Visiting the City recently was Father P. W. McQuaid. To many of the younger athletes here this will mean little or nothing but to the older men it will recall memories of "Paddy", as he was known when he was performing with S. D. U. football, baseball and hockey squads, and also consistently winning hammer and shot-put events.

♦ ♦ ♦ ♦

He was always considered a smart, clean type of player and incidentally a mighty good one, and to the old time athletes it was a pleasure to meet him once more. Father McQuaid still retains as keen an interest as ever in sports and although out of the active branch of it now his figure is a familiar one at events that are held in the proximity of his parish at Ledue, Alberta.

♦ ♦ ♦ ♦

Once the cradle of hockey and the happy hunting ground for puck talent, Ottawa is now trading in reverse, importing instead of exporting. With about 80 players trying for places on the Ottawa Senators and Hull Volants, only about 10 from the Ottawa area will catch positions, with the other places occupied by products of Western Canada.

♦ ♦ ♦ ♦

Players from the Prairie Provinces are in the majority in professional hockey, but there was a time when Ottawa was represented in almost every team of any account in Canada, across the border and in Europe. One season Ottawa had 26 regulars in the N.H.L. Now Ottawa only has Bill Cowley, with Boston Bruins, and Syd Howe with Detroit, in major league hockey.

♦ ♦ ♦ ♦

Tommy Gorman, general manager of Montreal Canadiens, of the N.H.L., was in a reminiscent mood the other day when he declared Frank Nighbor was the greatest centre-ice player of all time. He listed the late Frank McGee as an all-time great, Alf Smith as the all-time best right-winger, and Harry Westwick as the all-time tops as a rover in hockey.

♦ ♦ ♦ ♦

Gorman also declared that Maurice "Rocket" Richard, of Canadiens, is the greatest hockey player over the blue line the game has ever produced.

♦ ♦ ♦ ♦

We couldn't argue with Gorman on Richard, nor would we object to his choice of Nighbor as the all-time greatest centre, but we would like to suggest, says the Hamilton Spectator, that for one season, at least, Billy Burch, former Hamilton centre, was mighty close to being the tops.

♦ ♦ ♦ ♦

That was in Hamilton's last season in the N.H.L. when the entire club was sold to New York Americoans—1924-25, we believe.

♦ ♦ ♦ ♦

If memory serves correctly, and we think it does, Burch did a mighty fine job of outplaying every centre in the league that season, and he was one of the main reasons why the yellow-and-black led a league that contained some high-class outfits.

♦ ♦ ♦ ♦

Although Toronto Leafs have been been in training for a few days only, Connie Smythe is apparently without any doubts about his regular line-up.

♦ ♦ ♦ ♦

Smythe plans to carry 18 players, one goaler, five defencemen and 12 forwards. He is converting Bodnar and Kennedy into right-wingers, and will use Syl Apps at centre. He is selecting his squad from 40 players now trying out, but the definite selection will not be made until after several exhibition games have been played.

♦ ♦ ♦ ♦

Bill Reay unwittingly has become the problem child of Montreal Canadiens. Reay, former playing coach of Quebec Aces in the Quebec Senior League, was set to play for Canadiens after toying with the idea of remaining in Quebec. But there's a joker:

♦ ♦ ♦ ♦

Reay was obtained by Montreal from Detroit Red Wings in a deal for Ray Getliffe. After the deal was closed Getliffe decided to quit hockey for a business position, and Red Wings are reluctant to give up Reay without a suitable replacement. Meantime Canadiens say Billy is a vital cog in their 1945-1946 plans.

Sport Briefs

BUFFALO, N.Y., Oct. 22 — (CP) — Art Chapman, manager of Buffalo Bisons of the American Hockey League, today announced purchase of Wilf Field, 190-pound defenceman, from Montreal Canadiens. Field will join the Bisons here tomorrow.

LONDON, Oct. 22 — (Reuters)— London beat Northern Ireland five bouts to three in the first post-war amateur boxing tournament at the Royal Albert Hall tonight.

(By The Associated Press)

NEW YORK, Oct. 22—Ellis Phillips, a comparatively unknown lightweight from Germantown, Pa., scored a stunning upset tonight by knocking out the highly-touted Gus (Pel) Mell of Montreal in the third round of the feature 10-round bout at the St. Nicholas Arena here.

