CLEAN FURNITURE SHINES

If your fine mahogany furniture becomes clouded and soiled, a thorough cleaning is in order. Use only a very mild soap thoroughly dissolved in water, wring out the washing cloth dry as possible, cover only a small area at a time, and dry quickly with a soft clean cloth. Rub with a reliable commercial wax applied sparingly and rubbed lightly with the grain to a fine lustre.

Civil Service Seeks Man For Moncton Office

Edward Island. An Assistant Manager, Billingual, at \$2100 per annum for the Employment and Claims Office to be set up in Moncton will be wanted. The Civil Service Commission announced from Ottawa today. To be considered for appointment, candidates must have education equivalent to high school or experience in employer-employee relationships equivalent thereto. They must have at least four years' administrative experience in employment organization work or responsible general office, business or supervisory experience. In addition to these minimum qualifications, extra credit will be given candidates with some knowledge of employment principles and practices, with familiarity with office record systems and demonstrated ability to manage an office staff. General successful experience in business and additional education will naturally strengthen the candidates' chances, the Commission stated. A man with good judgment, absolute integrity and a fine sense of equity and justice will be required. The success of the operation of the office will depend largely on his ability to carry out the new Act in fairness to everyone.

Full details of the duties of the position and the qualifications required are obtainable on posters now on display at the Post Offices, and the closing date for receiving applications is given as April 4th, 1942.

More than a hundred varieties of sausages are made in the United States. WISE PRECAUTION Cuba prohibits the broadcasting of news from sources which cannot be identified. High-Up Fighters - The von Igarots, name of natives of northern Luzon, means highlander or mountaineer. Can You Beat It? - The hottest weather ever recorded was 136 degrees Fahrenheit at Azusa, Calif. Sept. 13, 1922. Planes of 1912 - The first enclosed cabin airplane was built in 1912 and was flown by Legagneux.

POINTING MIXTURE

A mixture of concrete and fine sand with about 10 per cent of lime is helpful in re-pointing roughly mortared crevices between stones, such as chimneys rubble walls, etc. Care should be taken that the mixture does not touch the hands.

DOWN AND UP

The American cattle industry declined from 1934 to 1936 owing largely to drought, but recently has shown an expansion.
