...SWIFT dealers again present RAY PERKINS with

ROY SMECK
"Wizard of the Strings"

The phrase "world's best" is worn out, but on the Banjo, ROY SMECK is positively and absolutely it! He makes one instrument sound like three. But he simply can't be described. Hear him tonight with RAY PERKINS and HOWARD FOGG'S all-Canadian concert orchestra.

NOTE: Friday night Swift presents the Countess Olga Albani, one half hour earlier than tonight.

Here's one sweet they may safely eat their fill of.

Farewell Social

A large and representative gathering of Hampton relatives and friends of Mr. and Mrs. Thomas Cameron, and their daughter, Miss Louise Cameron, assembled on the evening of March 24th, to enjoy a social evening and to say "farewell" to the Cameron family as they leave their grand old homestead by the sea to take up their new residence and future home in Victoria.

Games of interest and variety, instrumental music, and renewal of friendships interspersed the flying moments, until the arrival of the time when the main purpose of the gathering should be executed. This purpose was suitably explained in a few well chosen remarks by the chosen chairman of the evening, and Rev. Mr. Ayers was then called upon to read the following address, accompanied by a purse of gold presented on behalf of the assembled guests by the adjoining neighbour and friend of the family, Mr. Warren Villet. A bountiful luncheon was then served, the quality of which the ladies of Hampton are creditably noted for at all times, after which all dispensed to their respective homes, following benediction by the Pastor, and singing, "For They are Jolly Good Fellows", "Auld Lang Syne", and general expressions of regret by reason of the impending departure of the Cameron family from the home and friendships of their childhood, and also expressions of every good wish for health, happiness, and contentment in their new home at Victoria. Following is the address: To Mr. and Mrs. Thomas Cameron and Miss Louise.

WOMAN LOSES 28lbs

TRIPS UPSTAIRS LIKE A 2-YEAR OLD

A woman writes:—"Three months ago, after much argument, I was persuaded against my will to try Kruschen Salts to reduce my weight, which was 222 lbs. I had tried other things, but all to no avail. After three weeks of Kruschen I had lost 5 lbs. 4 ozs., and I felt five years younger. I really must say I feel a different woman. My age is 37 years. I have now lost 28 lbs. to date, and while before, to go upstairs was a great effort, now, as my husband says, I trip up like a two-year-old."—(Mrs.) S. G. E.

Kruschen Salts keep the system free from encumbering waste matter. Unless this waste is regularly expelled it will give rise to rheumatic and other body poisons. And Nature is liable to take the defensive measure of storing this poisonous-breeding material out of the way in the form of fatty tissue. Unlike most salts, Kruschen is not merely a laxative. It is a combination of six salts which have a tonic influence upon every organ, gland, nerve and fibre of your body.

—SUBSCRIPTIONS to The Charlottetown Guardian may be handed to their Rep. Archie Hume or left at H. J. Mabon's Drug Store, Montague. 12-13-dtf.

—CREAM ROUTE—Mr. Wesley Dingwell has contracted to haul cream to the Souris Creamery this coming summer from the following districts: Bay Fortune, Little River, Annandale, Red House, Fortune River, and will begin about June 1st. 8816-4-8-tis-31.

—MONTAGUE PASTORAL CHARGE—In the United Church on Sunday morning, April 16th the Church organ will be dedicated and the Sacrament of the Lord's Supper will be administered. Service at Lower Montague in the afternoon and at Montague in the evening. Minister: Rev. Gordon C. Pringle.

—VELVET BENT GRASS—This beautiful turf grass originated on Prince Edward Island, in a field near Georgetown King's County; and was discovered in 1926 the first of its species to be known the world over, and has since found its way half over the continent. It has been kept in the luxury class up to the days of depression. It has been sold at a retail price of \$6.00 per pound for the past two years the demand has not been so great, the price having declined and the production increased. It is grown in the United States and Western Canada from Prince Edward Island seed. Now you can see that King's County is fast becoming famous for its pure seed not only in Bent but Cereals as well. The new Cleaning Plant erected at Souris has given the farmers a good opportunity to grade and market their surplus seed. The days of the old hand separator is gone, motor power has taken its place, and the growers have every reason to call themselves progressive.