SPORTING NEWS

Supervised Outdoor Rinks For City "Kids" Are Being Planned

Formation of five outdoor rinks, on sites throughout the city, were practically decided upon last night at a meeting called by the Island's Director of Physical Fitness, Lt.-Col. Reid. The rinks in question will cater to children from 6 to 15 years.

Presided over by "Bill" the meeting, held in the Y.M.C.A. building on Prince Street was attended by representatives of five service clubs, together with other interested parties and proved to be a gathering in which one and all were heartily in accord with the various subjects brought up.

As Director of Physical Fitness for the Island, which is a nation-wide project, Col. Reid explained to the meeting why it had been called and in a few brief remarks outlined the various matters that had been gone into since his appointment, matters that pertained to meetings he had attended at various points outside the City and the obtaining of various athletic equipment.

"It is something that is going "big guns" all over Canada, the chairman explained and he was of the opinion there was no reason in the world why Prince Edward Island, with support from all interested should not be able to furnish a program comparable to any in the other Provinces.

Adding further the chairman explained that last night's meeting was only the beginning of a series of meetings that are to be held in the various centres throughout the Island in order to develop sports in all its branches.

Men representing the Service Clubs were quick to stamp their seal of approval on the matter of the outdoor rinks and it was the consensus of opinion of the gathering that the matter should be followed up immediately. The City officials have guaranteed any necessary grading together with the flooding of the rinks, and it was felt that any other necessary work would be looked after by parties interested in the welfare of the "youngsters".

The matter of the formation of a Junior Hockey league also was discussed but this was left over until the second meeting of the group, which is to be held on next Monday evening.

And in connection with this next meeting it is expected that more service club representatives together with all interested citizens will be present and in addition reports will be forthcoming from those present last night.

Included in those attending last night were Messrs. J. McConnell, representing Rotary, R.A. McDonald and Walter Lawlor, Knights of Columbus, Don Grant, Canadian Legion, W. Gaudet, Kinsmen, Mr. McLeod, Y's Men and in addition, Sammy Doyle, Johnny Square, briggs, and Prof. Gordon Bennett, men who have been very much interested in sport affairs for the past good many years.

Remember When

By The Canadian Press

The Pacific Coast Hockey League with Frank Patrick at the helm, adopted six-man hockey at its annual meeting in Vancouver 23 years ago today. Patrick, now out of the hockey picture, later was an N. H. L. official and general manager of hte Montreal Canadiens. He is a brother of Lester Patrick of the New York Rangers.

Apps Fits Back Into Leafs' Line

(By The Canadian Press)

OWEN SOUND, Ont., Oct 22—With Sylvanus Apps fitting neatly back into his old centre-ice berth, Toronto Maple Leafs whirled through final practices today before tomorrow night's exhibition game that will virtually close their training camp program here.

Apps, working on a line with Nick and Don Metz, showed flashes of the rushing style that kept him at the top of the National Hockey League stars for years until enlistment in the army. Ten training days behind the others, however, he appeared to tire fairly easily in first workouts.

Goaler Frank McCool was missing from the workout following discovery that he suffered a fractured rib in practice last Tuesday. He is expected to be back in the nets when Leafs divide up for an exhibition game setting "blues" against "whites" tomorrow night.

Aldege (Baz) Bastien, perennial candidate for netminder, went well in McCool's absence, several times robbing Gaye Stewart from close in. Bob Davidson was one of the best men on the ice in the workouts.

Durnan And Blake Sign With Canadiens

MONTREAL, Oct. 22 — (CP) — Officials of the Montreal Canadiens hockey club announced tonight that Bill Durnan, Vezina trophy goaltender, and Toe Blake, captain of the team, had signed contracts for the National Hockey League season which will open here Saturday.

With the announcement that Durnan had been signed, came another that Legs Fraser, whom the Habitants had hoped to keep as an understudy for Durnan, had accepted a civil service job in Ottawa and would play for the Senators of the Quebec Senior League. Fraser will remain on call for the Canadiens.

Leo Gravelle, Floyd Curry and Howard Riopelle, Montreal's Kid line, will serve this season with the Montreal Royals in the Q.S.H.L. and will start their campaign in that league Sunday. This line, like Fraser, will remain on call.

REBUILD LONDON CHURCH

LONDON —(CP) — St. Mark's Church in Greenwich was destroyed by a V-2 and younger members of the congregation decided to rebuild it. The new church is expected to be opened in December.

