ALL'S WELL—NO BLUE RUIN

It is the very irony of fate, (writes Mr. George H. Ham) just as we were preparing to celebrate a century of peace, the nations of the world should be clutching at each others throats—destroying, wounding, slaying, slaughtering. The deadly conflict was inevitable, for conditions had arisen that it could not be otherwise. The appalling sacrifice of life, the widespread devastation, and the wanton loss of priceless treasure, however, shall not have been altogether in vain. Mighty consequences may result:

Stricken Poland will regain her nationhood after a century and a half of tyrannical oppression;

The persecuted Jews of Europe will have their full rights restored;

Home Rule, which until the war broke out, was ominously rending Britain in twain, will re-unite the Motherland;

Women will be given the suffrage, and a fearful menace to Britain's home life removed;

And, above all, the nations must unite in policing the world. There should be no more vast squandering of countless billions to maintain gigantic rival fleets and colossal land fighting forces. The untold wealth expended in non productive war material—for armament destroys and does not produce—could be profitably spent in the betterment of the world.

Europe shall no longer be an armed camp. Entirely new and happier conditions will naturally arise, and Canada must naturally share in the better times that are to come.

Even today, embroiled in war as she is—for when Britain's at war, Canada is at war—comparatively few of our own industries are suffering, and many are working overtime. Never were these so busy. Never were the products of the soil and of the factory in such heavy demand.

God forbid that we should build our prosperity on the misfortunes of others, but it is the consensus of opinion that the New World far from the scene of strife, shall gain by the terrible disruption of the Old. New avenues of trade must necessarily be opened, new markets spring up—with a greater demand for our products.

So there is no cause for despair—no gaunt spectre of Blue Ruin before us.

Canada is sending her best blood and her best food and munitions to aid Britain's cause. We cannot all be in the firing line, but every Canadian has his duty just as sacred, if not as perilous, as our gallant troops.

Those who, may unwillingly, remain at home can help Canada by not being stampeded with the panicky cry of hard times, by not going up and down despairing of the country, by not tamely submitting to the extortions of unscrupulous price-raisers, by co-operating in minimizing want by lessening the number of the unemployed, and, with a staunch heart and trusting in Providence, by doing that for Canada which will, when the Dove of Peace once more descends upon earth, place her first among the nations of the world as a land of Illimitable Opportunities and Peaceful Prosperity. While mourning the appalling sacrifice of life, deploring the desolation of fair lands, the awful annihilation of peaceful homes, and the utter ruin of countless people—it may be that the end of this Age of War and Death and Destruction will be followed by a brighter and a better Era in which the Dominion shall play no inconsequential part.

All that Canadians have to do is to Stand Pat and keep their courage up. ALL'S WELL.

This is particularly applicable to Prince Edward Island and its Fox Industry especially.

By the irony of fate the trapping industry of the west has been suspended, due more to money stringency in London than any possible shrinkage in fur consumption. This means the trapping industry has become disorganized and it will take a long time after the situation is eased, for the normal to be restored.

In the Domestic Fur Industry there is, and need be, no loss or disorganization. The industry has not yet reached a pelt basis. The demand for fur breeders, and the development of litters goes on apace whether or not there be war in Europe.

Fox Companies are paying out their cash dividends—the best proof that ALL'S WELL with the Fox Industry.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

THE EXPRESS.—The late express from the West arrived in Charlottetown at 11.20 o'clock last night.

THE CASCAPIEDIA.—The steamer Cascapedia from Montreal on her regular trip is due in Summerside this afternoon, and after discharging a large inward cargo will sail for Charlottetown and Picton.—J.

A 1914 RECIPE.—How to cook a German Sausage: Cook on a British Kitchener, use a Japan enamelled saucepan. Grease well with Russian tallow, flavour with a little Jellico. Servia up with a little French Capers and Brussels Sprouts.

A GOODLY RETURN.—The sweet peas so kindly donated by Mr. James Tait, Mrs. Tidmarsh, Dr. Smallwood, Mr. Ewen McDougall, Mrs. E. B. Brown, Mrs. S. C. Moore, Mrs. James Hegan, Mrs. B. Warburton were sold by a number of young ladies last Saturday and realized the sum of \$21; also the flowers given by Mrs. Louis Haszard and sold by some little girls realized \$2 which the treasurer of the P. E. I. Women's Patriotic Association gratefully acknowledges. (Pat. and Ex.)

