"Redbreast" Not Due For Another Month

OTTAWA, Feb. 27.—While there are many traditional signs of spring the arrival of the first robin commonly is rated as an indisputable harbinger of warm weather. Reports soon will be forthcoming from the outskirts that Redbreast has been sighted, and all sundry will prepare to welcome the new season. A winter bird, however, that the first robin arrives in the latter part of March or the early part of April. Robins rarely survive the Ottawa winter, although some do remain in the fall to take chances with the snow and the cold. This failure to live through the winter is explained by bird experts as due not to cold weather, but rather to the lack of available food. A winter bird, the Pine Grosbeak, is of a bright red color and about the same size as a robin. He remains here until early spring and is often mistaken for the robin, according to the experts.

YORK CONCERT

A very pleasant evening was enjoyed by all when the folks all gathered at Little York Hall. The first on the program Whether you like it or not, Was a recitation on "Billy," Conducted by Dot. A solo was next sung by our Harry. He sang about a fellow unwilling Nobody was tired of listening to him. Because he sang about all the girls who were after him. Alas, and ah me! the liddle did come. And when it did, Seymour's feet did move some. The census was taken again this year. Which everybody laughed at. When they did hear. Then came a solo in German tongue, Mr. Shadd did his best, although he was young. And then came the dish-washing. For everyone to see. It showed what a good house-keeper Aletia will be. Arthur took his place At the organ, though shy. While a quartette was sung On the black-birds' pie. Uttley Birt did his best. When he did step-dance. He was incored again. And T'd say he did prance. While lastly of all, Why out came Little Dot. And this time it was, All about Hezekiah Bedott. The boxes were sold by Mr. E. J. Everyone got some, although they did pay. Then tea was served, to go with the lunch. And everyone went home all in a bunch. Dolly Dimple.

All Europe Plans Atlantic Flights

PARIS, February 25.—In the spring the European aviator turns to thoughts of the Atlantic. Although, officially speaking, spring is still a month away, the present period of fine warm weather has served to revive French hopes of being the first to cross the ocean to New York, while from other countries of the Continent, including Poland, Germany and Italy, have come reports of active preparations to accomplish the same feat.

The French Ministry of Marine has just announced plans for the attempt and has designated Lieut. Sala, commander of the hydro aviation escadrille at Cherbourg, as pilot. He will leave this week for the Azores to make preparations, presumably for a halt there before taking off across the Atlantic. Lieut. Sala has a number of fine exploits to his credit.

The "Bluebird," of recent memory, was taken aloft yesterday at Villacoublay by Givon in anticipation of a Paris-Casablanca and return flight without a stop. This is believed preliminary to another attempt by Givon to span the Atlantic. It is understood that there are at least two other French projects being quietly considered, but details are withheld until later in the season.

From Warsaw comes news of two schemes for traversing the Atlantic under way there. Lieut. Idikowski will make a try in his "White Eagle" and Lieut. Kalina, of the Polish Aviation Corps, will pilot a Fokker plane in a similar flight. A large sum of money is behind the project and Polish sportsmen are enthusiastic supporters, as well as the Government.

French aeronautical circles are informed that there are at least three German and two Italian attempts in prospect. Hungarian, Belgian and Spain are also possible contenders. None of these take into consideration probable British plans, which are expected to develop two or three attempts to fly from England to the United States.

Must Pay Supreme Penalty

SPRINGFIELD, Ill., Feb. 27.—Southern Illinois' notorious gunman and gang leader, Charley Birger, must pay with his life, for the murder of Mayor Joe Adams, of West City, the state Supreme Court ruled yesterday in affirming his conviction. April 13, was set for execution.

In jail at Benton, Ill., Birger smiled when informed of the court's ruling, remarking, "what is to be will be."

A veritable reign of terror in the south part of the State ended with the murder of Adams whose home was said to be a meeting place for the Shelton, a faction friendly to the Birger. Because his friendship with the Sheltons, Adams was marked to die. Two more boys ran on his door December 13, 1926, and as the mayor was reading a note the boys handed him, they whipped out pistols and killed him.

