction during the reign of his father, Alexander III, and, in consequence, it was decided to present to him

through a delegation of the nobles an extremely modest supplication in favor of an embryo chamber of representatives, the only proposed right of which was the "right" to be consulted by the Emperor whenever it pleased him.

The delegation, composed of highly respected and venerable elderly gentlemen, numbering several hundred, was lined in the big hall of the Winter Palace in Petrograd and kept standing in a military order and in complete silence for more than two hours.

At last a detachment of dismounted horseguards, in top-boots and with huge swords, hurriedly entered the hall with a terrific noise and placed

itself in front of the awe-stricken delegation.

Then the tiny emperor, in wild excitement, rushed in and, pacing up and down the hall in the midst of the giant soldiers and shouting at the venerable gentlemen, delivered a brief but very definite speech, the gist of which consisted of the following expression: "Forget your senseless dreams!"

Grass stains may be removed from washing materials by carefully rubbing the spots with a little fresh lard. Afterwards wash in the usual way, and you will find that the stains have entirely disappeared.
