COX'S PLEDGE ON IRISH QUESTION

BUTTE Mont. Sept. 10.—A finite pledge to "present the Irish cause" to the League of Nations was made tonight by Governor C. S. Cox, in closing his Montana campaign. "It would be my duty," said the Democratic nominee, "and very quickly availed of, as a friend of peace, associating the friendly right of any member of the league to present the Irish cause to the attention of the league under the authority given by article eleven, and give to Ireland or any other aggrieved people the opportunity to plead their cause before the bar of civilized opinion." The Irish question, Governor Cox said, needs settlement to promote peace between the English-speaking races. Reading article eleven of the league covenant providing for consideration by the league council or assembly of any international whatever "which threatens to disturb either the peace or the good understanding between nations," the governor said that under existing conditions the Irish question could not be presented "to the bar of public opinion."
