

You Have No Doubt Heard These Expressions:

I could have bought such and such a stock for a certain low price a few years ago, look what a profit I could have made. How short sighted I was that I did not buy these bonds when they were offered with a good bonus of Common Stock. Why those common shares were given as a bonus not long ago, now they are paying a dividend and see what they are worth. There is an old saying--"There is no use crying over spilled milk". Don't wish you had bought--buy. Full particulars of a very promising issue of bonds and preferred stock with a substantial bonus of common stock will be sent to you if you will just drop us a line, you will be under no obligation if you send for this information.

PURPOSES OF COMPANY PRODUCT AND DEMAND The Nova Scotia Underwear Company, Limited, has been incorporated under the Nova Scotia Companies Act to take over the business and undertaking of the Nova Scotia Knitting Mills, Limited, of Eureka, N. S. including the Plant, Stock on hand, Raw Materials, Trade Marks, Goodwill and all other assets of that Company as a going concern. The new organization will continue the business of the Nova Scotia Knitting Mills, but on a much more extensive scale to meet the manifest demand for goods of this Company's manufacture. Notwithstanding the want of sufficient equipment to take care of business offered, and the handicap of lack of working capital, the Nova Scotia Knitting Mills Limited earned last year 12 1-2 per cent on the capital, after payment of Bank Interest. The Nova Scotia Underwear Company enters the field with a thoroughly up to date equipment and ample working capital. Orders already booked are double the total output last year. A single contract closed with a Winnipeg firm and running over a minimum period of three years calls for total shipments each year in excess of the whole business done by the old Company in 1911.

PROFITS Judging from Costs ascertained from the manufacturing experience of the past four years, the Company should realize a net profit for 1912 on orders already on hand of \$22,000. The 7 per cent. Cumulative Dividend on \$150,000 Preferred Stock will call for \$10,500. Leaving a balance of \$11,500 which is equal to over 7 per cent. on the Common Stock issued. In succeeding years the enlarged plant will be operating for the full twelve months, and earnings should be very materially increased.

With the market for the goods assured, with the advantage of cheap power and progressive management added to the experience gained in the operation of the Nova Scotia Knitting Mills, the outlook for this industry is favorable in an extraordinary degree.

Applications will be received at the Offices of J. C. Mackintosh & Co. at Halifax, St. John, Montreal, Fredericton and New Glasgow, or at any Branch of the Royal Bank of Canada. Subscription Forms May Be Had on Request.
