COMPARING THE PRESENT WITH LAURIER LIBERALISM

Weakness of Present Day Liberalism as Compared with the Men who Stood Around the Late Sir Wilfrid Laurier.

Under the caption "Not the same," the Moncton Times says editorially "Realizing the paucity of talent in the opposition ranks at Ottawa, the local Liberal organ asks its readers to believe that after the election of Mr. Mackenzie King will be in "much the same" as being able to call to his assistance "men who have proved their administrative ability in the provincial sphere." But conditions are not the same and the provincial Liberalism is no more, and King is a long way from being a Laurier. There is no Greenway and no Sifton in Manitoba to set the people by the ears. There is no Sir Oliver Mowat in Ontario. The Liberal leader in the Ontario legislature is in opposition and is declared to be a misfit by such a staunch and important organ as the Toronto Globe. Premier Foster, of New Brunswick, is not the Premier Blair of 1896. Mr. Foster is merely the official head of the Government in the province and no one suspects him of possessing the qualities of a statesman. There is not another Fielding in sight in Nova Scotia and the Fielding that was in 1896 was turned down in the contest for the leadership last year at the bidding of the Quebec "block." Premier Murray, of Nova Scotia, is a man of rare qualities, but he is in ill-health and is retiring from public life, leaving no outstanding figure to succeed him. Sir Louis Davies, of Prince Edward Island, is in the bench, and we venture to say that not one in a hundred of our readers can name the present leader of the Liberal party in that province. Mackenzie King does not enthrone the people as Laurier did and Mr. King is not even certain of the support of the Quebec "block," which is being maintained, as Senator David and many Liberal newspapers openly declare, for the purpose of defeating the present government because of its war policy and after being reversed will be ready to form an alliance with other leaders. Whatever may happen in the coming election, it is reasonably certain that Mackenzie King will not be at the head of any government in the near future.

QUEEN'S CO. CONSERVATIVE ASSOCIATION COMPLETED

The Executive has Elected its Officers and is Calling the County Convention for September 20th When the Federal Candidates will be Elected.

A meeting of the Executive of the Queen's County Liberal-Conservative Association was held Saturday afternoon for the purpose of electing officers for the Association and carrying out other items of the programme mapped out by the Provincial Association. Mr. W. J. Gibson, Marshfield, was unanimously elected President; Mr. Andrew A. McDonald, Gloucester, Vice-President and Mr. J. A. McDonald, Charlottetown, Secretary. The Queen's County Liberal-Conservative Association is now complete in every detail and has a wide-awake and competent staff of officers and executive. The present leader of the Liberal party in that province, Mackenzie King does not enthrone the people as Laurier did and Mr. King is not even certain of the support of the Quebec "block," which is being maintained, as Senator David and many Liberal newspapers openly declare, for the purpose of defeating the present government because of its war policy and after being reversed will be ready to form an alliance with other leaders. Whatever may happen in the coming election, it is reasonably certain that Mackenzie King will not be at the head of any government in the near future.

UNIFORMITY OF CANADIAN LEGISLATION

Strongly Urged by Sir James Aitkins President of Canadian Bar Association.

OTTAWA, Sept. 4.—Addressing the conference of commissioners on the uniformity of legislation in Canada, which met in Ottawa yesterday, Sir James Aitkins, president of the Canadian Bar Association, viewed what had been accomplished by the conference and what was planned. The conference, he urged, should work more slowly but more thoroughly and accurately than uniform laws and procedure; it is one of the most important services to the public that is being performed by an organized body of lawyers, Sir James added.

THE OLD FAVORITES URBAN STOCK COMPANY

Give their Opening Performance Tonight in one of the Greatest Comedies Five O'Clock in which Mr. Urban Takes the Leading Role Supported by Strong Talent.

"Five O'Clock," the opening play of the Urban Stock Co., at the Prince Edward Theatre tonight, is undoubtedly one of the best comedies of the season. The play was made famous by Frank Bacon, Mr. Bacon is better known by his latest success "Lightning," which is now in its fourth consecutive year at the Gay Theatre. New York City. Dr. Marsh, the character played by Mr. Bacon in the New York production of Five O'Clock is played by Mr. Urban. Mr. Urban's interpretation of this character is one of the best things he has ever done. The story is unusual. Orville Stockwood is placed in a Sanatorium at the age of thirteen by his brother Percival in order to get possession of his fortune. Orville while in the Sanatorium has been given the best educational advantage. In after years

Premier Meighen Faces Camera Man

(Special to The Guardian) TORONTO, Sept. 4.—If Premier Meighen ever was camera shy he has bravely overcome that shortcoming in a public man. Yesterday afternoon as he reached the administration building at the exhibition and stepped with T. Russell, the latter's car he was confronted with a press camera. They were a few minutes late for luncheon and Mr. Russell wasn't just sure that they would halt, but the Premier had no hesitation "I am used to this now, got to face it most every day," he smiled as he squared about and let the photographer get as good a chance as the sun would give him.

