The Health Value of Blood Medicine

By "blood medicine" we mean, for instance, Hood's Sarsaparilla, for nearly 50 years the standard remedy for blood disorders. Working through the blood, the great distributing agency of the body, it carries purity, health, strength, vitality to every organ. The general health quickly responds to the powerful influences of this good blood medicine. One old friend wrote us: "I seem to feel a thrill of new life just as soon as I begin my annual course of Hood's."

"The Broken Wing" the famous play by Paul Dickey and Charles Goddard, with its great air-planes effect complete, will be the opening play of the Klark-Urban Stock Co., which will open a five days engagement at Prince Edward Theatre, commencing tonight. It promises to be the most remarkable production ever attempted by this company, a performance way above the average run of plays. "The Broken Wing", which ran for a solid year in New York to capacity business in now duplicating this record with The Klark-Urban Co. It was released for stock but a short time ago and is particularly popular. The Manager Klark was particularly fortunate to be able to secure it so early a date. The comedy drama will be complete in every detail and the members of the company are, without exception, enthusiastic over the parts that have been assigned to them. Seats now on sale at the Theatre Ticket Office opens at 9.30 a. m. daily.

Team Shooting

On Saturday afternoon a very pleasant time was spent on Kensington Rifle Range, when teams from Pownal, York and Milton and Charlottetown comprised of ten men each shot a friendly match. The Pownal or challenging team won the match. The sighting was at times rather hard on account of the dull light and the rear right wind was variable. However, some splendid scores were made. Mr. George McLennan led with the splendid score of ninety eight out of a possible one hundred and five. Mr. F. G. Kennedy made a possible at 500 yards.

The outing was enjoyed by all and it is hoped other matches will follow if the weather permits.
