Don't Bother with "Special Pastry Flour"

You can get the same flaky lightness in your Pie Crusts, Tarts and Cookies, with

BEAVER FLOUR

as you can with any pastry flour. Beaver Flour is milled of the famous Ontario fall wheat, strengthened with western spring wheat.

And more than that—Beaver Flour makes a loaf of bread that is a joy to eat—with fine, even texture and a delicious, "homey" nutlike flavor, unknown to those who still use the tough, tasteless, western spring wheat flours.

Make the change today—order a barrel of Beaver Flour at your grocer's and have really delicious Bread and Pastry.
