A WOMAN WHO TURNED FROM ICE TO FIRE
 ...alone... this amorous beauty—to keep a rendezvous with a man whose strange spell was magic to her heart!... A stranger who held her in his arms... Forged with her impulses... And gave her ten minutes to leave—or love him for life!... Ten minutes that flew on wings of enchantment—the last sixty seconds of which left her gasping, breathless, spellbound for hours!

MRS. RICHARD MITCHELL
 There passed peacefully away on the morning of July 23th, 1932, Harriet Fraser, widow of the late Richard Mitchell of North Wiltshire in her 70th year. During a long illness she was never heard to murmur or complain but bore

presson buildings are valuable, but what about the cigarette habit producing in the forming character of the boy a damaging slovenliness in thought, action and every mode of living?
 There was a day when parents felt that there was at least one place where their offspring would be kept out of mischief, and that was at the institution of learning, but has it come to be a sure resort of temptation to a habit not only physically detrimental, but a school of association among those whose habits lead in the wrong direction entirely?

Hotels, Restaurants
 We can supply Meats, Vegetables, Groceries. Any quantity. Lowest prices for your requirements. Exhibition Week.
CASH & CARRY MEAT MARKET

CHURCH SERVICES—The Pownal pastoral charge, the United Church of Canada. Services for Sunday Aug. 21st are as follows: Clifton 11 a. m., Mt. Herbert 2.30 p. m., Pownal 7.30 p. m. Rev. G. A. D. Elliott, minister.

NORTH WILTSHIRE Special opening services 11 a. m. Rev. Henry Pierce of Orwell, a former pastor. 3 p. m. Rev. Jacob Heaney of Saskatchewan, also a former pastor. 7.30 p. m. Rev. Henry Pierce. Music by choir, assisted by friends. Generous offerings for the Building Fund.

CHURCH RE-OPENING—The United Church of North Wiltshire has been closed for four or five weeks for repairs and repainting of both the exterior and the interior. Unnecessary trees have been removed, the cemetery grounds cleaned up and the frontage has been graded. North Wiltshire has now a church both beautiful and convenient, a credit to the community and a delight to the visitor. Next Sunday the church will be reopened with three services led by two former ministers. At 11 and 7.30 by Rev. Henry Pierce of Orwell and at 3 p. m. by Rev. Jacob Heaney of Saskatchewan. Collection in aid of church debt.

Gangster Lead Hits Kiddies
 (Canadian Press)
 NEW YORK, Aug. 19.—Gangsters blazed away at each other in a Brooklyn street late today and two little girls were wounded. Three-year-old Frieda Falis was shot in the stomach. A bullet passed through the right hand of her sister, Rose, 10, and grazed her left hand. Neither was injured seriously. The little girls were among a dozen playing on the sidewalk when two men walking by paused and started to argue. Just then an automobile with four men came along, witnesses said, and bullets began to fly.
 Whether the pair on the sidewalk joined in exchanging shots

with those in the machine, or whether one man was the target for all the pistols was not made clear. There was no estimate of the number of shots fired, but police found at least five bullet holes in the buildings there.
 From the time the shooting started until the gunmen fled was a matter of seconds. Police who hurried to the scene found no trace of them.

Robbers Get Away With Large Sum
 (Canadian Press)
 BELOIT, Wis., Aug. 19.—Seven bank robbers, who used six lighted girls as shields against a fire of police, today held up a second National Bank at Beloit and escaped with between \$40,000 and \$50,000.
 For three blocks the girls were forced to ride through busy downtown streets on the running boards of the robbers' automobile. A chief of police and other officers, also in hand, watched helplessly as the car drove away from the bank. Three blocks away the robbers forced the young women to jump from the moving car.
 In the bank the robbers, armed with pistols and two sub-machine guns slugged B. P. Eldred, President, and Henry Coker, a customer. The robbers stuffed into two laundry bags the currency with which the bank was to meet several large payrolls.
 Doest thou love life? Then do not squander time, for that is the stuff life is made of.—Franklin.