Try Ostrex Tonic Tablets for restored health, vim, vitality; better nerves, prettier, younger looks, this very day. For sale at all drug stores everywhere.

Fall Convention Of East Prince Teachers Held

The annual fall convention of the East Prince Teachers was held yesterday in the Summerside High School auditorium with the president, Mr. Davis Lidstone, presiding. The president in his address stressed the idea that teachers should attempt to lead the youth away from ideas of selfish nationalism and inculcate in them a spirit of tolerance.

Lt.-Col. W.W. Reid, D.S.O, director of physical fitness for the Province gave a talk on the work of his department. He spoke of the organization of a committee to further this program here and explained that grants will be available for suitable recreational centres as well as for training capable and talented leaders to supervise and assist in the work.

Mr. L.W. Shaw, director of education, dwelt on the difficulty of measuring a child's achievement in school and expressed the belief that the teacher of the child should have a say in his promotion from one grade to another. He cautioned the teachers against the evil of allowing a pupil to skip grades.

Mr. Douglas Lusty, director of school broadcasts for the C.B.C., told of the broadcasts now covering the Maritimes and urged the installation of radios in all schools.

Other speakers were Miss Estelle Bowness, president of the P.E.I. Teachers' Federation; Mr. C. B. Jelly, inspector of schools; and Miss Sophie Newson, director of Junior Red Cross. The banner of proficiency in Junior Red Cross work was presented to Miss Mamie Mill, teacher of the primary grades in Freetown school.

The election of officers resulted as follows: President Miss Adelaide Glover; vice president, Mr. J.R. Murphy; secretary, Miss Inez Phillips.

Representatives on the board of governors of the P.E.I. Teachers' Federation: Miss Inez Phillips, Mr. K.R. Murphy, Mr. Norman MacDoiald, Mr. Davis Lidstone, Miss Estelle Bowness.

Mr. Ralph Jenkins Writes Interesting Letter From Germany

An interesting letter has been received by Mr. Harry A. MacDougald, city, from Mr. Ralph Jenkins, of the Jenkins Pharmacy, who is now on active service in Wilhelmshaven, Germany, with the R. C. A.F. Mr.. Jenkins writes in part:

"I have just returned from nine days leave in the United Kingdom, four days of which I spent in Scotland. As you have probably seen it there is no need for me to tell you it's charm. I was very much taken with it. It reminded me a great deal of Cape Breton and Pictou County, N.S., but it still has its own definite characteristics. Had a trip around Loch Lomond, and they had a rainbow that day on Ben Lomond. I don't know whether that is a regular thing or just an added attraction for tourists, but it certainly was a perfect setting for it. I spent three days in Edinburgh where I only intended to spend one so that speaks for itself.

"Have seen considerable of ruined Germany, particularly the northern part and it really is a terrible mess. I thought that where I am and cities such as Hamburg and Bremen were bombed, but the southern cities which I have visited such as Munster and Osnabruck are even worse. There is such a contrast with the peaceful and well cultivated countryside that one seems to be entering a different world when passing through the cities and towns.

Miles of Rubble

"Neither pictures nor words can convey the full impression that the impact of miles of streets of rubble where once stood homes and stately buildings can have on one. They have paid a heavy price for their venture and will pay for many years to come, and it is to be hoped, yes and prayed, that they and others also will be restrained from bringing this misery and destruction on us again.

"I have had a visit to Holland also and admired their neat well-to-do country very much. Like P. E.I. it doesn't take long to cover Holland. They are tackling their problems with courage, determination and cheerfulness and I think that they will stand on their own feet without crying for much help from outside.

"They are very friendly towards Canadians as the Canadian Army liberated them but they must be getting a bit fed up with so many Canadians by now. One can overstay their welcome but I am sure that most will go home with their pleasantest recollections from that little country...

"The CSM and CQMS here have both been admiring my braces which I am quite sure that I purchased from you and in a moment of weakness, denying forever the small strain of Scots blood in me, I promised to send them each a pair. They are an all leather affair about half an inch wide with elastic in the back cord. I'm afraid that is all the description that I can give but anything near that will be quite satisfactory as it is the elastic which they chiefly want, such not being obtainable in England."

Mr. Jenkins concludes by stating that he does not expect to be travelling this way "for some time yet, probably next summer."

