## GOVERNOR HAS MYSTERIOUSLY DISAPPEARED

### State Authorities And Police Have At- tempted to Find Some Trace of the Chief Executive for Several Weeks, But Their Efforts Have Been Futile.

BOSTON, Mass., Nov. 26.—With  
Lieut. Governor Frank G. Allen,  
acting Governor, leaving this evening  
for Pittsburgh, where he is to be  
married on the morrow to his  
daughter's college chum, and Sec-  
retary of State Frederick W. Cook,  
occupying the Chief Executive's  
chair at the State House, the mys-  
tery surrounding the mysterious dis-  
appearance and present where-  
abouts of Governor Alvin T. Fuller  
is intensified.

Over three weeks ago, the Gov-  
ernor, broken in health and spirit  
from the dark days of the Sacco-  
Vanzetti case, left the State House  
in silence. Never in the history of  
Massachusetts has a Governor's  
presence been required so badly.  
For weeks the Governor's  
views have been sought in  
all the important rapid transit  
legislation which had reached a  
crisis after four years of confusion  
and the incoming Legislature is  
pleading for leadership to guide  
them out of an unprecedented  
extreme urgency, and no one has  
been able to locate the Governor or  
ascertain his whereabouts.

Rev. Henry van Dyke, noted  
author and teacher, who, on his  
75th birthday recently, looked back  
with pleasure on 25 years of work  
in the ministry, four in the diplo-  
matic service and one year in the  
navy in the war, as probably the  
best years of his life.

## Trinity United Church Services

The congregation of Trinity  
United Church has maintained its  
organization and carried on its  
beneficent work in this city for  
one hundred and twenty years.  
Sixty three years ago the present  
building—the brick church, so cal-  
led,—was dedicated. The morning  
and evening sermons yesterday  
were appropriate to the anniver-  
sary of this event.

At the morning service Rev. Dr.  
Ramsay preached from the text:  
"I will build my church"; and in  
the evening Rev. Hammond John-  
son discoursed on the influence of  
the Christian Church in the realm  
of citizenship. At both services,  
the choir rendered selections from  
the sacred cantata "New Jeru-  
salem" composed by Prof. Fletcher  
of the Church in the morning  
"Jerusalem the Golden" and  
"O Sweet and Blessed Coun-  
try" were sung, Miss Lillian Mc-  
Kenzie taking the solo part in the  
evening. The numbers in the even-  
ing were: "He that overcometh,"  
by male voices, and "Ten Thou-  
sand and Times Ten thousand" by  
full choir. Mr. Elmer Ritchie ren-  
dered the fine tenor solo by Gaul,  
"To the Lord our God." The pray-  
er hymn, "Eternal Father, Strong  
to Save," was sung for certain  
members of the congregation now  
journeying by sea.

One of the outstanding annual  
events in Trinity United Congrega-  
tion is the tea and sale conducted  
by the Ladies Aid and the  
King's Daughters. This was held  
last Thursday and was a great  
success. For about two hours and  
a half ten tables, each seating  
fourteen persons were crowded by  
the patrons of the tea. The tables  
were set in the Social Hall, and  
a long queue of eager but good na-  
tured guests moved slowly forward  
from Hearts Hall through the  
connecting passage way to take  
the seats as soon as vacated. In  
Hearts Hall were a home cooking  
table, the King's Daughters' table  
of fancy articles, the Ladies Aid  
table of useful and fancy articles,  
the C. G. I. T. table, and many  
others, all doing a brisk trade.  
The monetary returns were very grat-  
ifying, but still more pleasing was  
the spirit of happy sociability and  
goodwill that was manifested  
throughout. A large number of la-  
dies and gentlemen of other denom-  
inations were present. The prom-  
oters are grateful for the patronage  
of these, and glad that they enter-  
ed so heartily into the enjoyment  
of the occasion.

There was a good attendance at  
the meeting of the Young People's  
Society on Friday evening. After  
devotional exercises there was a  
programme of readings and songs  
from well known authors, as fol-  
lows:

Miss Mary Rogers—Reading  
from Dickens.  
Miss Jean Beaton—Solo.  
Mr. Reg. Ayers—Reading from  
Drummond.  
Miss Dora Tall—Solo.  
Miss Dixon Matheson—Reading.  
A contest on authors followed.  
A bowling league has been form-  
ed among the members of the So-  
ciety. Next Friday the Society will  
engage in a hike provided the weath-  
er is favorable; otherwise an ordi-  
nary meeting will be held, the  
topic being, "Success."

