ITALY AND PERU.

ROME, Aug. 4.—It is reported here that trouble has occurred between the Italian consul at Callao, and the Peruvian authorities, growing out of the latter's treatment of Italian subjects. Two Italian warships have been ordered to Peruvian waters.

RICH BLOOD Strong Nerves

When the blood gets thin and watery, as it usually does at this time of year, the nerves are first to suffer; they are starved and exhausted. Headache, dizzy spells, indigestion, weak action of the heart, languid, depressing feelings, weakness and functional derangements of the bodily organs are the result.

You can feel Dr. Chase's Nerve Food doing you good day by day, as it strikes at the root of trouble and creates new, rich blood. You can prove that it builds up new tissues and adds flesh if you weigh yourself each week while using it.

Mr. J. McFaul, carpenter, 315 Manning Avenue, Toronto, states:—"I have used Dr. Chase's Nerve Food for acute indigestion, nervousness and inability to sleep, and now, after a thorough test, I am pleased to say that my nervous system has been built up, and I rest and sleep well. I can speak very highly of this preparation, knowing it to possess curative properties which I have failed to find in other remedies." 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Dr. Chase's Nerve Food

Every housekeeper who can, should try

PORT HOOD COAL

It makes a quick and lasting fire, and very little dirt.

McGILL UNIVERSITY.

BIG FACTORIES LEAVE THE UNITED STATES FOR CANADA

Alarm Felt in Chicago Over the Exodus of Large Establishments.

CHICAGO, Aug. 6.—The Record-Herald says:

Is the ominous delay of Congress in ratifying the reciprocity treaty with France, coupled with the still unamended reprisal of Russia in the matter of American machinery and the threatened discrimination against all our exports that is now pending in the Reichstag, going to drive into exile the great industries that have been built up under the very system that now seems about to lay them low?

That is the serious question propounded by the National Reciprocity League, which numbers in its membership some of the best known and most conservative men of the country, and which intends to sound an alarm in the ear of our dallying legislators before it is too late.

The league points to the significent fact that one great industry after another is moving its plant, or a large part of it, into the jurisdiction of some other flag, on the ground that it is no longer possible to continue its foreign trade under the conditions that now obtain at home.

BIG PLANTS MOVED TO CANADA.

The Westinghouse Company of Philadelphia has moved much of its plant to Russia; the Ingersoll Sargent Drill Company of New York, the Port Huron Threshing Machine Company of Port Huron, Mich.; the Deering Harvester Company of Chicago, and the Minneapolis Threshing Machine Company of Minneapolis, Minn., have transferred or are about to transfer a substantial share of their productive facilities to Canada.

To this list rumor insistently adds the names of the McCormick Harvesting Machine Company, the John Deere Plow Company, the Studebaker Wagon & Carriage, Company, the Republic Steel & Iron Company, and about thirty others of equal importance.

Not all the firms joining in this extraordinary exodus are members of the Reciprocity League. Some of them have been members and have grown discouraged in the effort to get the ear of Congress, and others are not, for reasons similar to those outlined in a letter written by the president of the Minneapolis Threshing Machine Company to the secretary of the Reciprocity League:

LAWMAKERS ATTACKED.

This is the document:—

Gentlemen,—Replying to your letter of the 27th ult., which came to hand during the writer's absence, we desire to say: We are not at all interested in the work of your League; we do not desire reciprocity, and are perfectly indifferent as to whether the duties are raised or lowered on goods coming into this country. We have felt it to be much more to our interest to stand on our own bottom in this and collateral questions, rather than to wait the slow movements and whimsical fancies of the low-grade talent we send to Washington to make laws for us.

It is high time that the business people repudiated the law making powers as an adjunct to their business. We have recently purchased a large plant from Toronto, which we have started up for the manufacture of goods to be sold in Canada. It is our purpose to greatly enlarge this plant to accommodate our export trade, as we can export goods from Canadian ports on much better terms than we can from the United States ports, particularly for the Russian trade. In the opinion of the writer, it is only a question of time when other manufacturing concerns in our line will be compelled to manufacture their goods in Canada, in order to place themselves on an equal footing in the general trade. I do not think that people who remain in the United States to manufacture will be able to get any relief from existing conditions until such time as we find ourselves face to face with a large product and no sale for it. Yours truly,

F. B. KENASTON.

June 5, 1902.

THE NATIONAL ANTHEM:

Following is the special version of the National Anthem for Coronation and Thanksgiving Day:

God save our gracious King,
Long live our noble King,
God save the King;
Send him victorious,
Happy and glorious,
Long to reign over us,
God save the King.

Accept our thanks, O Lord,
For health and strength restored
To our good King;
When, fill'd with anxious care,
We cried, 'In mercy spare.'
Thou heard'st the Nation's pray'r—
'God save the King.'

Thy choicest gifts in store
On him be pleased to pour,
And on our Queen:
Through all their earthly way,
From this glad 'Crowning Day,'
Bless, we devoutly pray,
Our King and Queen.

With truth and righteousness
Our widespread Empire bless;
God save the King.
Through Britain's vast domain,
Sing we the bold refrain,
Long may King Edward reign,
God save the King!

To cure headache in ten minutes use Kumfort Headache Powders.

NEW LORD LIEUTENANT OF IRELAND.

LONDON, Aug. 6.—It is considered probable that the Earl of Dudley will succeed Earl Cadogan as Lord Lieutenant of Ireland.

DIZZY ALL THE TIME.

Every Sick Woman Should Read the Statement of Mrs. Riley, a Cape Breton Lady.

ROCK DALE, C. B. August 4.—(Special.—Mrs. David Riley, of this village, suffered for over eight years with female weakness. She could not lift anything and was dizzy head all the time. No medicine seemed able to help her and the pain in her back was so great that many times she felt like giving up altogether.

But she didn't. She began to use Dodd's Kidney Pills, and in a short time was well. She says:—

"If it had not been for Dodd's Kidney Pills I would have had to give up. They are certainly a wonderful medicine, and I can and will recommend them to all weak women who suffer as I suffered for over eight years."

SMALLPOX ON THE NASHWAAK.

Fredericton, N. B., August. 6.—Two cases of suspected smallpox have been discovered on the Nashwaak about two miles above Marysville. The patients are Mrs. E. H. Manzer and Ernest Collins, Dr. Lunam of Campbellton, was called to see them, and it is understood has pronounced both cases smallpox of a mild type.