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at five cents a word, strictly payable in advance.

FUNERAL YESTERDAY — The funeral of the late Gordon J. Sentner, Loyalist, was held yesterday afternoon from his late residence. Service was conducted by Rev. J.R. Skinner, assisted by Rev. A.E. Todd, and Mr. Donald Nicholson. Pallbearers were, Preston Sentner, Lorne Sentner, Gordon McLeod, Lone Coles, Murdoch McSwain, and Dan Farish. Interment in Prince-town cemetery.

FARM TRUCK AUCTION — Fifty-seven 1,500 cwt. army trucks and two field artillery tractors are being unloaded in preparation for the auction sale next Saturday at the Charlottetown airport by the War Assets Corporation. Details of the sale, which is being sponsored by the Canadian Federation of Agriculture, will appear later in the press. All applicants for trucks must be vouched for by an official of the Department of Agriculture or by a secretary of a rural school. In case there are more applicants than trucks, lots will be drawn. There is a ceiling price on the trucks, and the first sale figure sets the price. The sale is being conducted by Mr. V.B. Hopper, Truro, of the War Assets Corporation.

LEAVING FOR HALIFAX—Flt.-Lt. (Dr.) R. H. Kennedy, medical officer in charge R.C.A.F. Hospital, Charlottetown, is leaving today for Halifax where he will be honourably discharged from the service. Flt.-Lt. Kennedy, who was M.O. in charge at the R.C.A.F. hospital, Charlottetown, for the past 18 months, entered the R.C.A.F. as medical officer five years ago. He served as chief medical examiner for the R.C.A.F. recruiting centres at Moncton, Halifax, and Charlottetown, and was for several months in charge of the R.C.A.F. hospital at Chatham, Ont. While on detached duty at Lachine, P.Q., Flt.-Lt. Kennedy spent two months and a half in St. Mary's Hospital, Montreal, where he did post graduate work in obstetrics and gynecology. He expects to open a medical practice in Charlottetown during the early part of November.

GOVERNOR'S SON ARRIVES HOME—Cfn. Walter Bernard, R. C.A.F., son of Lieut.-Governor and Mrs. J. A. Bernard, arrived home yesterday evening from overseas. He enlisted at Moncton, N.B, in September, 1942, and served in Toronto, St. Thomas, and Claresholm, Alta. He went overseas in March, 1944, and was posted to Bournemouth, England, with the Pathfinder Squadron as a technical expert. There he serviced both English and Canadian Lancaster bombers. He made one flight over Holland before VE-Day when his squadron dropped parcels of food to hard pressed Canadian troops. Though his squadron flew back to Canada on July 20th of this year, Cfn. Bernard remained in England until embarking on the Ile de France on Oct. 12. Cfn. Bernard was greatly impressed with the heartiness of the welcome given him and the other returning Islanders by the Citizens' Reception Committee upon their arrival at Borden.

S.S. CONVENTION — At a Sunday School Convention of Hazelbrook, and the neighbouring districts of Alexandria, Cross Roads, Pownal, Mount Herbert and Birch Hills held in the Hazelbrook Baptist Church Miss Lois Tupper, leader in Sunday School work, presided at the Convention. At the evening session, Miss Annie Watson of the Charlottetown W.C.T.U., was present, and gave a most interesting talk on temperance education by means of posters. She showed the posters which had been made by the children of Prince Street School in the recent contest. Much interest was aroused in this form of education; the delegates gathered round to see the work and to ask questions, and some of the posters were taken to be shown in other Sunday Schools Rev. Mr. Stackhouse, pastor of the Hazelbrook Church, warmly commended this work in temperance education, and advocated its use in the schools. Mr. Stackhouse was supported by Rev. Mr. MacVicar, who gave encouraging remarks on the value of temperance education.

City Express Office Exceeds Its Objective

The Canadian National Express achieved an all time record in speedy delivery to destination when the local manager Marcus Calder announced that the Charlottetown office alone had not only reached its own objective, but had actually exceeded by 24 per cent the whole Prince Edward Island Division's quota in the 9th Victory Loan on the very first day. Good work.

$350,000 Loss In N. B. Fire

SAINT JOHN, N.B., Oct. 22 — (CP) — Damage from fire which destroyed the plant of Wilson Boxes, Ltd., at nearby Fairville, today was estimated at $350,000 tonight by the company president, Fred L. Roderick. The previous estimate was $250,000.