ENJOYING VISIT HERE—Among visitors to the Province this summer are Mr. and Mrs. Walter Geer, New York City. Mrs. Geer is a sister of Mrs. Augustus Doull, New Dominion and has many friends and acquaintances here. Mr. Geer is charmed with the summer attractions of the Province and hopes to obtain a house in Charlottetown so that he and Mrs. Geer can come every summer. Mr. Geer is a talented writer and has specialized in historical studies, particularly of the Napoleonic era in France. A handsome three-volume edition of his monumental work "Napoleon and His Family" has been presented by the author to the Public Library. Mr. Geer has also written "The French Revolution," "Napoleon the First," "Napoleon and Josephine," "Napoleon and Marie Louise," "Napoleon the Third," and "Recollections of the Revolution and Emperor."

Mrs. Agnes Grey, Charlottetown, and Miss Ella Sentner, Loyalist, have returned after spending a few days as guests of the Queen Hotel, Summerside.

PRIZES To the Lucky Ticket Holder
 Ten cans of paint will be given FREE to the holders of the lucky ticket at THE ROGERS HARDWARE BOOTH in the main building at the Exhibition on Tuesday, Wednesday, and Thursday evenings.

WATCH OUT FOR APIDS
 Very wonderful is the life history of the green-fles or apids, and it was treated of, at some length, in these Notes last summer. It may be repeated that these insects multiply both sexually and asexually (parthenogenesis) and are so prolific that they are capable of doing great damage in a very short time. They are present in unusual numbers on almost all the different kinds of garden vegetables, bush fruit, and orchard trees this year, and on these, where the area is not too large, they may be kept in check by frequent contact sprays of kerosene emulsion, nicotine, or even strong soap suds. Should they attack the field turnips (as is likely) spraying cannot well be resorted to, but a sharp lookout should be kept for the first turnip to be attacked. This, if allowed to remain, would form a "centre of infection"; so it

W. C. T. U. Notes
LISTEN, CANADA
 During the last week of November many thoughtful men and women in Canada were shocked by the statement in the Toronto Daily papers that "four Toronto boys, 21 and 22 years of age, had been sentenced to Portsmouth Penitentiary for terms of 10, 14 and 19 years, and to receive 10, 12 and 30 lashes." This in Toronto the good, the city of churches, Christian homes, Y. M. C. A. workers and Big Brothers' Association.
 What is the cause? Why did these boys go wrong? Listen to the pitiful cry of one heart broken mother to a reporter: "I guess it's the drink!"
 Who is to blame? I answer: Every Christian man and woman in Canada who has failed to use the power God has given them to influence others to help put down this iniquitous traffic in the souls and bodies of our young people. We cannot, dare not, shirk the responsibility of their downfall.
 Listen, Canada:
 "Ontario alone has 600,000 boys and girls between the ages of 6 and 16, and 200,000 between the ages of 17 and 21. Almost 52,340 young people reached the age of 21 last year." These all have votes.
 "During the same period 39,345 new names were added to the list of resident permit holders."

BRINGING UP FATHER
 "TOLD THAT DUDE TO MEET ME HERE AT TWO O'CLOCK—I SUPPOSE HE'S OUT GETTIN' VOTES FOR ME."
 "BUT WHY DO YOU GIVE HIM SO MUCH MONEY TO SPEND FOR ENTERTAINMENT? YOU CAN'T GET VOTES FROM MISS LOTTA VOTES THAT WAY—FIRST THING Y'KNOW SHE'LL BE ELECTED."
 "WHAT'S THAT FUNNY-LOOKIN' FIDDLE MOVING DOWN THERE?"
 "THAT'S HIM! LET'S GET BACK IN THE OFFICE AND MEET HIM AS HE COMES IN."
 "HOW DO YOU DO—OLD TIMER?"
 "SAY, DO YOU THINK I HAVE NOTHING TO DO BUT WAIT FOR YOU—?"
 "YEA—WHAT'S BEEN KEEPIN' YA—?"
 "I TOOK MISS LOTTA VOTES OUT TO DINE—CHARMIN' PERSON."
 "E E E!"

