

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown.

WATCH for "The Guardian Man."

REV. T. J. ROBERTSON will preach in Heart's Hall next Sunday afternoon at 3 o'clock.

Any good, industrious boy who desires to learn the printing should apply at this office at once.

THE Ladies' Aid of Zion Church have decided to hold their tea and sale in the Market Hall Thursday, December 6th instead of the Y. M. C. A. as at first advertised.

THE S. S. City of London will make her regular morning trip from Haggarty's and Hickey's wharves on Friday morning as heretofore. Returning will leave Charlottetown at 1.00 p. m. for Hickey's wharf only.

THE hundreds of persons and firms who are from day to day placing advertising in The Guardian reach between forty and fifty thousand people daily. Such a large circulation obtains a large amount of advertising and this occasions a large newspaper of from eight to twenty pages each issue.

HEALY & LYONS, 184 Atlantic Avenue, Boston, are most reasonable in their request. They suggest that any shipper of smelts and eels who has consigned to other dealers and is not perfectly satisfied should ship to them as they give personal attention to all shipments. They also guarantee highest market price with accurate and daily account sales in return. Their references are good.

"THE GUARDIAN MAN" will make his second round some evening this week and will distribute three more envelopes. Number one envelope will contain Mark Wright Furnishing Co's order, for \$10.00 worth of furniture or carpets. Number two envelope will have McDonald & MacKinnon's order for \$5.00 worth of goods in their line, and number three envelope will contain Saunders & Newson's order for \$2.00 worth of meals. As announced in Saturday's issue, "The Guardian Man" is a stranger in the city and no one knows whom he will call on next. Be sure you have the paper ready when he calls and thus not be disappointed.

SELDOM have the people of Rustico and vicinity been more shocked or saddened than when they learned of the death of Mary, beloved wife of Joseph M. Blanchard, on the 24th inst., after a short illness of 3 days. Despite the medical aid of Doctors Galant and Bradshaw and loving care of friends and relatives her soul passed peacefully away after having received the Holy rites of the Roman Catholic church. Besides a grieved husband she leaves to mourn her aged mother, Mrs. Adriaan Dolson, Cymbria, four brothers and one sister. The brothers are Rodolphe, Angus and Joseph at home, Isidore, teacher in Winnipeg, Manitoba. The sister is Mrs. Maurice Martin Rustico. The large concourse of people who followed her to her last resting place at St. Augustine church, Rustico, testified to the very high esteem in which she was held. The Requiem High mass was sung by Rev. Dr. Chabousson, P. P. who also performed the ceremonies at the grave.

A RECENT Denver paper contained the following relative to Joseph Howatt who recently died there. Deceased has brothers living at Tryon. He is said to have left some money and property which is to be divided among his kindred. Joseph Howatt came to Colorado in 1865. He was born on Prince Edward Island, Canada. His mother was born on the island, and died at the age of 45 years. She was the mother of 13 children, of whom five sons and two daughters are living. The deceased had but limited school advantages, consisting of brief attendance at pioneer day schools. He became attracted by the gold discoveries in California and went there during the first days of mining. From San Francisco, he went to Sacramento, then to the mines in Placer county. Later he went to the Salmon river, where his nephew, John Simpson, had been among the first to discover new diggings. He remained six months, and in company with half dozen other men, went down the Snake river to Walla Walla. During his trips he met with many adventures. In the fall of 1864, he went to Idaho and spent the winter. A year later he came to Colorado, where he was hired to care for stock on Coon creek. He then freighted for a stage company out of Denver. Later, he worked for the Denver & Rio Grande railroad and with D. C. Dodge in the express and transfer business. He erected four cottages on Champs street and two residences on Court Place. He has made several visits to his old home in recent years. Mrs. Lydia Morrison, a sister, and H. B. Wadman, a nephew, are his only relatives in Denver. The deceased was 74 years old at the time of his death, which occurred after an illness of four months.

THE adjourned Prohibition cases against Ellen Essoy and J. Callaghan come up for trial at the Police Court this morning.

JOHN KELLY, who has been visiting relatives at Hillotvale, left yesterday morning on return to Lowell, Mass., where he has resided for the past twelve years.

CASEY says "there'll be wigs on the green" when the king of the Ragwort Brigade, Professor Fletcher himself, gets here for the Fruit Grower's Association meetings on December 10 and 11th.

At the "Manse, Charlottetown, yesterday by Rev. T. F. Fullerton, Florence McLaughlin of Donasthings was married to John McLean, Rocky Point. The bride was attended by Miss Owen of French, Fort and the groom by his brother. After the ceremony they left for their future home in Rocky Point.

THE Winter Fruit show at the Prince of Wales College Hall, December 10th and 11th, afternoon to afternoon, will likely attract many who like to look at beautiful apples, etc. There is likely to be a large show of fruit this year, even if it is an off one. Professor McCoun and Chief McNeil will do the judging.

THE Guardian is informed that the John McGee, who died at Atkins, W. Virginia some months ago, and whose relatives were sought after, was a native of Charlottetown, a brother of James McGee of this city, now working with M. J. Haney, Contractor, Toronto, and who is looking after his interests in the matter.

DR. FLETCHER, botanist and entomologist of the Experimental Farms, Ottawa, who will speak at the Fruit Grower's Association Meetings in Prince of Wales College Hall here on the 10th and 11th inst., will bring with him lantern slides, and illustrate his evening discourses. Dr. Fletcher is a splendid speaker, and his subject will interest everybody, so citizens generally will turn out in numbers to attend these meetings. Ladies are welcome too.

Last Monday morning, Barpee McMicken and Albert Weeks, of North Carleton, succeeded in capturing two foxes. In the morning they noticed one a short distance from the home, so one of the boys armed himself and started for the track where he thought the fox was likely to pass, while the other boy ran and headed it back about a quarter of a mile. When the gun sounded the fox was no more. That same evening another bold fellow was up in a field chasing turkeys. The boys gave chase and shot him also. They felt they were well paid for a few minutes work.

THE Guardian's correspondent at China Point writes: W. E. N. Crane this completed China Point Wharf; experts consider the work well done.—The marriage of Miss Laura McIsaac to Edward Morrissey was the most important local event in this vicinity recently.—Roderick McIsaac has sold his small farm at China Point and has bought a farm from B. Mutch, Earncliffe. Mr. McIsaac's neighbors wish him every success.—Earncliffe can boast of what very few places can—within a radius of two miles there are ten charming young widows; and some of them are so attractive that they have turned the heads of some of the young men.—James Crane it is reported has had some good sport shooting wild geese.