PLEASANT EVENING.—A very pleasant and enjoyable evening was spent on Friday last at the home of Mr. and Mrs. J. A. Clark, Experimental Farm, when about thirty young people of Charlottetown, assembled for the purpose of organizing a Young Men's Bible Class. After business was concluded, games and music were indulged in and thoroughly enjoyed by all. One of the most pleasing features was an autoharp selection by Mr. Russell Fader. Refreshments were then served in Mrs. Clark's dining room to which every one did justly after singing "God Save The King" and giving three cheers for Mr. and Mrs. Clark and family the happy company wended their way home, all expressing the desire that they might soon again meet on such an occasion.

A GOOD BARGAIN.—Taking advantage of a splendid opportunity that has been offered for the purpose of its Public Works Department in erecting permanent structures a large quantity of creosoted piling and hard pine lumber. The necessity for this class of material is constantly occurring and the possession of a considerable supply on hand will not only make for convenience and the greater despatch of the required work but will preclude any drawback that might otherwise be occasioned in producing the desired article. The material was obtained at the Gulf Port, Miss., and was purchased at a bargain. Not only was it bought at an exceptionally good price but it has been pronounced by leading local lumbermen to be the finest lumber that ever came to Charlottetown. The quantity that has been secured is about 25,000 lineal feet of creosoted piling and about 100,000 superficial feet of lumber.

HOTEL IMPROVEMENTS.—The supreme ideal of Prince Edward Island as a summer resort is as common a matter of knowledge as the supreme excellence of its silver foxes; and if in the past there may have been any lack of accommodation there is now not the slightest reason for complaint. The management of the Victoria have all summer been effecting improvements and additions to that hotel on a large scale, so that the building is now a magnificent credit to the island and undoubtedly one of the finest in the Maritime Provinces. As a result of the additions of storeys an elevator has been found essential, and one worked by electricity has been installed. Twenty-four additional rooms have been put in, each elegantly appointed, with bath attached, and fitted with long distance telephone. There will be a fine roof-garden, which will be furnished with chairs, tables, etc. The garden commands a comprehensive view of the city and the river and is fanned by a delightful breeze. There has been put up a strong iron-constructed fire escape on the eastern side of the building. On the whole the hotel is a landmark in the city and should add materially to the attractiveness of Charlottetown.

PERMANENT WORKS.—The Public Works Department is carrying out its excellent policy of gradually replacing all of the existing wooden temporary bridges with permanent structures of steel and concrete. In addition to completing that portion of last year's building programme which for unavoidable causes could not be finished before the weather became unsuitable, the department has this year constructed a number of other new bridges. Of last year's work the most important is the big bridge over the Cardigan River. This structure comprises two steel spans of 250 feet in length, clear of the approaches. The bridge has a concrete roadway and a four-foot side-walk, the width of the roadway being altogether about 15 feet. This bridge was commenced last fall, and at present the entire superstructure, including the concrete roadway, has been completed, while the construction of the approaches is now under way. It is expected that this fine new bridge will be opened for traffic in the course of another month. Besides this bridge another new bridge was built in that locality this year, a concrete culvert bridge being erected near Cardigan, to fill the vacancy caused by the bridge that was burned. At Wigginton's, a 35-foot steel span bridge has been erected in the place of the previously existing wooden one. The Fortune Bridge, of two 120-foot steel spans, has been completed; this permanent structure is also replacing a wooden bridge. At Mink River a hundred-foot steel span bridge has been erected; near Crapaud, another 35-foot steel bridge has been put up, while one with 25-foot steel spans is in course of erection at Ahearn's, Tignish.

BOY SCOUTS.—All boys interested in Boy Scouts work are invited to attend a meeting at the Y. M. C. A., on Thursday evening at 7.30 o'clock. Plans will be discussed for re-organizing the work locally.

DEATH OF DR. GILLIS.—The announcement is made with regret of the death early this morning, in the Charlottetown Hospital, of Dr. Stephen Gillis, of St. Louis, Prince Edward Island. On the advice of his medical attendant, Dr. Dorsey, Dr. Gillis, who had become seriously ill, was on Saturday morning brought down by special train to the city and admitted to the city hospital for treatment. A slight improvement in his condition, was followed, however, by a relapse and his demise occurred this morning. An estimable young man, his early death will be a great blow to a large circle of friends and acquaintances.

PERSONALS

Mr. Chester McClure, city, left yesterday for Montreal.

Mr. W. P. Doull, city, has returned from a short visit to the mainland.

Mrs. George Proud, North River, is visiting friends in the city.

Mrs. Hannah Cooke is visiting relatives in York.

