Morning Stock Letter

Received over Pitfield & Co. private Wire

NEW YORK, Sept. 25—French franc this morning is 6.853. International issues on the Paris bourse are firm. The London market is firm but dull. Everything written since the quotations on the franc that morning leads one to believe devaluation is expected in most every quarter in the near future. New York carries the story, however, that this statement should be qualified for three reasons. First, that official quarters still insist there is no question of tampering with the franc. Secondly the technical situation of the French currency is still so strong that if such considerations alone prevailed the franc could still stay at its present parity possibly for months. Thirdly, if the government proceeds on a strictly legal basis neither devaluation or a gold embargo is permissible without the passage of a by-law by parliament which is not now in session. Dividend meetings today are Corn Products, Eaton Mfg., and Southern California Edison. We would look for an irregular firm market again today and would favor Continental Oil, Socony Vacuum, Gulf Oil and Eaton Mfg.

TORONTO Sept. 25—Reno Gold —Reported from Vancouver net earnings Reno Gold fiscal year ended June 30 last exceeded 16 cents per share after writeoff depletion. Depreciation equal five cents per share. Ore position improved and company now carrying on important development work.

RED LAKE GOLD—Red Lake Gold Shores in the Red Lake area is considering doubling its present 150 ton mill property in the Red Lake area according to the secretary. The actual decision in this respect awaits results from the tapping of the Robinson vein.

GRAIN

WINNIPEG, Sept. 25—(CP) — Bearishness engendered by French financial unsettlement more than offset price-boosting effect of 1,500,000 bushel export sales of Canadian wheat on Winnipeg Grain Exchange today.

Further values at the close of an irregular session were 1 1-8 1 5-8 cents lower, October at $1.10 3-8, November $1.10 5-8, December $1.08 5-8 and May $1.08 1-2.

Market support offered by the continued free foreign buying of Canada's grain was swept aside by successive waves of profit-taking. The realizing sales were prompted by fear of devaluation of the Franc.

Chicago and Minneapolis kept in step two-cent losses being boarded in the former market. The past week's steady upturn at Liverpool faltered, the close being unchanged. Cash and coarse grains prices followed wheat.

ALL ENGLAND A'WHEEL

LONDON— (CD) —Bicycle traffic has almost doubled in four years, according to census, greatly increasing the nation's problems on the highways.

MINING

TORONTO, Sept. 25—(CP) — The Toronto Mining share market skidded for a sizeable decline today as a result of nervousness over the possible effect of French franc devaluation, if and when it comes. There was no speeding up of sales Volume, Aggregate turnover holding around the recent average, but demand was thinner and prices suffered in consequence. The gold share index lost 3.32 to 137.23 and the Miscellaneous Mines index 2.58 to 149.13.

Senior issues, both gold and Base Metal, lined up with New York.

Dome moved back 2 points to 56 on light turnover while McIntyre and Lake Shore lost 1 1-8 to 1 1-4 each and hollinger closed at 13 1-2, off 5-8 to its low mark for the year. Bralorne, Wright Hargreaves, Central Patricia, Perron, Kirkland-Hudson Bay and Read-Authier declined 10 cents each.

Selling was active in a few of the secondary golds. Pamour closed 25 cents down at 3.35 and losses of 15 to 20 cents were boarded for O'Brien, San Antonio, Macassa, Siscoe and Hard Rock. Francoeur closed 12 cents lower at 1.05 and recessions of 5 to 8 cents were recorded for Bidgood-Kirkland Canadian Malartic, Chibougamau, Little Lac, McLeod-Cockshutt, McKenzie, Preston, Red Lake Gold Shore and Sladen.
