### CHURCHES OF CHRIST IN CONVENTION

First Session of Annual Conference Held at Cross Roads Church Yesterday.

The Annual Convention of the Christian Churches of the Province began yesterday in the Cross Roads Church of Christ at 2.30 p.m., with a large audience present. The opening meeting was of distinctively business character with a brief address by Dr. R. F. Whiston, Island Evangelist, who spoke on the progress of Christianity from its beginning. He stated that a comparison of the map of Christ's day and of today was the answer to the statement that Christianity or Foreign Missions were failures, and that God's plans had never failed except where man failed. History, he said, had demonstrated Christianity in a great Christian consciousness that had uprooted the evils of slavery, narcotics, liquor, war and other evils.

The evening service was addressed by Mr. E. J. Chisholm in an address of welcome, the response by the President, Mr. C. Leonard Mackay, Charlottetown, and a sermon by Wm. Quigley, minister at New Glasgow, who took for his theme "The Great Tri-angel," man, brother and the spirit. He paid tribute to former ministers at the historic Cross Roads Church, among them being Donald Crawford, A. N. Simpson, Rufus Stevenson, Dr. Knox and others. The speaker said that many undertake their own powers, and that man, though imperfect because of sin, could attain perfection in Christ, that Christ had provided companionship for man, brothers and sisters together, and that Christ within was the constraining Spirit.

The services today will be three in number, beginning with the morning session at 9. This session will be addressed by Dr. Jesse Bader, International Secretary for Evangelism, and Dr. R. F. Whiston of Charlottetown. The speakers at 2 p.m. will be Malcolm Outhouse, Greenwood, Wilfred Outhouse, Charlottetown, and Hugh B. Kilgour of Toronto.

Mrs. Jesse Bader will speak at 4 p.m. at the Women's Session. The evening devotional at 7 will be led by Hugh Kilgour, the President. Mr. C. L. Mackay will give his annual address, and M. Waterworth of Montague, will preach the Convention sermon. Hayden Stewart of Winnipeg, National Youth Secretary, who conducted the devotional with unusual effect last night, will be one of the speakers on Sunday afternoon. The Sunday services will be addressed as follows: Dr. Jesse Bader of Indianapolis at 11 a.m., Mrs. Bader and Barry McLean at 2 p.m., and Hugh Kilgour at 7 p.m.

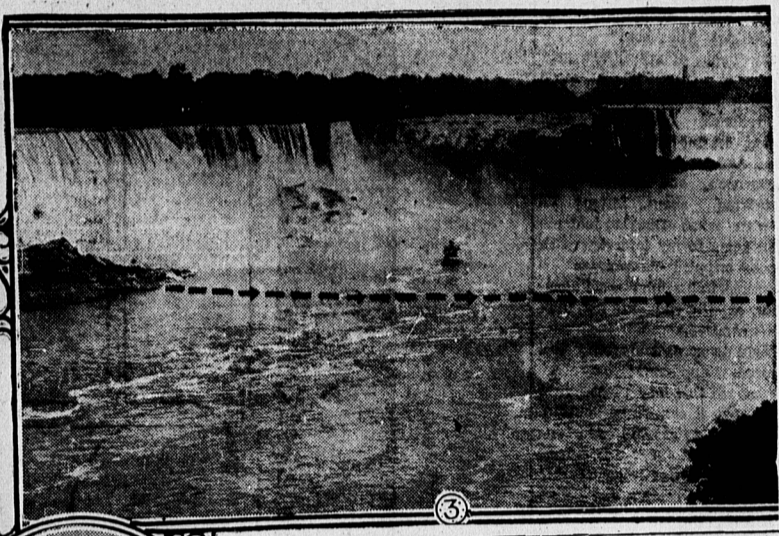

### Young Aviator Laid To Rest

MONTREAL, Que., Aug. 14—With six aeroplanes flying in formation overhead, the body of John C. Webster, widely known young Montreal sportsman and aviator, was borne today from a funeral chapel, where religious services were held, to the crematorium at Mount Royal Cemetery. The funeral service was impressive. Over seventy floral wreaths were banked about the coffin, while hundreds of leaders in the social, business and aviation life of Montreal were in attendance.