NEWSY NOTES
 (Continued from Page 2)
 There were, sometimes, slight outbreaks among the oppressed natives in other parts of the country, which furnished the excuse for destroying the families of their chiefs, and reducing the natives to a more degrading state of slavery.
 The Roman governor immediately set about repairing the losses sustained in the war. The ninth legion, which had suffered so much, was strengthened by the arrival of 50,000 legionaries, eight cohorts of auxiliaries, and one thousand horse, from Germany; this represents an addition of about 100,000 men. At the same time the reconstruction of the "coloniae" of Verulamium and Camulodunum, and the town of Londinium, was proceeding rapidly. Excavations at Verulamium show a recent account in The Guardian) that the Romans built their houses on old foundations. This seems to refer to a method of reconstruction of which the writer has seen examples near the line of Hadrian's Wall. When a house had been gutted and burnt by the enemy, the Romans, on regaining possession, roughly levelled the debris within the walls and ran a thick coating of concrete over it for a floor. On cutting through the concrete, one finds the old foundations. It is strange to find that a thorough-going people like the Romans adopted such a slapdash method of repairing the floors. (To be continued.)

FIELD DAY AT MONTAGUE
 The biggest field day of the year was held at the farm of Mr. McIntyre, Montague on Wednesday. More than 250 persons attended. The demonstrations were in connection with the illustration station of the Experimental Farm, these being several exhibitions in the manner of growing potatoes, turnips, corn, clover and oats.
 Mr. Tucker who is Chief Potato Inspector at Ottawa gave an interesting and instructive address on inspection which was enthusiastically received by the large gathering.
 Demonstrations were described in detail from photographs on the truck by Mr. Frank Timney.
 A most interesting demonstration on Bordeaux mixtures and different ways of mixing such for potato spraying purposes was given by Mr. R. R. Hurst.
 Mr. Stewart Wright, Dairy Promoter gave an interesting address and demonstration on the testing of milk by the Cow Testing Association.
 Well received addresses were also given by Mr. R. C. Parent and Dr. J. A. Clark during the demonstrations. Others attending included Messrs. Peppin and McLaren, Potato Inspectors and L. W. Roper, who represented the Live Stock Branch.

ONTARIO'S LIQUOR SALES, 1931
 Income from Sales, \$45,835,707. Decrease from previous year, \$6,447,293, or 12 per cent. Profits for 1931, \$8,491,653. Number of stores in Ontario, 124. Two new ones have been opened, and three transferred to new locations.
 Native wineries number 55. Ontario breweries number 33. Beer and wine permits, 127,929. Liquor permits were 410,521. Resident permit number 329,784. Non-resident permit number 99,374.
 A half bottle, triangular in shape, costing the purchaser \$1.25, is on sale. If it is found to promote drinking in motors and other illegal places, its sale will be withdrawn. It is confined to the cheaper whiskey. Half bottles of brandy for medicinal purposes are on sale.
 The Liquor Control Board paid more than \$13,000,000 to the Dominion Government for customs duties, sales taxes, etc.
 The Ontario Government has received \$43,182,780 profit from the sale of liquor under Government Sale since its adoption. The Dominion Government has received more than \$69,500,000 profit in the same period of time from Ontario. The Provincial Government has received 64.93 per cent of the revenue paid to the federal government by this Province.
 "Since the Liquor Control Act came into force the average resident permit-holder in Ontario has spent over \$500.00 at the Government shops. A five hundred dollar savings account would make a decided difference with many families now distressed.—Toronto Globe."

HAS IT COME TO THIS?
 Fire chiefs and school teachers are having a modern responsibility added to their already existing numerous ones. Not long ago Fire Chief George Sinclair, Toronto, made the charge that pupils, including in a sneaking smoke between classes, had been the cause of two fires, the smokers having failed to extinguish but ends of cigarettes after an indulgence. In these days of financial de-