Mr. Edwin Stewart, of the firm of MacDonald & Rowe, city, spent Sunday with his parents in Dunstaffnage.

Miss Josie Heartz, student at P. W. C., spent Sunday at her home in Cornwall.

Mr. and Mrs. E. N. Hill, New Glasgow, spent the week-end in the city visiting Mr. and Mrs. Thomas Gass.

Miss Minnie Trainor, who has been visiting at her home in Lake Verde, leaves this morning for Boston.

Mrs. Green, Found Mills, spent Sunday last in Charlottetown, visiting her brother Mr. George Morrison.—L

Miss Mary Flemming has returned to the city after spending a well-earned vacation at her home in Rustico.

Mr. A. H. Dymont, Northam, has again entered P. W. C. where he is taking up second-year work. His many friends wish him every success.

Miss Ethel Fraser, Red Point, has returned home after a pleasant visit to Long Creek, where she was the guest of Miss Myrtle Henderson.

Mr. Walter Shaw, of St. Catherines, left yesterday morning for Guelph, to resume his studies in the Agricultural College there.

Miss Lizzie Stewart has returned from Summerside after spending a few days with her sister, Mrs. Sterling Hunter.

Mrs. J. L. Godkin, city left on Monday for Murray Harbor where she will be the guest of Mrs. Frederick Prowse.

Miss Katie Flynn, head milliner for L. J. Reddin, has returned home after attending the millinery openings in St. John.

The Misses Charlotte and Sarah Holman, late of India and the Canadian North West, are visiting at Union the guests of Mr. and Mrs. Lee Essery.

Mr. Jas. Essery and his sister Mrs. John Harne are expected to return shortly to the island from an extended visit to the Canadian Northwest.

Mr. J. S. McLaren, Inspector of Customs, and his Secretary, Mr. Hoyt and Mrs. Hoyt, are now on the island. They are at present in Charlottetown.

Mr. McDougall, Master Mechanic of the Sydney Steel Works, leaves this morning for the Northumberland and Picton after a short business visit to this city.

Mrs. Dexter Benner left Saturday on return to her home in Somerville Mass., having spent a month's holiday in Charlottetown.

Mr. and Mrs. J. C. McLeod, of Pittsburg, Pa., who have been visiting Mr. McLeod's mother in Melville, leave this morning for their home, visiting friends in Boston and New Bedford, en route.

The Misses Margaret and Stella Burhoe and Miss Jeanette Emery of Cambridge, Mass., returned yesterday morning after spending their vacation on P. E. Island. They spent a few days at Brookfield the guest of Mrs. Alex. Campbell.

Mr. Stirling McKay of Brace & McKay Co., and Mrs. McKay were the guests of Mr. and Mrs. Wm. McKenzie, Mt. Stewart, on Tuesday. Mr. McKay also visited Montague and was very favorably impressed with that hustling little business centre of Kings.—L.

Miss Helen McLaren, daughter of Mr. J. A. McLaren left yesterday morning for Halifax where she will resume her studies—second year—in the Ladies College there. She was accompanied to Halifax by her brother, Mr. Irvine McLaren.

Mr. and Mrs. John A. Henderson, city are spending the week in Halifax, the guests of the former's brother, Mr. E. C. Henderson. While there they will attend the Halifax races at which Mr. Henderson drives the well-known pacer Derby.

CROWN PRINCE REPULSED.

PARIS, Sept. 15.—That the German Crown Prince's Army has been repulsed in an attempt to break through between Verdun and Toul is officially announced.

DAILY SELECTIONS FOR GUARDIAN READERS

Furnished by W.S. Louison

THE MELTING POT.
Fling them all in the melting pot,
Native and strange to these harboring shores,
Where the scarlet fires are flaming hot
And the noise of the conflagration roars.

Foreigners, citizens, gather here,
Drawn by the light and held in thrall;
Moths that out of the harkness appear
To answer headlong the fateful call

And some are lifted out of the ditch,
And some are dragged from the hills of pride;
The lowly and noble, poor and rich,
Seething and bubbling side by side.

And some bring thrift and brains
And cast them all in the common store;
And some bring sloth and the sins that kill
That into the fusing caldron pour.

It levels them all like the leveller,
Death,
That brings to one semblance all who live;
And out of the furnace a common breath
To each that riseth again doth give.

Oh, well it is for the crawling beast
That is graded up from the slime of the town;
But alas! for the soaring dreams
That have ceased
In the generous soul that is melted down.

—M. E. Buhler, in New York Sun.