### Six Hour Day Is Advocated

TORONTO, Ont., Aug. 14—The six hour day, advocated as a solution of the present unemployment problem by William Green, President of the American Federation of Labor, is seen as the only hope for industry by local Labor officials. Reduction of working hours is regarded as the only means of ending the problem of over-production and labor-saving machinery devices which have left thousands without work, or compelled them to depend upon only a few days work yearly. "The only solution is to cut down the hours of labor and the number of working days," said Bernard Shone, General Manager of the Ladies' Garment Workers Union. Employed workmen in the garment industry were being placed on a shorter working basis in order to accommodate some of the unemployed, he said.

## SWIMMERS TAKE DARING CHANCE

OH, WELL, IT MAY BE EASIER THAN IT LOOKS! For sheer "cussedness," this one takes the cake. Mary M. Bell, aged 14, of Port Dalhousie, Ont., and Alfred Lever, 20, cabin boy on the Niagara river sightseeing steamer, Maid of the Mist, dove in off the rocks at the foot of the American falls and swam across the river to the Canadian bank. The two youthful tempters of fate are shown here, with their mate. They say it was quite safe, but thousands of folk who know the mighty whirlpool which begins a short distance below, kept their fingers crossed during the progress of the brief but thrilling adventure.

### Offer Is Rejected

WINNIPEG, Aug. 14—Offer of the Winnipeg Electric Co. to sell its street railway to the city for \$14,000,000 was rejected today by the special civic committee appointed to deal with the offer. It was recommended that negotiations be resumed to obtain a price based on cost, less depreciation and obsolescence.

### Infant's Nursery At Rideau

OTTAWA, Ont., Aug. 14—In a news page report of the birth of a son to Earl and Countess of Bessborough, the Journal states:—It is now sixteen years since there has been a nursery at Rideau Hall. In 1916 when the Duke of Devonshire came to Canada as Governor-General, his youngest child, Lady Anne Cavendish, was seven years of age. The beautiful nursery and playroom was fitted up for the little girl. It is understood that plans are now under way for an infant's nursery to be installed at Rideau Hall, adjoining Her Excellency's suite. Special nurses for the baby have been engaged and the furnishings and fittings of the nursery will be the simplest of design.

### Tough Problem

HAMILTON, Ont., Aug. 14—Local police were today called upon to play a unique role, when a foreman of a woodcutting job reported he was unable to disperse a small army of unemployed who persisted in cutting trees, although they were not employed. The foreman complained he had let out fourteen men last week and said he had only enough work for four men. Despite this fact thirty men invaded the woods today and began chopping the choicest trees on the property. According to the foreman all of the unemployed world like "Trojans," and two men worked last night, under the impression they were on piece work.

### Situation In Britain Serious, But Not Irretrievable, Says Hon. Neville Chamberlain

LONDON, Aug. 14—"The situation is very serious but not irretrievable," declared Rt. Hon. Neville Chamberlain, chief financial critic in the Conservative party, following the meeting of himself and Rt. Hon. Stanley Baldwin, Conservative leader, with Prime Minister Ramsay MacDonald today. "It is my opinion," Mr. Chamberlain continued, "the Government should not only state their intention of balancing the budget, but should show unmistakably they intend to take whatever steps are necessary for the purpose and they should be taken without delay. The Government has not yet convinced foreign opinion they are in earnest and it is essential they should do so."