As appears by public notice else-  
where the choir will render the  
Cantata Ben Hur on Thursday ev-  
ening next. Careful and painstaking  
preparation has been made for  
this performance, which will no  
doubt, prove one of the outstand-  
ing musical events of the season.  
Trinity United Church is very on  
Friday evening.

## THREE WERE KILLED AND 31 INJURED

### Accident Occurred at Dockerill Station, 56 Miles West of Smith's Falls, Ont.

(Canadian Press)  
MONTREAL, Que., Nov. 27.—  
Three persons were killed and  
thirty one injured when a Cana-  
dian Pacific freight train was side-  
swiped by a Chicago passenger  
train at Dockerill Station, 56 miles  
west of Smith Falls, Ont., at 2:15  
p. m. today.

The freight train had failed to  
clear in the siding before the  
passenger train crashed into it.  
Engineer W. Burnell, of the pas-  
senger train, was fatally injured and  
two persons, a man and a woman,  
passengers in the colist car were  
killed. They have not been posi-  
tively identified.

## May Be Final Session of B. C. Legislature

(Special to the Guardian)  
VANCOUVER, B. C., Nov. 26.—  
Stirring times, with dominion wide  
interest, are ahead of the British  
Columbia legislature, that opens in  
January. The most startling and  
advanced social legislation in Cana-  
da, providing for segregation and  
sterilization of the unfit will be  
proposed by the government. This  
will run the gamut of a political  
fight, together with an expected  
railway policy, a probable movement  
to abolish dual income tax atten-  
tion, another drive against pari-  
mutual betting, legislation to au-  
thorize dentists to advertise prices,  
and some minor changes in the  
liquor act which will be coupled  
with Ottawa's promise to grant  
British Columbia's liquor commis-  
sion its long awaited monopoly in  
imports and through it all will be  
the undertone of an expected gen-  
eral election. This fourth session  
may be the last before a provincial  
appeal. That at least is the feel-  
ing in political circles of Vancouver  
and Victoria. The government,  
however, has a right to another ses-  
sion and may decide to go the im-  
perial way, with two recent by-  
elections as its encouragement. Major  
changes in the liquor act are not  
expected. Dry forces, on the other  
hand, are planning another fight.

The civic amalgamation of great-  
er Vancouver will launch another  
drive to get a petition signed by  
forty per cent of the voters for a  
new plebiscite on the beer parlors.

## BERLIN AND PARIS WATCH SITUATION

### Alarmed at Possibili- ties of Lithuanian- Polish Dispute.— War Talk Spreads.

PARIS, Nov. 26.—The French  
Foreign Office is watching develop-  
ments of the Polish-Lithuanian-  
Russian situation with the sharpest  
interest.

Despatches received from its legat-  
ion at Warsaw today indicated  
that the Polish government is main-  
taining a moderate attitude. Poland  
is described as having no purpose  
either of making war itself or of  
committing any act with relation to  
Lithuania or Russia which would  
provoke those countries to acts of  
violence.

Despatches from Moscow today  
stated that a friendly remonstrance  
had been sent by the Soviet gov-  
ernment to Warsaw pointing out  
the danger to world peace of any  
Polish act against Lithuania. Fear  
that Lithuanian independence might  
be menaced by an over act brought  
about by Polish imperialists was ex-  
pressed in Moscow which also ad-  
vised Lithuania to keep calm and to  
shape its foreign policy so that its  
anti-Polish edge might be dulled.

France's alliance with Poland does  
not bind France, it was said here,  
to give military aid to Poland, but  
only to examine the question of  
whether it would be the duty of  
France to support Poland in a war  
which might be forced upon her.

BERLIN'S VIEW

BERLIN, Nov. 26.—The situation  
of the Polish-Lithuanian frontier  
stirs the Berlin press as being filled  
with alarming possibilities.

The Vossische Zeitung's corre-  
spondent at Kovno reports that the  
position of Premier Waldemaras is  
precarious as he is uncertain of the  
loyalty of a large number of mili-  
tary officers. It is rumored that  
very influential leaders of the Lithu-  
anian general staff who were respon-  
sible for last year's revolution are  
ready to overthrow the dictator.  
Riga to Vilna are expected to be  
preparing, with the assistance of  
new officers. Their leader is said to  
be a former deputy named Pleis-  
katis, who is alleged to be negotiat-  
ing with the Poles to march on Kov-  
no.

