EVERY DAY MORE NEW THINGS COME

Mid-summer dullness is passing by. The new season is well on its way, and clever people anticipate the figures on the calendar and thus shorten the time of waiting. The new Millinery is already giving an unexpected glory to the late Summer days. New blouses and neckwear change the whole face of fashions by their pleasant touch.

Then the new Silks and Dress Goods have already won the admiration of many women who are right now having them cut into glorious gowns for earliest Fall functions, and for the street and afternoon wear.

The interesting procession holds a review in this store every day now, as each newcomer steps forward.

OVERLAND CARS

Mr. H. E. Porter, Maritime Representative of Willys-Overland, has just arrived in town from Toronto.

The Overland car in Ontario, as in the Maritimes, is making a profound impression with the people and sales have exceeded all expectations. The total of six hundred Overland cars were sold in Toronto City alone. One customer purchased fifty-two Overland Sedans for use in taxi service in Toronto. This gentleman, Mr. Wilkinson by name, has inaugurated the "Dollar Taxi" Co. He states with great pleasure that he is using entirely Overland Sedans and in September 1923 he will have in operation no less than two hundred Overland Sedans.

In the taxi business much discrimination must be used when purchasing a car as it is subjected to much abuse. Mr. Wilkinson selected the Overland car after looking over all other cars suitable for his work.

Business in Ontario was never better, and the people are ecstatic concerning the future. These improved conditions will certainly radiate in the Maritime Provinces. The Overland has enjoyed fine business in the Maritimes this year and Mr. Porter predicts a volume in 1923 surpassing all previous records.

HAROLD LLOYD GRANDMA'S BOY

LAUGHTER REIGNS, JOY POURS IN FIVE PART LLOYD COMEDY.

Harold Lloyd says that it took four months to do up the ending of "Grandma's Boy," that final laugh that made its first audience, when it was previewed in Long Beach, Calif., laugh so hard that it held up the next act for ten minutes. The hardest part of a comedy, contends Lloyd and his producer, Hal Roach, is the "gag" for the final face-out.

"Grandma's Boy" is hailed as Harold Lloyd's most pretentious comedy in a line-up of laugh-producing photoplays that have not had one mark against them. Lloyd's newest comedy is always a step forward, and "Grandma's Boy" is a mighty big stride ahead.

It is in five reels and its laughs, thrills and suspense are built around a theme as serious as the psychology of fear. Lloyd is seen as the bashful small town boy, afraid of his own shadow. When his little old-fashioned grandmother comes to his rescue with her great wisdom and teaches him the meaning of self-confidence, he makes the deep little town of Blossom Bend—and the Girl in particular—sit up and take notice that the worm has turned!

"Grandma's Boy" is from the story by producer Hal Roach, and Sam Taylor and Jean Havez. Fred Newmeyer directed, and the cast includes pretty Mildred Davis, Ann Townsend, Dick Sutherland, Charles Stevenson, and Noah Young. It is an Associated Exhibitors feature comedy and will be shown at the Strand Theatre Monday and Tuesday, Fair Week.

Reminiscences

THE EXHIBITION OF FIFTY-FIVE YEARS AGO—AN OLD TIME ESCAPE FROM PRISON.

(By W. L. Cotton.)

An article communicated to The Examiner of 23rd September, 1867—this date fifty-five years ago—seems to settle the question raised by Mr. Neil McKenzie. The writer—evidently our old-time friend, the late Mr. Archibald McNeil, scores a victory over the "new drill" which in which the Exhibition is to be held as a "very spacious room, well adapted for the purpose—it is 120 feet long and 60 feet wide." He further explained for the benefit of exhibitors from the country how the exhibits would be placed and shown. "Two tables," he pointed out, "are being erected facing the main entrance and in the centre of the building—each table 75 feet long with a sufficient space between each." "At the northwest end of the building," he further stated, "there will be erected a suitable platform for the use of His Excellency and suite; on one side of the same a place for the band, and on the other a room will be set apart for the Commissioners and Judges, to which the latter will retire before giving their decisions. On the grounds attached to the building will be placed Agricultural Implements requiring large space, such as Threshing Machines, Carts, Ploughs, Truck-wagons, Mud-liggers, etc." On these grounds, also, he adds, "will be erected pens for the reception of Sheep, Pigs and Poultry," and "the Cattle show will take place the following day (Thursday) on the same grounds."

