Special to The Guardian. WINNIPEG, July 18—From Fort William through the whole of Manitoba and across the Saskatchewan rain fell on Saturday, and reports state that the grain has been benefited to an enormous degree.

THREE OF STEAMER'S CREW ARE MISSING

NEW YORK, July 17—Three instead of two of the crew of the H.P. Dimock, the Metropolitan Line freighter which caught fire during the disastrous blaze which destroyed pier 11 yesterday, were still unaccounted for today.

BOSTON, July 17—The Boston office of the Metropolitan Steamship Line being closed tonight, the local officials of the company state that they would be unable to furnish the names of the three men of the H. P. Dimock, believed to have lost their lives in the New York fire on Saturday.

IMPERIAL OFFICER TO SUCCEED LAKE

OTTAWA, July 17—The Minister of Militia, Sir Frederick Borden is now in communication with the Imperial War Office relative to the selection of an Imperial Officer to take the place of Major General Sir Percy Lake, on the latter's return to England in September next.

It has been suggested that a Canadian might now take the position of Chief of Staff here in succession to the late General Officer, who on Sir Percy Lake's withdrawal is slated for the position of Inspector General. But for the present at least it is deemed desirable that the experience and training of some prominent Imperial officer should be again secured.

The organization of the Canadian branch of the St. John Ambulance Association, which will be in connection with headquarters in London, England, devoted to the furtherance of the "first aid" movement has been completed. At a recent meeting of the executive in Ottawa, Capt. B. J. Birdwhistell of this city was appointed General Secretary. He will at once take up the work of organizing branches and local branches. The officers of the Association include:

Sir Thomas Shughessy, Honorary President; Dr. Montizambert, Ottawa, President; George Burn, Ottawa, Treasurer; Fred Cook, Ottawa, Honorary Secretary; Sir W. J. Bayne, J. M. Courtney, Col. Carleton Jones, Col. Irwin, Dr. Chas. A. Hodreth, James Mantel and Major Lacey R. Johnson, are members of the Executive.

JAPAN'S POLICY IN KOREA

TOKIO, July 17—Lieut. General Viscount Terachi left today for Seoul to assume the duties of Japanese resident general of Korea. He said that Japan would not use the mailed list of antagonistic interests of Korea or those of foreign residents. Radical changes in the system of government, would, however, he thought, be necessary.

P. E. I. DENTAL ASS'N IN ANNUAL SESSION

Yesterday the P. E. Island Dental Association met in annual session with a fair attendance. In the afternoon the members of the association with some dental students and visitors met in P. P. Gillis' sample rooms where representatives of Foreign and Canadian Dental Goods Firms gave demonstrations and exhibited the latest appliances, fittings, etc., of the profession. In the evening the Association convened in the Y. M. C. A. parlor on the occasion of the annual business meeting with the following in attendance: Drs. A. L. Purdy, Alberton; J. H. Ayers, J. S. Bagnall, C. H. Beer, A. B. Reid, F. S. Lodge, F. E. Smallwood and T. E. Robins, Charlottetown; Dr. P. S. Lodge, the retiring President, occupied the chair. After disposing of the usual routine business the election of officers was

THE SANITARY PRECAUTIONS

Special to The Guardian. NEWCASTLE, July 18—Today witnessed the first systematic measure to afford adequate sanitary arrangements for the destroyed town of Campbellton.

The Provincial Board of Health, representatives for the time being, Maltby are the main movers. While not at present in an alarming condition, the sanitary conditions would in a very few days cause an outbreak of disease.

After a rigid inspection the Health authorities concluded to take immediate measures. Consequently, Col. Maltby established his headquarters on the grounds and will direct the sanitary arrangements until the town emerges from danger on that score.

The great numbers of people have left Campbellton for the time being, and citizens continue to display optimism and are in no way dubious over the outlook.

FOR LARGER SUPPLY OF GREENBACKS

DUBLIN, N. H., July 18—A statement concerning the formation of currency associations by National Banks under the Aldrich-Vreeland law was given out by Secretary Treasurer McVeigh. The law provides for the issuance of additional banknotes in times of emergency and he urges that preparations be made in advance of such an emergency.

CHURCH SERVICES HELD IN THE OPEN

CAMPBELLTON, July 17—On the site of the Church of Our Lady of the Snows, the Catholics of stricken Campbellton attended mass in the open today, the sky their roof, and a few rough boards with a white covering the altar, at which Father Walsh officiated. In what had been the school ground, the Protestants of the burned town gathered at service conducted by Rev. Mr. Schurman and Mr. Drumm. They too worshipped in the open for a marquee in which they were to have gathered was blown down a little before the time of service.

A car of liquor has been seized. No legal sale of liquor can be made here as Premier Hazen has temporarily revoked all licenses.

The officers of the Provincial Board of Health are here to look over conditions. Smallpox is reported in a family at Jaspex River, 34 miles away, and precautions will be taken to guard against it. There was a cessation of building work Sunday. One of the big lumber concerns unrolled today the Silver Lumber Company. Mr. Anderson, the Superior agent, said today that they would not rebuild in Campbellton. The citizens have organized into committees and will hold a meeting tomorrow with Lieutenant Governor Tweed and Premier Hazen present. The exodus from the burning town, whether temporary or otherwise, is marked.