Collisions have already occurred  
on the frontier, says the dispatch,  
between Polish and revolutionary  
bands from Vilna.

PEACE THREATENED

LONDON, Nov. 26.—Numerous riv-  
alries and suspicions today threat-  
ened international peace in Europe.  
The Rumanian situation, the Ital-  
ian-Albanian "defensive" treaty  
and the quarrel between Lithuan-  
ia and Poland has come to the fore  
one week before the meeting in  
Geneva of a disarmament confer-  
ence held in the hope of furthering  
peace and good will.

Anxieties in Rumania have been  
reawakened by the sudden with-  
drawal of Ion Bratianu's strong  
hand. The possibility of former  
Crown Prince Carol returning to  
claim the throne has added to the  
quarrel of a century. It is feared,  
may have an adverse effect on  
Rumania's foreign relations. Hun-  
gary is displeased at the treatment  
of Hungarians in Transylvania  
transferred from Hungary to R-  
mania in 1920 by the treaty of  
Trianon. Russia desires to recover  
Bessarabia, lost to Rumania as a  
result of the Bolshevik revolution.  
Bulgaria is nursing her anger over  
the loss of territory to Rumania be-  
cause of the great war.

In another direction interna-  
tional jealousies have been streng-  
thened by the recently signed friend-  
ship treaty between Italy and Albania,  
while some observers are unable to  
see how international peace is af-  
fected by the treaties, others regard  
them as a threat of trouble in the  
Balkans. The chief cause of im-  
mediate concern is above all the  
quarrel between Poland and Lithu-  
ania. In the view of many English  
commentators this has been ag-  
gravated by the Soviet's warning  
note to Poland in the event of hos-  
tilities.

## Huge Increase In Number Of New Companies Formed

TORONTO, Nov. 26.—New  
companies through the Dominion  
to the number of 97 with author-  
ized capital of \$46,588,750 were re-  
ported during the week ended Nov.  
19, 1927, as compared with 65 with  
a total capitalization of \$14,667,  
395 for the corresponding week of  
last year.

## Years' Ban On Marriage

(By British United Press)  
LONDON, Nov. 26.—Free pas-  
sage and two pounds sterling pocket  
money has been provided by the  
New Zealand Government to 40  
girls who sailed from Liverpool  
yesterday for New Zealand. A  
condition is that the girls do not  
marry for at least 12 months after  
landing, and that they remain in  
domestic service during that pe-  
riod.

## N. Y. Americans Defeated Bruins

(Canadian Press)  
BOSTON, Nov. 27.—The New  
York Americans defeated the Bos-  
ton Bruins 4-3 in a fast, rough Na-  
tional Hockey League game here  
last night. Bill Boucher, who came  
from the Boston club last year,  
scored the winning goal against his  
former team-mates after 45 seconds  
of overtime play.

## Canadian Claims Will Be Settled

(Special to the Guardian)  
WASHINGTON, Nov. 26.—The  
sum of \$212,083.85 has been turned  
over by the British embassy here to  
the Canadian Minister, Hon. Vin-  
cent Massey, out of which will be  
paid the Canadian claims which  
were settled by the British and Am-  
erican arbitration tribunal, which  
recently concluded its sessions, it  
was disclosed today at the British  
embassy. Enquiries at the Cana-  
dian legation failed to elicit any  
definite information as to when the  
Canadian Minister would begin to  
make payment to the individuals  
who suffered through the seizure of  
vessels and other acts of the United  
States government at various times,  
including some cases involved in  
the war of 1812.

One of the cases in point is that  
of the seizures by United States  
naval authorities of the schooner  
Lord Nelson, prior to the British  
American war of 1812, claim for  
which was filed by Henry James  
Rethune, legal representative of  
James and Willard Crooks, owners  
of the ship.

According to word reaching  
Washington today the Feast, Ser-  
vants and Crooks families of Hamil-  
ton, Ont., and Baltimore, Mary-  
land, are to receive approximately  
\$25,000 in payment of the original  
claim of \$5,000 for the Lord Nelson,  
plus interest from 1812.

## A POLITICAL ARMISTICE IS INDICATED

### Long Enough to Per- mit New Cabinet to Pass Budget. Peo- ple's Party Leader Upholds Succession.

BUCHAREST, Rumania, Nov. 26.  
—A political armistice to enable the  
cabinet which the late Ion Bratianu  
formed to put through its budget,  
was forecast today.

