WANTED—A assistant cook at Hotel Acadia. TO LET—A large room in Wrigley's Hall suitable for lodge room, etc. Apply to J. A. Lawson, P. O.

BAPTIST ASSOCIATION Acadia Forward Movement—\$1022 Raised.

SATURDAY NIGHT'S MEETING

Visitors at the Baptist Association formerly reported are Prof E W Sawyer of Acadia College, Rev A Coboon, Secretary-Treasurer of the Home Mission Board, Mrs Coboon, Rev J W Manning, Sec'y-treasurer of the Foreign Mission Board, Rev S McBlack, D.D., Editor Messenger and Visitor, and Malcolm McLean, B. A., of Rochester Theological Seminary.

The order of the morning's business was the reading of the digest of letters from the churches by pastor Spurr. The churches seem to be hopeful and encouraged. Five new men have come into the fields as permanent workers and two missionary students. Several of the churches have improved their property. One new church, St. Peter's, received the hand of fellowship from the Moderator. Twenty-seven churches, covered by 13 fields, reported. Forty-one baptisms were reported. A great need of weekly service on the fields is felt, instead of fortnightly and monthly as is the case with most of the churches.

THE AFTERNOON SESSION.

The report on denominational literature was presented by pastor Price. It defined such literature as that which is loyal to New Testament truth. All literature fostering error should be avoided. The production and not the author should guide us in our selections. The publications of the American Baptist Publication Society, the Messenger and Visitor and the Baptist Union were specified as belonging to the undoubted class. The Baptist Book Room of Halifax was represented in its manager, Geo McDonald. He spoke in the interest of his work. All classes of wholesome literature are carried by the book-room. The book-room makes a specialty of Sunday School libraries.

Dr Black, editor Messenger in speaking of the report said:—All good literature, including the books of Euclid, he liked to think of as Baptist literature. The hearty reception given him and his work as editor, was very helpful to him. The paper seeks to serve the body. As editor he regarded his work as an assistance to each pastor. The body cannot prosper without the organ of the body. The families of the denomination are not as generally availing themselves of the good of the paper as they should. There is yet room for the enlargement of its subscription list. Its managers are not using it as a mercantile enterprise, but as a servant of the body for the purpose of unifying the interests of the constituency.

Deacon John Welsh regarded good literature as the required bilast for our young people. The denominational paper is a positive necessity in the home, in order to have an intelligent understanding of the work of the body. Pastor Brow as a former journalist spoke of the paper as an admirable piece of journalism.

C W Jackson (lic) presented the report on systematic beneficence. Method should be employed. Voluntary contribution at stated seasons, sermons and addresses on beneficence were recommended, and the cultivation of young peoples' societies. The report was spoken to by Deacon Howatt, Wm Scott, Arthur Simpson, Revs A Cahoon and E J Grant. The weekly offering system was strongly commended.

EVENING SERVICE.

The educational report was presented by Pastor Spurr. It set forth the work of the Educational schools at Wolfville with true loyalty: Prof Sawyer spoke of the work in its purpose, setting forth the facts pertaining to the physical, moral and religious training of the

institutions. Pastor Corey spoke of the possibility of the denominational college supplying the truest education. Pastor J A Gordon spoke on the Forward Movement. He spoke of the necessity of the institutions at Acadia as being the outcome not of any exclusive spirit on the part of the Baptists, but in the intolerant spirit of institutions patronized by our students. Intolerance and creed-imposed compels the body to create their own institution. Spirituality and intelligence are necessary to the being and growing of the Baptist body. Cut off the base of supply to intelligence and the body dies. The ratio of increase in the membership of the Baptists of the United States is in proportion to the ratio of interest in education. The sacrifice of the fathers of this work should stimulate this generation to the highest possible efforts to advance in this work. It is our history to be providentially pressed into the forward movement. To limit God in the present juncture is to cripple the work. Our institutions need enlargement because they are not dwarfs. Seventy five thousand dollars are needed Rockefeller has pledged \$15,000 on consideration that the Baptists of the maritime provinces raise \$60,000. \$40,000 have already been raised. \$20,000 more are needed by November. Pledges payable in four years are now being sought from every Baptist man, woman and child in the P. E. I. We are aiming for \$5,000,000 P. E. I.

The appeal was presented by Pastor Gordon and \$1,022 were pledged at once. Of this magnificent contribution Deacon John Nichol, of Annandale, gave \$400. The rest was in subscriptions from \$1 to \$50.

Sure, Safe, Easy to Use.

Diamond Dyes are the popular dyes in every home of the civilized world. They are reliable under all circumstances, giving the choicest, most brilliant and most lasting colors. Diamond Dyes are the safest to use in the home; no poisonous ingredients to irritate the hands are ever used in the composition of these famed dyes. Common package dyes are largely composed of dangerous materials. Diamond Dyes are so easy to use that a child can dye as successfully as a grown person. Beware of common and crude dyes sold for the sake of large profits. Insist upon having the Diamond Dyes and you will have happy results.

BIRTH.