PLANNING FOR SOCIAL SURVEY

There was a splendid meeting of representative leading citizens in the Y.M.C.A. last night to complete organization for the social survey of Charlottetown which is in hand. Mr. J. K. Ross was in the chair and sketched the proceedings up to the present time. He then called on Dr. Myers, who briefly outlined what the scope of the survey would be. He defined it as a scientific investigation of conditions and the formulation of a definite constructive programme of work. Publicity will be given to the results through public meetings and by publishing the report. The chief value of a survey is that it stimulates public opinion and directs it along constructive lines for the bettering of conditions. There was considerable enthusiasm manifested and hearty unanimity. The

INDUSTRY: Messrs R. H. Jenkins, J. A. Clark, C. L. McKay.

CIVIC CONDITIONS: Messrs E. T. Higgs, J. K. Ross, H. B. Hillson.

THIS HOTEL MAN-MAKES A CUT IN THE RATES.

CALGARY, Alta. Sept. 14.—Instead of advancing rates in conformity with increasing prices for foodstuffs, the proprietor of one of the largest hotels in Calgary announces a reduction, notwithstanding that the service will be fully up to the standard. Believing it to be the duty of all citizens to do their share towards meeting the unprecedented conditions brought about by the European struggle, the management has cut the cost of living of its guests and will be satisfied with a smaller profit until peace is declared.

ITALIANS WANT WAR.

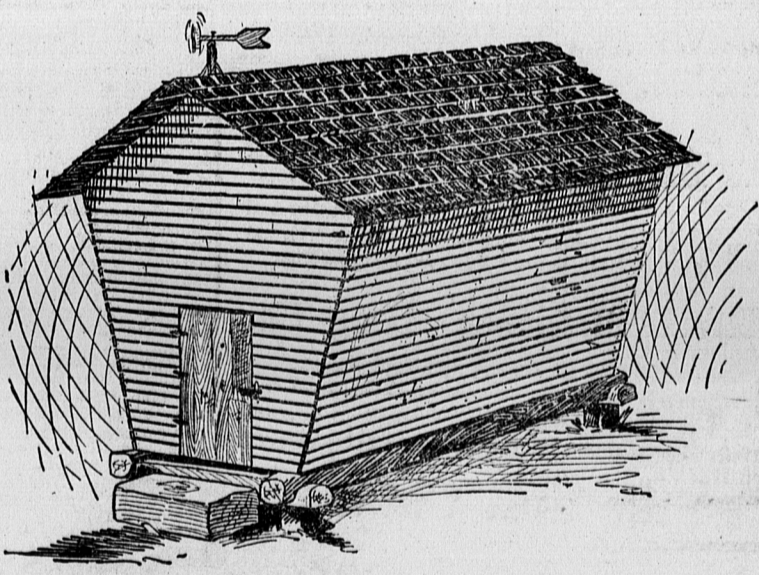

ROME, Sept. 15.—A demonstration was held in the centre of the City last night, the people crying out in favor of England and France. Troops charged the demonstrators several times and a number were injured. Troops are guarding the Austrian Embassy.

CHANGES IN QUEEN'S STAFF.

KINGSTON, Sept. 14.—Two changes in the staff of Queen's University are announced. T. J. Hedman, of Chicago, has been appointed lecturer in German. He is a native of Sweden, Arthur J. Mann, a graduate of Oxford University, has been appointed a lecturer in French.

REPORTED GERMAN SURRENDER.

LONDON, Sept. 15.—A correspondent to the Central News at Dieppe, under date of Sept. 4, transmits the report that the German Army under control of General Von Kluck has been forced to surrender with 25,000 men.

True Toasted Corn

Is as different from commonplace corn flakes, as succulent green sweet corn is different from the hard, flinty, yellow grain of the farmer's corn crib. In spite of the numerous "corn flakes" marketed, few persons really know the rich sweetness of choice corn when skillfully cooked, flavoured and toasted.

This true toasted corn—distinctive in its rich, rare flavour—is called

Post Toasties

A call for "corn flakes" often brings some one of the many brands of ordinary flakes. To avoid disappointment ask for, and insist upon **Post Toasties**. This food can be distinguished by the original yellow package; by the rich, true corn flavour imprisoned in the making; and by the size and tender crispness of the golden brown flakes.

Toasties are ready to serve hot or cold, with cream or good milk—also with fresh fruit in season. A further delicate flavour may be released by heating a few minutes in oven before serving. And it's a flavour worth knowing!

No advance in price of Post Toasties