Vintila Bratianu who succeeded  
his brother as premier was named  
leader of the Liberal party ad in-  
terim by its executive committee.  
Former Premier Averescu, leader  
of the People's party, pledged the  
support of that party to the Liberal  
leader in upholding the succession  
act of January 4, 1926. The return  
of former Crown Prince Carol is pre-  
cluded by this act, which establish-  
ed a regency for the six-year-old  
King Michael, thus settling the dy-  
nastic question. Against the re-open-  
ing of this question the late pre-  
mier had battled until his death.  
It is believed that Dr. Julio Man-  
nion, leader of the National Peasants  
party, which had espoused the  
cause of Carol, will be willing to al-  
low the present government to act  
until January so that it may dis-  
pose of the budget and other urgent  
business. Publicly, he has demanded  
dissolution of Parliament and new  
elections. Tranquilly remains un-  
disturbed everywhere.

once more is in the London market

£7,000,000 (\$35,000,000) five per cent

## Facts About The Royal Winter Fair

(Special to the Guardian)  
TORONTO, Ont., Nov. 26.—The  
crowning achievement of the Royal  
Winter Fair was attained this year  
by bringing together in a national  
agricultural show, the interests  
of all the provinces of Canada.  
The fair also drew one of the largest  
crowds in its history. Satur-  
day's attendance being the best ever  
recorded.

Exhibits both in number and na-  
ture far exceeded anything ever at-  
tained before. Entries were heavier  
in every class of live stock with  
the exception of beef cattle. The  
show was one of the best ever seen  
in North America. The poultry  
exhibit was one of the largest ever  
held here, 8,000 birds being shown.  
The canary and rabbit shows con-  
stituted a record, and the national  
kennel dog show was also decidedly  
successful.

Another feature was the largest  
showing of foxes ever made at any  
fair, the fruit show brought to-  
gether entries from the far west and  
east of Canada with Ontario pro-  
duction, and the same applies to the  
showing of grains and seeds. A  
record entry list featured the horse  
show, with more American exhibi-  
tors than ever before. Cattle sales  
on the final day created a record  
for prices, the best animal selling  
for \$1.65 on the hoof and the run-  
ners up going at nearly as high a  
figure. Every province in the Do-  
minion from B. C. to P. E. I. par-  
ticipated as exhibitors at this year's  
show, which shows its truly na-  
tional character, and the truly re-  
markable recovery of Canadian  
Agriculture from the aftermath of  
the great war.

## Efforts To Locate Him Futile

State authorities and police have  
attempted to find some trace of the  
Chief Executive for several weeks.  
Their efforts have been futile. The  
Governor's family admits threats and  
worries connected with the Sacco-  
Vanzetti case, but neither the fam-  
ily nor the Governor's secretary have  
been able to answer the court  
demands for information.

The local press has featured the  
disappearance. Some publications  
with copyrighted accounts, others  
with polite demands, and all along  
the line apprehension prevails. Big  
business and legislative leaders are  
in a quandary.

Rumors circulated this afternoon,  
that the Governor, with his mother  
and personal physician and a body-  
guard are "somewhere in Europe"  
cannot be confirmed, though inves-  
tigators, who have been working on  
the case for a score of days are  
using every known resource to sec-  
ure some trace or hint as to even  
where the Governor may be or even  
the cause for his sudden and mys-  
terious disappearance.

further remands were probable in  
this case, until the Provincial Pol-  
ice completed their investigation.

## Thornton Leaves For Vera Cruz

(Special to the Guardian)  
MEXICO CITY, Nov. 26.—Sir  
Henry Thornton, president of the  
Canadian National Railways, here  
for the purpose of reorganizing  
Mexico's railways, leaves tomorrow  
for Vera Cruz, to study the possible  
development of communication  
there. He is especially interested  
in the extension of Canadian trade  
down the east coast of Mexico.