At this exhibition the first prize for the "best double-seated wagon" was awarded to McPhail and Hunter, Charlottetown, and for the best single-seated wagon to McKinnon & Fraser, the judges being James Warburton, John Brecken, and Hammond Johnson. The first prize for the best entire horse, any age or breed, was in that year given to Mr. Daniel Sinnott, Morel, and the best entire cart horse to W. W. Walker, Lot 19. The best mare with her foal was shown by Mr. George Twesdy, Lot 49, and the best filly under three years old, by Hon. J. C. Pope, the judges being Henry Palmer, William Swabey and Thomas Rodd. The best bull shown that year was exhibited by Stephen Boyer, Lot 48, the best cow by Hon. George Beer, and the best heifer by Hon. George Coles, and the best fat cow by Mr. Patrick Blake. Mr. I. C. Hall was the chief exhibitor of fish. Elderly persons who remember the exhibitions of old, will be enabled to compare the exhibits, surroundings and management with those of the Provincial Exhibition of next week.

The Examiner of this date fifty-five years ago, reported the escape of four prisoners from Queen's County Jail, then situated on the square between King and Dorchester streets. They had been committed for trial on a charge of burglary and were permitted, according to the prison regulations, to take the air in the jail yard. While there "they removed a small house from its place, and carried it near

Furnishing a HOME

is a difficult one, especially if the funds are limited. Just how to go about it has puzzled many. The main idea is to make your home entertaining for yourself and for any others who cross your hearth.

You may have the Grandest Furniture from top to bottom but without a Piano there is a big blank. A Piano gives your home a certain distinction, makes the home happier for you and its "charming" music extends a royal welcome to all who visit you.

Apart from being a constant source of pleasure for its music a Piano improves the appearance of any room—in fact in this modern day no home is properly appointed without a Piano.

We have a Good Piano to suit you. Call in and see our Pianos—try them and select one if you desire. We will be pleased to demonstrate the merits of these Good Pianos without any obligation on your part.

NEED NO MOTORIUM.

CALGARY, Sept. 21.—Alberta is not in need of a farmers' moratorium, is not likely to have one, and accordingly the matter has been discussed neither by the U.F.A. or the Government.

H. W. Wood, president of the U.F.A., said it would be a misfortune for any western province to have to take such drastic steps.

Among the September marriages of fifty-five years ago was that of Mr. Duncan McEwen, of St. Peter's, to Miss Elizabeth Chatman, of the

Their Future

Your Boy, For Instance

If your boy or girl could speak now with the wisdom of later years, they would ask, above all else, for education, training for business,—a real start in life.

Every parent knows that the boy who has training is selected for a good position; and the girl who has the right start can make a place for herself in the world, and always be sure of independence and happiness.

You want your children to be equipped for the battle of life, as others are.

Make Your Plans Secure

Why not provide, as many parents are now doing, that "no matter what may happen" your boy or girl will have the advantage of a good start in life?

In these times they need training and the help you can give as never before.

See what the Canada Life can do with the new

Educational Policy

It will provide immediately, if you should die, an educational fund, to be held in trust at interest for your child's training.

This fund cannot be touched by the child until the date set by you has been reached.

It will then be paid in eight separate payments, six months apart, to cover the four vital years of training.

If you should live, the cash value of the contract, with dividends, will be available at any time to carry out any of your plans.

Nothing could be more simple—the funds provided—your plans made definite and secure—whether you live or die.

You have probably thought this matter over many times. Here is a chance to do something—tangible, immediate, yet quite easy.

Why not find out now what the educational policy will do for your child? This will not put you under any obligation.
