**SPECIAL VISIT**—The Rev. Henry J. Boyer Maritime Secretary of the Canadian Branches of the British and Foreign Bible Society, arrived in this province on the 7th of September and has addressed well attended meetings in Bedeque, Summerside, Brackley Point Road, York, Cornwall, Marshfield and Pownall. Yesterday Mr. Boyer took three services, namely Valleyfield, Kilmuir, and Caledonia. In conversation with the Rev. Mr. Boyer he stated great interest was being taken in the war work efforts of the Bible Society, in their desire to reach all classes of men over eight million, three hundred thousand copies of the words of life, (God's word) had been distributed during the war, translated into seventy five different languages. Such a service as this appeals to Christians everywhere and the Bible Society is being supported and sustained by all right thinking people. Mr. Boyer leaves this morning for New Brunswick, where he continues to "carry on" the work of circulating the greatest book with a Divine message in the world.

Tignish was the scene of a very pretty wedding on Wednesday September 11th when Miss Marjorie Hackett, eldest daughter of Mr. and Mrs. John T. Hackett was united in matrimony to Mr. P. Claude Murphy second son of Senator Murphy.

The ceremony was performed by Rev. J. T. Murphy uncle of the groom, assisted by Monsignor D. M. Macdonald, Rev. A. J. Macdonald and Rev. S. J. Macdonald.

The bride who was given away by her father was attired in a gown of white brocaded satin with the conventional veil and orange blossoms, and carried a shower bouquet of bridal roses.

The maid of honour Miss Gertrude McElroy, aunt of the bride wore a gown of silver lace over mauve georgette crepe with hat to match and carried a bouquet of native asters.

The two bridesmaids, Miss Edith Dalton of Brookline, Mass., and Miss Eileen Johnston of Charlottetown were gowned in pink silk net over georgette crepe with large black velvet hats and carried bouquets of pink sweet peas.

Little Miss Dora Hackett, youngest sister of the bride who made a dainty flower girl, wore pink satin and carried a basket of flowers.

The groom was attended by Mr. Harold Hackett brother of the bride.

The ushers were Mr. John J. Morris and Mr. W. A. Gaudet.

The church was beautifully decorated with ferns and cut flowers.

During the service solos were rendered by Master Hackett and Miss Dorothy Hackett brother and sister of the bride and Miss Annie Richard. A violin solo was played by Mr. H. Webb of Portland, Maine.

Burns, auditor of Disbursements and Messrs Henry and Long of the Railway Department, Ottawa, have been in the city for a couple of days on business in connection with the placing of the third rail. They made a trip over the road Thursday and Friday.

**RECOMMENDED FOR M. M.**—Private Frank Cameron of the 26th Battalion son of Mr. and Mrs. J. Cameron, Great George Street, writing home under date of August 24th says he supposed they were doing some worrying when they knew the Canadians were in the big drive and continues: "Well, we had some fun but it cost us quite a price. We advanced 14 miles in two days and you know that is quite a drive. We went in with a full platoon and came out with seven, so you see, I had good luck. I was recommended for a military medal." Private Cameron also forwarded a German watch and money as souvenirs.

**SERVICE FOR THE DEAD**—The annual service for the dead in connection with St. Dunstan's Cathedral was held at the Cemetery yesterday afternoon under splendid weather conditions. A procession headed by the League of the Cross Band and including various Catholic Societies, formed at the Cathedral and proceeded by way of Great George Richmond Prince, Kent and Weymouth St. to St. Peter's Road and thence to the cemetery. The Bishop of Charlottetown and Monsignor Kelly, Chicago preached eloquent sermons, and the Rev. Maurice MacDonald and other clergy officiated. Subsequently the Bishop consecrated the new addition to the cemetery. There was a very large attendance of the public and the procession which was a very imposing one, was witnessed by crowds along the route.

Premier Arsenault has returned from his trip to Halifax, Quebec, Montreal, Toronto and Ottawa. He reports the crops good in these provinces. In Ontario the crop is practically all in. The Province of Quebec is fairly well advanced and the New Brunswick crop is about half in.

The chief matter discussed\* at the conference in Halifax was the returned soldiers land settlement. The present Act was considered rather unsatisfactory and unworkable.

Whilst in Ottawa the Premier had a conference with Mr. Maber, the chairman of the Land Settlement Board and discussed the matter with him. It is not unlikely that ameliorations will be made to the Act.

The question of school books was also discussed in Halifax. Premier Arsenault also discussed this matter with the Acting Minister of Education of Ontario, Sir William Hearst and the Deputy Minister, Dr. Calhoun. It is probable that a meeting will be arranged of the Superintendents of Education of the different provinces to go more fully into the subject. The use of similar school books throughout the Dominion, especially in the Maritime Provinces would not only lead to more uniformity in educational matters, but would also bring about closer relations between the Provinces and also enable the books to be purchased at cheaper prices.

The Premier also had a very satisfactory interview with the Minister of Militia with reference to military matters in this district and the Minister expressed his desire of visiting the Province for the purpose of enquiring more closely into matters and getting more acquainted with the Province generally. If he can possibly spare the time he hopes to be able to pay the Island a visit at an early date.

## The Plain Truth about Shoe Prices

**LEATHER** is scarce and is growing scarcer. A large part of the available supply must be used for soldiers' boots. Importations have practically ceased and we are forced to depend upon the limited quantity of materials produced in Canada.

The cost of everything which goes into a pair of shoes is high, and is going higher. Workmen by the thousands have joined the colors, and labor is increasingly hard to get. It is not merely a matter of high prices, but of producing enough good quality shoes to go around.

These conditions are beyond the control of any man, or any group of men. They fall on all alike. No one is exempt—neither the manufacturer, the dealer, nor the consumer.

You must pay more today for shoes of the same quality than you did a year ago. Next Spring, prices will be higher still.

These are hard facts. They will not yield to argument. They cannot be glossed over. We cannot change them, much as we would wish to do so.

But you, as a wearer of shoes, can help to relieve them if you will exercise prudence and good judgment in purchasing. See that you get *real value* for your money. Spend enough to get it, but spend nothing for "frills."

See that the manufacturer's trade-mark is stamped upon the shoes you buy. High prices are a temptation to reduce the quality in order to make the price seem low. But no manufacturer will stamp his trade-mark upon a product which he is ashamed to acknowledge. Remember this, and look for the trade-mark. It is your best assurance of real value for your money.