At Bridgetown, N. S. on June 25th, to Mr and Mrs W D Lockett, a daughter.

MARRIED.

At the manse Cardigan, on July 1st by Rev A Gunn, Neil McDonald and Jessie Duff, both of Dundas.

At Needham, Mass., on the 23rd inst, by Rev. John A. Macelwain, Louis L. Holman, son of the late James L. Holman, Summerside and now on the staff of the Youth's Companion, to Miss Edna L. Bourne, daughter of Charles E. Bourne, Needham.

On the 29th ult, at the parsonage, Tryon, by the Rev Thomas Hicks, Bradford Webster, of Searleside, to Edna Dawson, daughter of Mr John Dawson, of Tryon.

At the residence of John Yeo, Esq., father of the bride, Lot 16, on June 29, by Rev Wm R Pepper, assisted by Rev Dr Wilson, of Zion Church, St John, N B, grand uncle of bride, Charles Monckly and Isabella S Yeo, both of Lot 16, P. E. I.

In Charlottetown, at the residence of L J Sentner, Esq, June 30, 1898, by the Rev O B Emery, Mr Charles Stewart Houston of South Rustico and Miss Carrie Stead, daughter of Robert Stead, Esq, of Wheatley River.

DIED.

On June 4th, at Maple Creek, Assa, N W T, aged 17 years, Ruth, beloved daughter of Rev S G and Alice Lawson. Her end was trust and peace.

Two Country Neighbor Girls.

Two country girls—Nellie and Mary—friends and neighbors, and both novices in the work of home dyeing, decided to dye their cream silk blouses that they wore last year a bright shade of Cardinal. Nellie, who had heard so much of the wonderful Diamond Dyes, bought a package of Fast Cardinal; and Mary, misled by an advertisement puffing up a poorly prepared dye, went to a dealer and bought a package of the color wanted. The girls did their dyeing work the same afternoon—both confident of success—and hung their blouses out in the air to dry. When dried, Nellie's blouse, dyed with the Diamond Dyes, was a picture of beauty, and filled her heart with delight and pride. Mary's blouse was so muddy, spotty and streaky that she was quite distracted and furious about her failure and loss. Moral: Avoid all poor and imitation dyes that ruin your goods and spoil your temper. The Diamond Dyes are the only reliable, and invariably give success.

MACKAY'S

OUR LEADERS ARE..

Ready Made Clothing, Tweeds, Hats and Caps, Gent's Furnishings, Staple Dry Goods—the largest variety and lowest prices ever shown by us. See these prices:—

CLOTHING

Mens Suits nice patterns good styles, at \$5.00, 6.00, 7.00 and 8.00 per suit. Boys Suits a large assortment selling at \$1.00, 1.50 and 2.00.

E. I. CANADA. OFFICE:—Victoria Row. Accommodations reserved for patients. Treatments on application.

SALE.....

To remove stoppers from glass bottles, decanters, etc.—Apply with a feather a little sweet oil to the stopper, as close to the neck as possible; then, after holding the neck in the steam from a boiling kettle for a few minutes, tap the stopper gently on either side with some light wooden article. The stopper may now be tried, and, if not loose, the process repeated. With a little patience this method cannot fail, as it is used successfuly in most chemical laboratories. Another method—Dip a piece of linen or cloth in hot water, and wrap it tightly round the neck of the bottle. In a few minutes the stopper will be loosened; if not, repeat the application. Spirits of Turpentine—This is one of the most valuable articles for family use. Its medicinal qualities are very numerous. For burns it is a good application, and gives immediate relief; for blisters on the hands it is of priceless value; for corns on the toes it is useful, and it is beneficial for rheumatism and sore throats.

HALIFAX, June 29.—Eight cents is a fair quotation for cheese in Halifax in wholesale lots, and as a rule the factories get less. In Ontario prices are advancing, and if it keeps on our cheese men are sure to reap an advantage. Regarding the English market, the public cheese cable has advanced 2s on the week, going up another 6d this morning to 36s 6d. a strong influence to this end being the high price paid in Canada. The private cables during the week have shown a steady improvement and increased demand, hence the jump in prices. The Trade Bulletin's cable from London says:—The cheese market here is quiet, but a much firmer feeling is reported in Liverpool, where prices have advanced 1s 6d to 2s per cwt and owing to higher cables from Montreal and New York, I look for higher prices here, the market is closing with a better tone. A large importer in this city, however, regards the movement as a speculative one. The cheese boards in the country yesterday felt the effect of the advance in cables, prices going up 3.16 to 4 of a cent. This brings cheese up to the 8c mark, and while buyers on the spot are still somewhat averse to conceding these figures, they are practically compelled to come to it. A lot of some 1,000 Ottawa Valley cheese was received yesterday and found ready sale at 7 1/2 to 7 3/4. There has been much complaint this season of selling cheese off the board, and the decision arrived at in Kingston to stick to the board sales is commended. The receipts were 10,632 boxes and of butter 4,441 packages.

We have added 35 feet to our store and in taking down the partition walls we have had lots of lime dust which could not be prevented from getting on some of the goods.
