TROOPS RETURN HOME.

MEAT TRUST MAY RESIST AUTHORITY.

NEW YORK, March 2.—Two weeks will be allowed the indicted directors of the National Packing Company in which to appear for pleading to the true bill of conspiracy found against them yesterday by the Hudson County grand jury, of Jersey City. Prosecutor Garvan, said tonight that there was no disposition to be unreasonable in the case and that every opportunity would be given the indicted corporations and their officers to come into court of their own free will. If this opportunity were disregarded, however, or if any disposition were shown to treat the proceedings with levity, as had been intimated was the case in some quarters, he would move with severity and speed.

CHICAGO, March 2.—It is possible that the Chicago packers will not go to Jersey City to stand trial on the indictment against them, until compelled to do so by process of law. In connection with the discussion of the New Jersey indictments, a member of the legal department of one of the packing companies today declared that there were grave doubts whether the indicted persons could be compelled to stand trial in New Jersey.

To Be DYSPEPTIC Is To Be MISERABLE.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Burdock Blood Bitters has an established reputation, extending over thirty-four years, as a positive cure for dyspepsia in all its forms, and from all diseases arising from it.

Mrs. Herman Dickenson, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

For sale by all dealers. Manufactured only by The T. Millburn Co. Limited, Toronto, Ont.

A PHANTOM DOG.

HALIFAX, March 2.—If it does not disappear before the summer, visitors to Cow Bay may have the opportunity of witnessing one of the most talked of objects in the settlement. Cow Bay has a mysterious dog, and residents of the place are at a loss to find out as much about it as they would like to know. Consequently, there is much conjecture regarding the mysterious animal.

The dog has no tail, otherwise it appears to be no different from other dogs. It is black and about the size of a rather small Newfoundland dog. It has been seen on the Cow Bay road on different occasions lately, but its appearance is much less mysterious than its disappearance.

The other night, as several persons were leaving the house of James Bowes, accompanied by the dog belonging to the house, the mysterious dog appeared. The Bowes dog sprang at the mysterious dog, and it promptly fast asleep as the mysterious dog had apparently jumped through it.

This is only one of many manners in which the phantom dog has revealed itself to persons in the settlement. Thomas Conrad, James Bowes Arthur Bowes, Cornelius Stevenson and others have seen the dog on several occasions and each has seen it under different circumstances.

There are some at Cow Bay who connect the mysterious animal with that commonly supposed to frequent the Battery Hill near Port Clarence. This locality has a reputation for the uncanny, and there are dozens of Eastern Passage and Cow Bay people who would rather cross the Sahara than traverse this road after dark.

White phantom horses, dogs, which disappeared when struck at by the driver of a team, and balls of fire rolling down the hill, are some of the manifestations which quite a number of residents firmly affirm they have seen there. There have been workmen at the Woodside Sugar Refinery who have remained at the refinery all night rather than walk home in the darkness after their work was performed.

Ghost stories, told around the cheerful wood fires which are a part of country life, are becoming almost fashionable at Cow Bay, and the local incidents of the last fortnight lend a peculiar interest to them.