European Colony In Madras In Panic

LONDON, Sept. 3.—Calcutta despatches to the Daily Express give details of rioting in the city of Madras over the last week-end. The whole European colony is in a panic. The police have been forced to fire on the rioters and the troops in the citadels are kept under arms night and day. Bodies of volunteers have been organized and armed and the main roads have all been barricaded and are being patrolled. The property of all European companies is being guarded to prevent destruction by the mobs.

Australia Gladly Helps Stricken French Villages

(Special to The Guardian) LONDON, Sept. 4.—Reuter's correspondent in Melbourne, Australia, says that the streets of that city were gaily decorated and much enthusiasm and practical financial sympathy shown on the recent occasion of the appeal for funds in aid of the war-stricken and badly impoverished French village of Villers, in frontonnet, which was adopted by the city of Melbourne. The initial collections from all classes totalled over two thousand pounds sterling and are mounting rapidly.

Secret Marriage And Fight for Great Fortune

\$9,000,000. Alleged to Have Married Actress Against Mother's Wishes. NEW YORK, Sept. 2.—William E. Smith, principal heir to a \$9,000,000 estate left by Mrs. Roxey M. Smith, widow of William Van Rensselaer Smith, one time partner of Ambuckle Brothers in their coffee and sugar ventures, is accused of having concealed a marriage made less than three months before his mother's death that would have caused his disinheritance had she known of it in papers filed before Justice Martin in the Supreme Court. The accusation is made by Mrs. Beatrice Provost Nugent, grand-daughter of Mrs. Smith and daughter of Mr. Smith's deceased brother, Clarence E. Smith. Mrs. Nugent asserts in an affidavit that Mr. Smith was married June 18, 1921, to Miss Clair Staley, an actress, "whom Mrs. Smith knew and disliked," and that Mr. Smith told her if his mother learned of the marriage she would be "angered and provoked," and the knowledge "would lead her to revoke her will, the provisions of which he had knowledge of."

Hope Missing Men Are Safe

VANCOUVER, B. C., Sept. 3.—The Canadian Winner and the Argentine are now assisting the Canadian Observer in towing the Canadian steamer "Merchante" Government to port, it was announced at the local offices of the company here today. No word has been received this morning of the missing boat containing eleven men of the importer's crew, but officials of the Canadian Government Merchant Marine here are confident that the men are safe and will report at some southern port soon.

New York Disputes London's Superiority In Population

(Special to The Guardian) WASHINGTON, Sept. 4.—New York has a valid claim against London for classification as the largest city in the world, according to the National Geographic Society. Discussing the recent announcement of the British census that greater London has now a population of 7,476,169 persons, a society bulletin questioned the right of London to proper to claim all that population, and suggested that New York's 5,630,480 actually within one municipal unit under one municipal government may make it largest.

Preparing for Disarmament Conference

TOKIO, Sept. 4.—Questions relative to the island of Sap Chantung and other matters possibly connected with the conference on disarmament and Far Eastern questions, which will begin in Washington on November 11 were discussed yesterday by the cabinet and the diplomatic advisers which held separate meetings. The two bodies failed to issue official statements regarding the matters under discussion.

Heavy Fighting In West Virginia

LONGHAI, W. Va., Sept. 2.—Heavy fighting on the west end of the Spruce Fork Ridge line was reported in an official statement issued by Col. W. E. Ubanks to-night. His announcement added that toward the center some firing was in progress, but the east end of Blair Mountain is located all was quiet. Firing was resumed along the ridge at points between Mill Creek and Crooked Creek shortly before daybreak today. There is much speculation here as to the number of casualties among the defensive forces. Officially it has been announced that three men have been killed and one is still missing. Soldiers Rushed to Scene. WASHINGTON, Sept. 2.—The war department set in motion today machinery to apply irresistible force to disorderly elements in the five mining counties of West Virginia, where labor disorders have culminated in a situation which officials fear will result in a general strike.

Leading Paper Great Britain on Mr. Meighen

LONDON, Sept. 31.—The Manchester Guardian has discussed editorially a despatch from its correspondent in Ottawa, which indicated the impression that the absence of Premier Meighen at the Imperial Conference had caused him to lose ground with the people of Canada. The Guardian gives it as its own opinion that in-so-far as Englishmen understand Canadian politics it would seem that the future lies mainly with the agrarian forces, from whom the Premier differs little if at all in world ideals, but "falls out with them at home." In the view of the Guardian, Premier Meighen has helped nobly to give a lead to Europe and the world in such matters as the crying to stop squandering money in the building of navies, and in the so-called Pacific question, which should not be a question at all if men would get together and talk about it. The Guardian says that Premier Meighen has made to the important and crucial moment a detached, dispassionate contribution that the history of the world will note as helpful to peace and understanding. He has gone back to face a domestic situation which takes no account of the way he has spoken for his country in the momentous world question dealt with by the Imperial Conference. This is a familiar experience to all statesmen; the article proceeds that it is a fate which statesmen of the world hence, even across the Atlantic, will not suffer from. There is nothing surer than that the world politics of today will be parish pump politics then, so that Premier Meighen may take even the adverse by-election at Medicine Hat, composure. King George's reply to an address from the Convocation of Canterbury contains reference to Premiers wherein His Majesty says: "I feel a just pride to have seen the British Ministers of my Dominion assembled together. I rest assured that their broad representative statesmanship will prove equal to the great tasks before them."