He said plans for rebuilding depended entirely on the federal administrator of construction.

Preliminary Hearing Is Continued

Further evidence in the preliminary hearing of Stanley Gordon Pursey, charged with manslaughter in connection with the death of Lawson Crosby on August 12, was heard yesterday afternoon before Stipendiary Magistrate George J. Tweedy. The evidence of three witnesses, Wesley Russell, Cst. L. Strong, R.C.M.P., and R.C.M.P. Constable William S. Roome, was heard and the Court then adjourned until 2:30 p.m. today. G. R. Holmes appeared for the Crown; J. B. Johnson for the accused.

Wesley Russell, City, said he went out with Stanley and Allan Pursey to deliver a load of furniture in Rustico and that coming back he fell asleep and did not remember anything. Witness had had some beer—possibly six bottles—to drink in the evening, before going to Rustico. On the way in from Rustico he felt no jar or impact at any time. Witness did not know whether or not Allan Pursey went to sleep before he did. Witness did not think Allan was sober. He had seen no empty bottles in rear of truck nor in any other part of it. He had heard Stanley Pursey say he had lost his wallet on the road. Stanley Pursey was driving between 20 and 25 miles an hour, witness said. Witness had fallen asleep near Oyster Bed Bridge on way in to Charlottetown and had not awakened till arrival in City. Stanley Pursey was sober.

Cst. Strong said Cst. Warner was with him while witness was taking photographs at the scene of the tragedy. One photograph showed pieces on left rear end of Stanley Pursey's truck. Another showed stake in left rear of body of truck to be out of alignment. A third photograph showed glass on east side of pavement south of a telephone pole near Spencer car. Witness said the Pursey truck had no muffler and that the box of truck was loose.

Cst. Roome said he saw Stanley Pursey early Saturday evening, August 11. Two other men in cab of truck with him. Witness was not talking to them. Witness and Cst. Warner left Towers restaurant about 12:15 Sunday morning. They saw a car coming at an excessive rate of speed. They stopped car and learned a badly hurt man was in the car. Cst. Warner got in the car which was taking the injured man to the hospital. The witness gave several measurements showing position of Spencer car on the road at the time the Pursey truck is alleged to have hit Crosby. There were blood spots, witness said, near centre of highway almost directly behind Spencer car. Approximately 29 feet to the rear of Spencer car and a little to the left of the rear left wheel, witness found particles of vegetable matter which in his opinion was grapefruit. Also part of a label. Visibility on night of Aug. 11 was good. There were particles of grapefruit, witness said, on both the Spencer car and the Pursey truck. Witness found empty beer bottles in back of truck. He saw the accused at the Queen's County jail Sunday afternoon and obtained a statement from him. (Admittance of statement as evidence was not objected to by J. B. Johnston, counsel for the accused). Witness said accused appeared worried and disturbed. Accused was given statutory warning before being questioned by witness.

Cross-examined by Mr. Johnson, witness said grapefruit found on Pursey truck similar to that found on Spencer car. Witness did not see Sgt. McGuire hit accused in the face. Witness admitted accused had complained to him at the jail Sunday afternoon that Sgt. McGuire had struck him at the R.C.M.P. barracks that morning while questioning him. Witness said as a result of investigation he conducted, he could not substantiate accused's claim that he had lost his wallet.

VICTORY LOAN—

(Continued from Page 1)

to finish their training in various professions and trades; others needed help in being fitted to go on farms and in other industries. Gratuities had to be paid them; in too many cases there were hospital treatments and other medical attention for many, and it all cost a lot of money, the Lieut.-Governor said. But the credit of the Dominion was good, and the more money contributed in the present campaign, the better was the chance to keep inflation down and maintain a high rate of employment, he added.

Tendered Ovation

Sgt. MacGillivray, who received a tremendous ovation as he rose to speak, was impressive in his brevity. "Your soldiers fought a tough war. They fought a long time and they fought well. I know something about it for I was there myself and I can tell you war is not a nice thing. Back them up by buying bonds and help them out every way you can. Thank you."

Mr. George P. Findlen congratulated the people of the Province in the privilege they had of contributing to another Victory Loan. He reminded his hearers that the American Government was also launching another loan campaign which was starting at the same time as Canada's. Both, he said, were for the worthiest of causes, that of supplying the means for the rehabilitation of the returned men and women. He was sure Prince Edward Island would once again go over the top in the campaign.