TWO IN CANOE PARTY DROWNED

NEWTON, Mass., July 17—Two persons were drowned when a canoe in which they were out on the water turned on the Charles river in Amherst this afternoon and their two companions who were with them would have met the same fate had it not been for a couple of policemen rushing to their rescue in a motor launch.

LEAGUE OF THE CROSS PICNIC

Nineteen carloads of young people shook the dust of the city from their feet, yesterday and went to Pisquid where the League of the Cross held their annual picnic.

The grounds were splendid and afforded all advantages necessary to the full enjoyment of the day. The management and general order was perfect, typical of the usual League Picnics, and the hundreds in attendance, young and old, enjoyed themselves to the fullest.

During the afternoon a program of keenly contested sports were run off, E. Hughes winning the prize for the best all round athlete.

The following are the results of the different events:
75 Yards Dash (9 and under)—Louis Paoli, Harry Rush.

The special trains returned to this city at eight thirty and nine forty five last evening.

A STRIKE IS IMMINENT ON THE G. T. P.

MONTREAL, July 17—Apparently the critical stage in the dispute between the Grand Trunk railway and its trainmen, yardmen and conductors is now close at hand and it will depend upon the attitude to be taken by the company whether there is an extensive strike on both the Grand Trunk and the Central Vermont railroads. The returns of the second strike vote on the Grand Trunk were counted today, and it was stated that of the 3,350 votes cast less than fifty were against the strike.

President Hays, of the Grand Trunk, was notified on Saturday that the forty-two delegates from the various centres along that system had met in Montreal and Chicago had returned to their duty and he promptly sent them back word that he would be prepared to meet them for another discussion at 11.30 Monday morning. It may be that this meeting will decide the fate of the issue, but it is more probable that there will be further conferences before anything definite is decided.

It is, however, stated by the leaders for the men that in view of this second decisive vote they will lay the matter firmly before Mr. Hays that the company must grant that there will be a standard eastern wage or they will call a strike, and it was stated that if it became evident that the company did not intend to meet this demand the strike would be called without delay.

OTTAWA, July 17.—The minister of labor is in close touch with the dispute of the trainmen on the G. T. R. He was told on Saturday that only fifty had voted against a strike and awaits the result of the conference at 11.30 tomorrow between the men and President Hays, with interest. It is said a new proposal of arbitration may be made by the company, but it is felt the men will not accept that. The department is, of course, now unable to do anything, but would be ready to assist in any opening for a compromise.

116 STRAIGHT BULLSEYES.

WAKEFIELD, Mass., July 17—In a phenomenal exhibition of marksmanship, which continued until after 7.30 o'clock tonight, Corporal Perry B. Scofield of Company E, 5th Massachusetts, of Bedford, nearly doubled the world's record for 500 yards at the Bay State rifle range. He scored 116 consecutive bullseyes. The previous world's record, held by Capt. Stephen W. Wise, inspector of small arms practice of the 6th Massachusetts, was 60 consecutive "bulls."

G. T. R. TELEGRAPHERS MAY GO ON STRIKE

MONTREAL, July 12.—The committee of Grand Trunk Telegraphers had finished counting the strike vote ordered last week, and tonight it is stated that it shows a vote of eighty per cent. of the men in favor of going out unless the company grants the demands made upon it. A Conciliation Board set upon the demands of the telegraphers last February and reported. The telegraphers accepted the report but the company did not. The men have been waiting for the trainmen to make a move before taking action. It is therefore likely that if the trainmen go out, that they will be followed by the telegraphers.

POLICE SEARCH FOR BLUEBEARD DENTIST.

LONDON, July 17—Scotland Yard authorities are sending every effort to locate Dr. Hawley Crippen, an American dentist, who disappeared last Saturday. The body of a woman, supposed to have been that of his wife, who was formerly Belle Elmore, a noted singer, was found late last night in a cellar of their No. 30 Hilldrop Crescent, Islington, on the outskirts of London. The head had been crushed to a jelly and the body mutilated.

The first thing the police did today was to cable to the police of American ports asking them to search incoming steamers for Crippen, who was described with the aliases of Peter Crippen and Franckel Crippen. The police believe that he sailed on Saturday. They state that he is accompanied by Ethel Clara Leneve, a French woman, who had been recently introduced as his wife. This woman, the police state, is believed to be dressed in male attire. Before leaving Hilldrop, Crippen sent out for a boy's suit, and this, the police surmise is now being worn by his companion. Miss Leneve was the doctor's stenographer.

Despite the calling in of all the neighbors, the police have been unable positively to identify the decomposed body found in the cellar as that of Mrs. Crippen, though they are firm of the belief that it was that of the famous singer. None of the neighbors have seen Mrs. Crippen since February, when her husband gave it out that she had gone to the continent for a visit. A short time afterwards there appeared a notice in the papers that Mrs. Crippen had died abroad. Their another woman, also known as Mrs. Crippen, appeared at the Hilldrop Crescent house. The dentist and the second "Mrs. Crippen" were seen in the house as late as last Saturday.

