MAN KILLED WHO DRANK BALSAM

QUEBEC, Aug. 31.—(Special)—Pierre, Dube, a widower aged 57 years, poisoned himself here by drinking African Balsam for alcohol.

He had been hard drinker for years and his people refused him whiskey.

Seeing this he sent a child out for the balsam and died a short while after drinking it.

PERSIAN TROUBLE COMING TO HEAD

LONDON, Aug. 30.—The situation in Persia is rapidly becoming critical. The entire organization of the state is collapsing, the provinces are in a state of anarchy, and the treasury is empty. All the available securities have been mortgaged. The army has not been paid for months, and is in a condition of open mutiny. Insurrections occur daily, and they are fast spreading. The only trustworthy troops in Teheran is a brigade of Russian Cossacks, which have dwindled to five hundred. The British legation is crowded with seven hundred refugees.

The cause of the disorder is partly the wish of the Mullahs to imitate the Russian revolutionaries.

The Shah has ignored every one. Turkey continues her aggressions on the western frontier and the correspondent declares that the collapse of Persia is imminent, and foreign control in some form is inevitable. He draws attention to German preparations to take advantage of this condition, and warns Great Britain that the safety of India will be imperilled unless she takes the necessary steps to prevent it. The Shah is said to be in poor health.

BARE HEADS AND ARMS BANNED

LYNN, Mass., August 31—"Immodest dressing," as he terms bare heads and elbow sleeves for women, was the subject of denunciation by the Right Reverend Arthur J. Teeling, rector of St Marys Catholic Church.

"There seems to be just now a fad prevalent among women of appearing in the public streets and in public conveyances with their heads uncovered, It may be asked, very appropriately, on reading the 19th chapter of St. Paul, first epistle to the Corinthians, if such women are considered suitably dressed for appearance in public. Possibly we are behind the times; may be we are out of date and old-fashioned, but it seems to me that they are not. It seems to me, indeed, that there is something altogether out of the way about the appearance of many women that we see on the street nowadays. When at the washtub or doing hard work of that kind in the house, it is, of course, all right for them to roll up their sleeves and leave their arms bare, but they really ought to take time to put down their sleeves before going out on the street.

"However, be that as it may, women must remember that they are not permitted to enter a Catholic church with their heads uncovered; or in any wise, immodestly dressed."

ABOUT THE DATE OF THANKSGIVING

OTTAWA. Aug. 30—Thanksgiving Day this year is likely to be held on the same day as in 1905, viz, the third Thursday in October. The railway authorities have made a strong representation to the Government in favor of a change to Monday, so that the travelling public might enjoy Saturday and Sunday at their homes or whatever they celebrate, but this does not seem to commend itself to the powers here, who hold that for thanksgiving purposes Thursday is as good a day as could be chosen.

WOMEN GOING WEST TO MARRY

MONTREAL, Aug. 30.—The last of the harvester's excursion from this part of the province of Quebec for the Northwest left Windsor at noon today. A special train which carried some eight hundred persons of all ages, was made up of fourteen cars, and three baggage cars. The excursionists consisted of a larger proportion of young women than has gone west on any occasion. In fact young women seemed to predominate in the crowd assembled in Windsor station. By an ordinary train which started some hours earlier some 250 excursionists were taken forward. Most of the young women confessed that matrimony had something to do with the journey west.

QUICKLY KILLED BY ELECTRICITY

NEW YORK, Aug30.—Instantly killed by 10,000 volts of electricity, Patrick McCarthy, an electrician, was held in a standing position for many minutes by the current at the New Haven railroad power house, at 153rd street and Mott Avenue, yesterday afternoon. His head in contact with a charged chain, while his hands grasped a heavy cable, he was held like a needle by a magnet until his fellow workmen could dislodge his body with long wooden poles.

McCarty and several other men were passing a heavy cable through a tube in the vicinity of one of dynamos. Mr McCarty held one end of the cable in his hand and walked backwards. He knew he was near the dynamo and was careful, but he did not see a chain that dangled from the upper part of the machine or paid no attention to it. In some manner this had become charged with the full force of the 10,000 volts, and as his back struck it a circuit was completed with the cable that he had in his hand. He was dead in an instant, but the terrible force held him erect.

WIRELESS WILL SOON BE GOING

LONDON, Aug. 30—Signor Marconi interviewed prior to his departure for Canada, stated that the Clifton wireless station in the south of Ireland will be completed on December 1. Also the station at Cape Breton would soon be completed, and from these stations it would be possible to send messages across the Atlantic.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease and therefore requires constitutonal treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

IGORROTES MUST WEAR MORE DUDS

TORONTO, August 31. — (Speical) — An attempt to interfere with the Igorrote villagers at the exhibition, who go about n the scanty costume which suffices for the climate of the Phillippines has failed.

Police Inspector Johnson visited the village on Wednesday, and directed Manager Schneidewind to put more clothing on the Igorrotes.

The Manager referred the inspector to the exhibition authorites.

Subsequently the village management ook up the matter with the vice pre president, W. K. George who said he saw nothing objectionable in the lack of attire on natives.

BATTLESHIP DOMINION DEPARTS FROM QUEBEC

After a Period of Festivity That Will Be Long Rembered in the Ancient City—Remarkable Scene of Enthusiam When French Cruisers Start For Sea.

QUEBEC, August 31.—(Special)—The visit of H. M. S. Dominion is drawing to a close and the great battleship is getting ready to sail from Quebec.

