

### Paine's Celery Compound

Cures Chronic Complicated Cases of Rheumatism.

It Banishes Every Trace of Poisonous Acid From the Blood.

Has Made More Permanent and Wonderful Cures Than All Other Medicines in The World.

All rheumatic sufferers dread the variable and trying weather of October and November. Sufferers from the various forms of rheumatism particularly muscular, inflammatory, gout and lumbago—suffer more intensely in the autumn months. Chilling winds, damp air, cold rains and night frosts, aggravate existing misery and agony.

Thousands of victims of rheumatism have come back from summer health resorts only to find themselves as badly tortured and crippled as they were before they started for their false Mecca of health. Mineral springs, baths and massage system can never drive out the morbid principle of terrible rheumatism from the blood and joints.

Careful medical tests and a long experience prove that Paine's Celery Compound is the only agent and medicine for the cure of all forms of rheumatism, and succeeds when everything else fails. With a confidence created and strengthened by thousands of victories over rheumatism, we urge suffering men and women to use Paine's Celery Compound. Its marvellous virtues will meet your case and do for you what it has done for others. Mrs. J. Vince, Barrie, Ont., says:

I am happy to say I have taken Paine's Celery Compound with great results. I had sciatica so badly that I could not turn in bed or walk without help, and for a period of three weeks was helplessly laid up and suffered pain that at times was almost unbearable.

"I tried many medicines, but all in vain. I was afterwards recommended to try Paine's Celery Compound. I used six bottles and am entirely cured, and enjoy good health. I take great pleasure in recommending the valuable medicine that cured me."