Official Opening

The official opening of the Ninth Victory Loan in Charlottetown was held at the "Welcome" arch, corner of Grafton and Queen Streets. Mr. E. W. McKinnon presided and introduced the speakers who included the Lieut.-Governor, Premier Jones, Sgt. MacGillivray, and Hon. Dr. W. J. P. MacMillan.

Sgt. MacGillivray was once again impressive in his brevity and restraint. As a doer rather than a talker, his words carried conviction as he modestly stated that he knew something of the horrors of war and that Canada's fighting men deserved the best a grateful country could give them. He received louder and more sustained greetings of welcome from the large crowd gathered about the arch than any guest at any previous official Loan opening.

Lieut.-Governor Bernard delivered an eloquent address in which he enumerated the many benefits which would accrue to the people of the Province by their wholehearted support of the Ninth Victory Loan. There would not be another Loan campaign for at least another year, he said, and this fact meant the buyers of bonds would have a longer time in which to complete their payments. It is true the war is over, he said, but if the Canadian people stopped now, hundreds of thousands of Canada's gallant men and women would be left without that financial backing which they so richly deserved.

Premier Jones

Premier Jones said that though this was the biggest Victory Loan Canada had ever asked its people to underwrite, every dollar of it was needed if prosperity and the economic security of the returned men and women were to be guaranteed. Three-quarters of a billion dollars, the Premier said, would be needed by the Dominion Government to pay gratuities, hospitalization, vocational training, and for the setting up of hundreds of them on farms and for the building of homes for thousands of others. Part of the Loan would go to giving credit to European countries so that they could buy Canada's produce and thus maintain employment and economic security for the Canadian people, the Premier concluded.

Dr. MacMillan said he was a hundred per cent behind the campaign. There never was a more deserving cause. The young Canadian men and women who risked their lives and, in thousands of cases, lost them in order that Canada could continue her way of life, deserved nothing but the best. Nothing was too great to do for them. Without them and their like throughout the democracies, the forces of tyranny would have triumphed and the Canadian people would today be the slaves of those arrogant and freedom-hating nations who were stopped in their tracks by Canadian valor. The job of restoring the world to peace and security was only half accomplished, Dr. MacMillan said. To let down now meant that the victory for which gallant Canadian men and women had suffered and died would be lost at home. "Our boys," he said, "must be shown they have not fought in vain. They must be shown you are behind them with every dollar at your disposal. You cannot lose. It is the safest investment in the world and it will bring you returns not only in money but in a satisfaction and a feeling of well-being, because you have seen to it those great fighting men shall be established in the ways of peace and economic security."

Plaque Unveiled

An impressive feature of the ceremonies at the arch was the unveiling by Sgt. Charles MacGillivary of the plaque carrying the pledge of the Province to go over the top in the ninth Victory Loan.

An interesting innovation in the device used to register the progress of the Loan campaign, is the facsimile, affixed to the top of the arch, of service ribbons awarded to the men and women of the Navy, Army and Air Force. There are 13 ribbons upon each of which figures are painted. The first ribbon carries the amount, $132,000, and the amount goes on an ascending scale on each ribbon until the last which carries the figures, $1,175,000. The latter figure represents the objective for the City of Charlottetown.

FOXMEN:

Here are facts to ponder when deciding on your Fall Feed. At the last three Live Fox Shows held on Prince Edward Island 1350 foxes, the cream of the Island were exhibited. Out of 147 1st prizes awarded, 73 were exclusively SUNGLO fed, and 42 part SUNGLO fed foxes, or 115 out of 147 1st prize foxes received SUNGLO fox feeds. Out of 483 top placings ranging from 1st to 5th placing, 225 foxes were EXCLUSIVELY SUNGLO FED. 145 more were partly SUNGLO fed or 370 out of 483 Top Placing winners were part or all SUNGLO feeds, as their commercial feed diet. Out of 96 Champions, Reserve Champions, Grand and Reserve Grand Champions 49 were EXCLUSIVELY SUNGLO FED, with 19 more part SUNGLO fed, thus SUNGLO feeds in competition with all other fox feeds combined produced over 50 per cent of Top Placings and Top Awards at the last three Live Fox Shows on Prince Edward Island.