The hope is now held that Crippen's relations with women will reveal a startling career as a bluebeard according to the authorities. Dr. Crippen lived in Toronto during 1896-98, having assisted in establishing the Dr. Munyon Medicine Agency here. T. H. Humble, advertising writer, remembers him. He was about 5 feet 5 inches in height, of light build, light complexion, light hair, mustache and neatly trimmed beard, said Dr. Humble. "He was fastidious in his dress and very pleasant in manner. Mrs. Crippen had when he came here. Mrs. Crippen was an attractive woman, dashing and frivolous in manner. She was fond of display in dress, and was always decked in diamonds and other jewels. She was a woman who would attract attention anywhere. Dr. Crippen was very jealous of her."

OTTAWA, July 17.—During the debate on the naval expenditures in the house of commons this afternoon Premier Asquith reiterated that it was the desire of the British Government to come to a friendly agreement with Germany, looking to the curtailment of armaments, owing to the two countries were not cordial, and pointed out that by April, 1913, Great Britain would only have 25 dreadnoughts to Germany's 31.

ST. ANNE'S LOCK OPENED

BY HON. WM. PUGSELY.

WINNIPEG, July 17.—"There is no such word as impossible for the west," said Sir Wilfrid Laurier, at the opening of St. Andrew's Lock, today.

This is the first link in the government's trans-prairie scheme of waterways, and when completed will cost about \$1,500,000. The lock, which has a lift of 21 feet, is a splendid specimen of concrete construction, 290 feet in length and 45 feet in width. It has raised the level of Red River at Winnipeg over five feet. The dam, 788 feet in width, is of concrete tip-type, and is the only one on this continent. There is another at Rose, France.

Hon. William Pugsley, minister of public works, officially declared the lock open to the free commerce of the Province of Alberta, Saskatchewan and Manitoba. Sir Wilfrid spent a busy day. In the morning he visited the store of the T. Eaton Co., and lunched with the president. St. Andrew's occupied the afternoon, and a garden party, given by Sir Daniel McMillan, the lieutenant Governor, and Lady McMillan, filled the remainder of the day.

GERMANY APPROACHED ON ARMAMENT REDUCTION.

WOMEN IN HISTORY

The Wife of Huber. Many a man owes much of his fame to the wife who toils beside him, helping and encouraging him in his life work. Such women are deserving of a niche in the gallery of fame. Picturing one of these faithful, loving wives for us, Alexander Macdonald, in the story ever written, "The Gentle Heart," has this to say: "I saw a young couple with happy faces (in a beautiful garden in Geneva) come out of the house, come down the garden walk, and seat themselves beside a beehive. It is Huber, the student, and Aimee, his beautiful wife. What we read now in books about the queen bee and the other bees, and the honey and the wax, was found out for the most by this man. He spent his life in the study of bees. But look! he is blind. And the story of the bees, as it was written in the garden by these two will be read in schools and colleges when Huber and his beautiful Aimee are themselves forgotten. It is a hundred years ago since they began to study the bees together, and they are both long since dead. But still shines out for me in the long, helpful, patient and loving service of Aimee, the Gentle Heart."

THE GOVERNMENT WONT INTERFERE

Special to The Guardian. MONTREAL, July 18.—The Dominion Government has refused to take further action to prevent a strike on the Grand Trunk.

Minister King refused, as the negotiations under the Lemieux act had accomplished as much as could be expected from further negotiations.

GOOD SPORT AT THE RIFLE RANGE

Yesterday afternoon the Charlottetown Rifle Association held their second match for the Silver Salver presented by the Department of Militia.

Some good scores were made, but the tricky "fish tail" wind made it hard to have some of the scores. A few new shots came forward and made higher scores than those made by some of the old veterans—This is as it should be—the club expect to be able to record some high scores by some of the younger members before the season closes.

In addition to the silver prize and the Silver spoons donated by the Club, a very handsome Cartridge Candlestick was donated by S. C. Moore to be given to the rifeman making the highest number of Bull's Eyes over the range. This was keenly contested—L. J. Miller and G. F. Hutchison closing with 11 Bull's eyes each. In the shoot off Mr. Miller carried off the prize.

Below are the scores made by each member of the Association. The highest score in each class carrying off a silver spoon.

BARRIE TO MARRY.

LONDON, July 17.—The highly interesting report is afloat that J. M. Barrie, author and playwright will marry the Honorable Dorothy Eugenie Brett, the younger of Lord Esher's two daughters. Miss Brett is considerably younger than the famous dramatist; she is twenty-seven, while he is fifty. She is very literary and her mother has written some good poetry.

J. M. Barrie married Mary Ansell in Scotland, July 1, 1904. They lived happily until the fall of 1908, when Gilbert Cannan, writer of books and plays, younger than she came into the wife's life. To Mr Barrie she admitted her love for Cannan, and a divorce followed when Cannan promised to marry Mrs Barrie if the decree was granted. Barrie gave his former wife his town house and settled a large sum of money on her.