Her visit here will long be remembered Such a round of pleasant functions culminating with the At Home on Thursnay which was largely attended by the elite of Quebec and by the officers of the French cruisers and of the German gunboat, has never been experienced in Canada's fortress city before.

The Dominion is being coaled today, and tomorrow starts on her long cruise to Halifax and Bermuda.

There was a remarkable scene on the St, Lawrence yesterday when the French cruisers weighed their anchors and steamed away to the sea.

As they passed the German gunboat Panther which was anchored in the river no demonstration of any kind occured.

Not a gun was heard not a note of music nor any signs expressive of sentiments of any kind.

But the scene was far different when the Frenchmen passed the huge battle ship from which was flying the Union Jack of old England.

The cruisers dipped their tricolors, their bands played the British National Anthem, The Maple leaf Forever and other national airs and, the men shouted their greeting to the British tars.

The Dominion acknowledged farewell in good style. The sailors crowded the battleship's sides and lustily cheered the French ships as they sailed by, and until they were out of each others hearing the sailors of each nation ient forth their greeting to each other.

Collins, who is held on the charge of murdering Miss Mary Ann McAulay, at New Ireland. Large crowds gathered at Albert county station to see the prisoner but there was no demonstration. Collins was taken before Magistrate Stuart and the charge was read over. He was then asked to plead and was remanded for a week. He was placed in Hopewell Cape jail, where he is a lone prisoner.

SPELLING REFORM GAINING FRIENDS

NEW YORK, Aug 30.—The simplified spelling board today announced tha two distinguished British scholars had accepted membership to testify their sympathy with the new movement to improve English orthography. One is Dr. J. A. H. Murray, the senior editor of the greater Oxford dictionary of the English language of which the associate editor is Henry Bradley, who joined the simplified spelling board some weeks ago. The other is Prof. Joseph Wright, editor of the English dialect dictionary. In announcing these elections Brander Matthews, chairman of the board, said: "Professor Skeat, the editor of the English etymological dictionary, became a member two months ago. The simplified spelling board now contains the editors of the three chief English dictionaries, Webster, the Century and the Standard. The adhesion of the foremost linguistic authorities of both branches of the English speaking race ought to be reassuring to those who have dreaded that the recommendations of the simplified spelling board might work harm to our noble tongue or to its etymology. It serves to show that those who know most about English spelling believe tha it ought to be improved."

MACMILLAN OUT FOR COUNTY CLERK

COLORADO SPRINGS, Aug. 30.—K. M. MacMillan, city clerk of Colorada Springs, is a candidate for county clerk and recorder of El Paso county.

Mr. MacMillan is one of the best-known Republican office holders in the county, and will have the support of a large number of citizens, irrespective of party. He has been city clerk for six years, or three terms.

At the last city election, in spite of the fact that the head of the Republican ticket was defeated, Mr. McMillan received 4,422 votes, which is the largest vote ever received by a candidate for city office in Colorado Springs.

Mr. McMillan came to Colorado Springs in 1889 and has been prominent politically since that year. He said yesterday that he would not accept a fourth term as city clerk, whether or not he receives the Republican nomination for county clerk.

[Mr. McMillan is a native of this Province. John McMillan, with C. P. Fletcher of this city is a brother; and Mrs Art. Coles, Milton, a sister.]

IRISH WANT THE GAELIC TAUGHT

CLEVELAND, Aug. 30.—If German is taught in the schools local Irishmen will ask for instruction in the Gaelic language. John Graham, for the Irish societies of Cleveland, served notices on the school board today. He said resolutions had been presented from the Irish societies asking that German be dropped.

The board of education, at the instance of Superintendent Elson, a few weeks ogo decided to drop German in the elementary grades of the public schools. The Germans have become aroused and are insisting that their language be retained. The Irishmen then began a retaliatory movement.

JEROME SPEAKS ON SITUATION

NEW YORK, Aug 30—District-Attorney Jerome recently, speaking of the political situation in this state, declared that Mr. Hearst as a man did not figure in the coming campaign.

"If Mr Hearst was nominated by the Democratic convention, would you support him?" Mr Jerome was asked.

"You will never face this situation," he replied. "The Democratic party has had to swallow some bitter draughts in the past, but it will never stand for that medicine. The question about Hearst resolves itself into the persons who are about him, whose ideas, working on the addle brain of Czolgosz, armed his hand to slay a president."

Referring to the statements of Charles F. Murphy, leader of Tammany Hall, that he had not observed any Tammany sentiment for Jerome but had for Hearst, Mr. Jerome said: "Murphy had expressed his opinion on the situation. There are thirty-five district leaders, all of them leaders. They led last year. Why do not some of them come out and formulate some thing? The leaders might all lead. Murphy has led, now let someone else lead.

TRAGIC DEATH OF ST. JOHN MAN

ST. JOHN, N. B., August 31—(Special)—Barton Gandy, one of St. John's best known citizens lost his life this morning by falling from a window in a second story of his residence.

Mr. Gandy has been in failing health for the past six months, and during the last two months small hopes were entertained for his recovery.

This morning he was resting in his room and it is presumed that feeling faint he opened the window to let the fresh air in and in so doing lost his balance and fell to the sidewalk below a distance of about 30 feet.

A carpenter who was working at a house across the street saw him fall and carried him into the house.

He was alive at the time but lived only a few minutes,

There was scarcely a mark on body which seems a peculiar circumstance in view of the fall.

Mr. Gandy was 63 years of age.