TURK NATIONALISTS ARE FALLING BACK

CONSTANTINOPLE, Sept. 3.—Turkish Nationalist forces, which have been fighting a desperate battle against Greeks in the town of the Sakaria River in Asia Minor, are withdrawing toward Ankara. Both the Greeks and Turks have suffered heavily during recent fighting, but the Turks were only seventeen divisions into the battle line against the entire Greek army. Correspondents of Greek newspapers telegraph from the front that the Turkish forces now are

Sanitation Increases Average Span of Life

COLUMBUS, Sept. 3.—The average life of man has lengthened four years in the last quarter century, despite the time waste, war automobile and other hazards, "Within another generation the allotted threescore years and ten may be a thing of the past," said Dr. George W. Hoagland, basing his claims on mortality statistics of the American Insurance Union of which he is secretary. "Improvements brought about in sanitation, the nation wide anti-smoking fight and other steps taken, have contributed toward men's longevity," Dr. Hoagland said. "Severe epidemics of typhoid and malaria which formerly took such a huge toll of life, no longer are known."

MAN HAD DOG LICENSE. MISTAKE DISCOVERED AT MARRIAGE CEREMONY.

KINGSTON, Ont., Sept. 3.—Today Taylor of Cape Vincent, today presented himself to a minister to be married to Mrs. Charlotte Jones on the authority of what the minister discovered to be a dog license. "Tobie" was much agitated when informed that he would have to make a return trip. He recalls that after getting the license, he put it in his pocket and hung the coat up in the hotel where he is employed and he thinks some was switched licenses in his absence.

THE MAYOR AND 14 COUNCILLORS JAILED

LONDON, Sept. 3.—London's unemployed today were continuing to hold their own as the news feature of the day following the seizure of developments of last night, involving the arrest and imprisonment of several members of the Poplar Borough Council and the more or less peaceable but determined all night siege of the Guildhall at Woolwich by those demanding heavy unemployment maintenance. Fourteen members of the Poplar Council, including the Mayor, spent their first night last night behind bars for refusing to comply with the London County Council demands for levying further rates upon the town, which are being maintained by the Poplar Council that the unemployment situation rendered further assessment impossible. They accepted the situation complacently, as martyrs to their behalf, and today were expecting the arrival of more of their colleagues whom the Sheriff was rounding up. While the imprisoned Councillors were comfortably drinking their early morning tea the curfew was dropping the first act of the unemployed in desperate defiance of the town of Woolwich. Last evening ten thousand unemployed marched to the offices of the Board of Guardians and invading the building, demanded greater monetary relief. The Guardians declined to acquiesce and the lawless unemployed in desperation the doors and refused to allow the Guardians to depart for their homes until the demands were granted. All night the deputation argued and threatened, and the Guardians stubbornly reiterated their original stand. It was six o'clock this morning before both sides, sleepy and hungry, called a truce and the doors were unbarred. This was believed and, further 123417 was believed, only a full in the storm, however, and further developments were expected. Three more Councillors of the borough of Poplar had been arrested by one o'clock this afternoon and a near riot developed, as the Sheriff's officers were taking two of them away in a taxicab. The angry crowd rushed the car and tried to pull the officers out, and it required all the persuasion of the prisoner councillor to quiet the people. The Councillors addressed the crowd, reiterating determination to stick by their guns under all conditions and all of them are expected to pay a penny of rent. The officers finally got the two Councillors and another, who were arrested later, away safely, while the crowd cheered and sang.

Big Fire in Glace Bay

GLACE BAY, N. S., Sept. 3.—A conflagration of unprecedented proportions flamed by high wind swept part of a residential block on Union Street, one of the main thoroughfares of this town tonight. Gangs of men hurriedly recruited to fight the flames, are assisting the local fire brigade in laying water lines along Union Street, adjacent streets in high wind attempts to stem the march of the fire. A call for help has been sent to Sydney. Originating in a barn behind the King George Hotel shortly before midnight the fire undisturbed for some time leaped into the Hotel and from that point rapidly spread along one side of the street, taking many fine residences in its stride. At a quarter past three this morning the vivid light of the fire had died down slightly and it was hoped that efforts to prevent its further spread would be successful. An estimate of the damage is impossible as yet, but it is believed that the loss, including the King George Hotel and many homes and adjoining buildings will be heavy. WATER—At 3:30 a.m. the fire was under control and confined to the King George Hotel, totally destroyed, and five dwellings also totally destroyed. Most of the furniture of these houses was saved, but for a time the threat of fire to all the furniture and household effects were removed.