### Houde Demands Govt. Overthrow

QUEBEC CONSERVATIVE LEADER OPENS HIS CAMPAIGN IN MONTREAL

MONTREAL, Aug. 14—Demanding the overthrow of the Liberal Government which has held power in Quebec for 34 years, Mayor Camille Houde tonight launched the campaign which will end at the polls on Aug. 24. Thousands of his supporters crowded the hall and the grounds of the Meilleur school to hear him begin his first general election fight since he became the leader of Quebec Conservatives. Mayor Houde will contest two constituencies in the forthcoming elections, he announced. He is already a candidate for re-election in St. Mary's and his avowed intention in contesting St. James seat is to open it for a Minister.

Charging Premier Taschereau with hypocrisy in discussing unemployment relief, Mayor Houde declared the Government had mocked the relief plans of Prime Minister Bennett and managed public works to suit its own ends. He accused the Government of passing the Jewish School Bill in 1930 for the purpose of "stealing" Montreal municipal elections, and repealing the law when it failed to serve its purpose.

Referring to the Beauharnois project, Mr. Houde said the Quebec Government had hurried a bill through the Legislative Assembly granting rights to the organization, although Hon. Arthur Sauve, then Conservative leader, protested the question should be more fully considered.

### BOY FALLS 300 FEET IN CAR

ROME, Aug. 14—Horrorful on-lookers saw a car containing a boy of eight fall over a 300 foot precipice at Rieti, Italy. Rushing to the bottom of the cliff they met the child, who climbed out of the overturned car, quite unhurt except for a few bruises. The boy had been sitting in the parked car, and began playing with the controls. The car was set in motion and took a headlong plunge over the cliff.

### Worthy Of His Steel

OTTAWA, Ont., Aug. 14—In a battle with two armed bandits on the Chelsea Green Bridge last night, G. Lee Clements, a painter, routed the gunmen after a desperate struggle. Clements was on his way home, and while walking over the bridge in the dark, two men jumped out of the shadows and pointed revolvers at him demanding his money. One of the bandits pressed his gun tightly against Clements' ribs. With a quick movement, Clements grabbed the bandit's arm forcing him to release the pistol, which dropped to the ground. The other bandit, however, clubbed his gun and struck Clements over the head, inflicting an ugly wound below his left ear. Clements shouted, and hearing others approaching, the two gunmen fled, and in the excitement managed to evade capture.

### Beaders Are Playing Havoc

BROOKVILLE, Ont., Aug. 14—Unmistakable evidence that a colony of beaver is at work within two and one half miles of Brookville, was revealed yesterday when Fish and Game Inspector Baker, of Cornwall, carried out an investigation in drowned lands near Rows Corners and discovered no fewer than six dams built by beavers across a wide ditch that had been built for drainage purposes. The animals have done some damage to adjoining garden lands through the flooding following their operations and Inspector Baker is now engaged in a search for their living quarters. Should it be found that they are doing extensive damage, they will be trapped alive and removed to the Experimental Fur Farm maintained by the Province.

### 240 YEARS TO PAY DEBT

LONDON, Aug. 14—A man living in Cricklewood owes a debt of nearly \$15,000, but he doesn't have to pay it all at once. The judge ordered him to pay five dollars a month and warned him that it would all have to be paid up by 2171, 240 years hence.

### Hearty Congratulations From Canada

(Canadian Press) OTTAWA, Ont., Aug. 14—On behalf of the Canadian people, Premier Bennett today dispatched a telegram of congratulation to Lord Bessborough upon the birth of a son. Lord Bessborough sent a reply expressing his sincere appreciation of the good wishes of the Canadian people and said that the birth of a son in Canada will prove a permanent link between himself and the Dominion. The telegrams exchanged follow: His Excellency the Governor-General, Ravenscrag, Montreal, Que. Your much appreciated message indicates that the prayers and loving thoughts of millions of Canadians for Her Excellency have not been in vain. It is matter of great interest that a son should be born to your house in this Dominion and I am sure that the ideals of public service which made Canada his birthplace will be reflected in his career. Please convey my warmest regards and best wishes to Her Excellency and permit me on behalf of the Government to express our relief that your anxiety is past and the happiness of both so greatly assured. Bennett.
