The Victory Loan Campaign came to an end Saturday night with magnificent results. The returns for the city of Charlottetown up to nine o'clock amounted to \$1,200,000; for St. John's \$350,000 and for the whole Province \$2,700,000. It is probable that some amounts received late Saturday night will yet be reported, and it may be some days before the final totals are received.

On Saturday night the winning of four crowns by the city was duly celebrated in front of the Victory Loan Headquarters, the League of the Cross Band having been requisitioned for the occasion and a considerable display of fire works being in evidence. A large crowd of citizens took part in the celebration and the utmost enthusiasm and satisfaction shown at the splendid results realized. His Worship Mayor Wright and Mr. W. F. Tidmarsh gave congratulatory addresses on the success of the loan and on the motion of His Worship, three cheers were lustily given for the city of Charlottetown for the great success achieved. A pleasing feature of the celebration was the reproduction by gramophone of the speech by Sir Thomas E. White in launching the Victory Loan.

The extra crowns were promptly placed on the Honour Flag by His Worship on Saturday night and the flag floated proudly over the City Hall yesterday.

WEDDING BELLS.—The home of Mr. Webster Howatt, Augustine Cove was the scene of a very pretty event on Wednesday evening, October 6th, when his daughter Edna was united in the holy bonds of matrimony to Mr. Harry McFarlane. The ceremony was performed by Rev. E. P. Calder, pastor of Tryon Baptist Church, in the presence of the immediate friends and relatives of the contracting parties. The bride who was given away by her father, looked charming in a gown of white silk crepe du chene, with satin trimmings, and conventional veil caught up with orange blossoms, and carried a bouquet of white asters and asparagus fern. She was attended by her sister Miss Helen, becomingly attired in white silk crepe du chene. The groom was supported by Mr. Nathan Bell, of Cape Traverse. As the clock struck the hour of six the bridal party entered the parlor to the strains of Lohengrin's Bridal chorus, beautifully rendered by Mrs. Marchbanks, of Alberton. The groom's gift to the bride was a beautiful chain and pendant, to the bridesmaid a ring and to the groomsmen a set of gold cuff links. The many beautiful and costly gifts including cut glass, silverware, and substantial cheques, testify to the popularity of the happy couple after a sumptuous supper. Mr. and Mrs. McFarlane left in their auto for their future home followed by the best wishes of a host of friends for a long and happy wedded life.—V.

OLD LAND MARK BURNED.—

An old house situated at the crossroads, on the Burlington road about three miles from Kensington was burned on Sunday about nine o'clock. The origin of the fire is unknown, the house being vacant for a number of years. The house was an old landmark, known as the "Black Horse," and although Dr. Tuplin is 89 years old the proprietor, well known as Dr. he is still quite smart and can tell Thomas Tuplin, who later became some interesting stories of happy by-owner of the Indian River grist and gone days, spent in the old "Black saw mills. His son James runs them, Horse."—R.

Don't Use Haphazard Blends

HOW can anyone depend upon getting, always, good bread or pastry if one's flour varies from time to time in strength and composition? The composition of wheat changes from time to time. Your blended flour may be all right one time and all wrong next time, due to the changes in the wheat. Most millers have no means of correcting these changes. The result is a haphazard blend. Our completely equipped testing laboratory finds out first what is IN the wheat. Then it is easy to maintain the absolute uniformity of our famous

QUEEN CITY FLOUR

(Milled according to Government Standard)

Use our flour. Then you can always be sure of happy results. It always contains just the correct amount of Ontario winter wheat for flavor and flaky texture—always exactly the right proportion of Manitoba spring wheat for fine big loaves of nourishing, delicious, flaky bread. No occasions occur when extra quantities of expensive shortening are needed to counteract over-strength in the flour when making pastry—and bread always rises properly. Try Queen City Flour for uniformly good baking results.

Use Campbell's Substitute Flours

The law requires that, when wheat flour is used, substitutes must also be used. Campbell's Corn, Barley and Rye Flours, in combination with Queen City Flour, give best results in baking.