One of the lads, Elmo Tompason, 17, was burned to death some time later when the Birger headquarters was bombed. His brother, Harry, two years his senior, is serving a life sentence for the murder. Both made a clean getaway at the time, assisted by Birger, the instigator of the crime.

Kidneys Must Have Plenty of Water

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink which may quickly relieve your bladder irritation.

In Memoriam

CHARLES EDWARD DUFFY. Died on February 18th, 1928, in the Children's Hospital in Tampa, Florida, after one week's illness, Charles Edward Duffy, aged 3 years, child of Mr. and Mrs. James Duffy and grandchild of Mr. and Mrs. Patrick Duffy, formerly of East Royal.

Mrs. Duffy was formerly Miss Bertha Dougherty, whose parents are living at Hensley St. The funeral service was held on Sunday at 2 p. m. at the Undertaking Parlor of B. Marion Reed, where service and a short sermon for the occasion was delivered by Fr. E. Fleuran of the Sacred Heart Church of Tampa.

The body was embalmed and placed in a receiving vault where later it will be buried in the family plot in Charlottetown.

The sympathy of Mr. and Mrs. Duffy's many friends of Tampa has been fully shown to them at the sad hour of death when the Almighty God saw fit to call this bright child from his parents, sad still his twin brother to which at all times he was so much attached and also a baby sister who are left to mourn.

Their many friends expressed their sympathy by the large number of flowers that were placed on his casket among which was a pillow of white roses from the staff of Tampa Post Office of which Mr. Duffy is employed.

MAJOR WILLIAM WEEKS. General regret will be felt when it is learned that Major William A. Weeks passed away in Saint John Monday morning, Feb. 27, 1928. It was known that he was in all health, therefore, the news of his death will be quite a shock, especially to the family and relatives.

He was born at Charlottetown on April 2, 1889 and was a son of William and Margaret (Haslam) Weeks, the former a native of Ireland and the latter of Springfield, Prince Edward Island.

Mr. Weeks received his early education in the public schools here, supplementing this by attending the Prince of Wales College, and afterwards at McGill University where he graduated in 1911, taking honors in mathematics. He then returned to Charlottetown and entered the law firm of Peters & Peters, with whom he studied until 1925 when he was admitted to the Bar.

After spending a brief period in the Probationary Office here, in 1901 he formed a professional partnership with Mr. (now Inspector) J. P. Wheat, which relationship was maintained until February, 1904 when Mr. Wheat was appointed Postmaster at Charlottetown. This necessitated his withdrawing from practice. Mr. Weeks conducted the practice in conjunction with Mr. George W. McPhee, M. P., now of Yorkton, Saskatchewan.

Mr. Weeks was regarded as a lawyer of considerable ability, and as a consequence when a vacancy occurred in the position of Clerk of Court, he was offered and accepted the position. In 1921 he enlisted in the Charlottetown Engineers with whom he remained for ten years. In 1895 he was appointed Lieutenant, and then took a course in the Royal Military College at Kingston, Ontario. Upon his return he was appointed Captain of this company remaining in command until 1902. In 1899 he was appointed Chief of the Staff to General Hutton during the campaign at Aldershot, N. S. He was exceptionally well grounded in military knowledge, was always held in high esteem by his brother officers, and undoubtedly had a remarkable influence in retaining the high standard of proficiency for which the Island militia has borne so excellent a reputation. On the outbreak of the South African War

about some twenty-nine years ago, Major Weeks volunteered his services and left for South Africa with one of the first contingents. It is a strange coincidence that his demise occurred on the anniversary of the second battle of Paardeberg, of Toronto.

Mr. Weeks' wife, the late Miss Fannie Weeks, predeceased, him many years ago. The family now surviving are Muriel in Charlottetown, Dorothy in Jamaica Plain, John, N. B., where he had resided Mass., Captain Ernest in Camp Boruden, and Robert in Oklahoma.

The late Major Weeks enjoyed an unusually large acquaintanceship, charge of the remains of Major both in this Province and in the City of Saint John. He was very companionable and made life long friends. All who knew him enjoyed his company, and he was noted on public occasions as an excellent entertainer. The only surviving member of the family to which he belonged is a sister, Mrs. G. Frank Beyer, of Toronto.