## Pound Sterling Touches New High Level

(Special to the Guardian)  
NEW YORK, N. Y., Nov. 26.—  
The pound sterling today scored the  
largest advance of any this year  
and mounted up as high as \$4.88  
against the dollar, in the minds of  
exchange dealers that the British  
unit was bound for the gold point  
and would bring about the shipment  
of some precious metal to London.  
Today's record level of \$4.88, the  
highest since the scarcity days of  
1914, was reached on 11½ cents above  
parity and only a half cent below  
the point at which it is figured gold  
would move to London. Steamship  
companies in the trans-Atlantic  
trade are expected to fix a rate on  
gold cargoes, which will mean the  
virtual establishment of \$4.88 as  
the gold shipping point. The new  
rate probably will be promulgated  
as soon as sterling reached that  
level. The volume of business to-  
day was considerable, since both  
commercial houses and speculators  
bought with the idea that they  
might have to pay more if they  
waited a few days longer. This  
"stamp" to buy, so to speak, was  
the cause of the unusual advance of  
3½ cent in a single session.

## Right To Seize Vessel Admitted

(Special to the Guardian)  
TORONTO, Ont., Nov. 25.—If  
the American yacht Vidor has been  
successful in all attempts to seize  
her in Canadian waters, the Cana-  
dian National Railway have the  
right to make application to the  
American admiralty courts and  
have the vessel seized immediately  
she enters an American port ac-  
cording to views expressed by Tor-  
onto lawyers familiar with Maritime  
law. Subsequent proceedings how-  
ever, to obtain reparation for the  
damage to the Quebec bridge which  
have to be carried on under Ameri-  
can procedure.

The exchequer court of Canada,  
which has jurisdiction over admir-  
alty cases, exercised the powers  
conferred by the colonial courts and  
admiralty act of the imperial gov-  
ernment and by which a process is-  
sued in the exchequer court would  
be sufficient to empower the seizure  
of a foreign ship which has injured  
British property, providing the ship  
is found within three miles of the  
coasts of Canada.

Had the Vidor been seized in  
Canadian waters the owners would  
then have had to submit to the ruling  
of the Canadian court.

## Ontario Party Invited To Cleveland

(Special to the Guardian)  
TORONTO, Ont., Nov. 26.—As  
the result of an invitation by the  
Chamber of Commerce and the  
city of Cleveland, the Cleveland  
Canadian Campfire Club of Cleve-  
land, more than thirty representa-  
tives of the province of Ontario  
principally from Toronto and Ham-  
ilton, will be entertained at Cleve-  
land on November 28th. On this oc-  
casion, it is understood, the On-  
tario government will present to  
the Cleveland organizations mount-  
ed deerheads.

The party will include Hon.  
Charles McCrea, Minister of Mines,  
Hon. William Finlayson, Minister  
of Lands and Forests, and Brig. Gen.  
John A. Gunt, C.M.G., D.S.O. In  
the course of the excursion Gen.  
Gunt will place a wreath at the  
Cleveland cross of glory, and the  
party will be escorted by three pip-  
ers from the Toronto Scottish regi-  
ment. The United States depart-  
ment of aviation has, it was learn-  
ed, placed three aeroplanes at the  
disposal of the entertainers, so  
every indication points to a very  
busy day for the visitors.

## Nfld. Schooner A Total Wreck

HALIFAX, N. S., Nov. 27.—Ad-  
vices reaching here today stated  
that the Newfoundland Schooner  
Admiral Drake, 381 tons gross, had  
become a total wreck on Scaterie  
Island off the Cape Breton coast last  
night. The crew was taken off and  
sheltered on the Island but up till  
tonight had not been able to reach  
the mainland owing to heavy seas.  
The Schooner was owned in St.  
Johns by A. S. Rendell & Company  
and it is not known to what port  
she was bound when the disaster

## Border-Crossing Issue Is Under Consideration

(Special to the Guardian)  
WASHINGTON, Nov. 26.—The  
Canadian border crossing issue,  
which aroused considerable protest  
by the American federation of labor  
in Detroit last spring, and was the  
subject of diplomacy negotiations  
between Canada and the United  
States, is again under consideration  
by the departments of state and  
labor. Secretary of Labor Davis is  
studying the question of how many  
Canadian residents will be affected  
on December 1st if general order  
No. 86 prohibiting non-naturalized  
Canadians from crossing the border  
daily for work in the U. S. A. goes  
into effect on that date, as now  
scheduled. State department offi-  
cials said that Davis believed the  
number affected will be fewer than  
1,000. The question is understood  
to have two possible solutions:  
either the continuation of the per-  
mit during which non-naturalized  
residents may secure Canadian  
visas under the American quota, or  
the increase of the Canadian quota  
in order to permit these not able to  
secure visas to meet them within  
the next few months.
