Gained Both in Strength and Weight

Another case that proves the merit of Ferrozone. "I was in poor health nearly all last winter," writes Mrs. Cross of Wakefield, Ont. "My appetite was variable. I was weak and unfit for work. I suffered a good deal from nervous prostration and palpitation of the heart. My digestion was generally out of order. By springtime I had lost flesh, color and had a bad cough. The doctor didn't help me very much, so I decided to try Ferrozone. It did me ever so much good in one week. I gained strength, looked and felt a lot better. When I had used six boxes of Ferrozone I weighed myself and found a gain of fifteen pounds. Ferrozone rebuilt my constitution, and made me a new woman. I considered Ferrozone worth its weight in gold to every weak woman. It cured quickly and saved big doctors' bills. (MRS.) R. CROSS. No route so certain, so helpful, so safe as Ferrozone yours—11-50c per box at all dealers.

A Dress Goods Bargain

Which we think is unmatched

The stringency in the money market caused a prominent wholesale dealer (who was over stocked) to turn these goods into cash at a price far below their proper value. We were fortunate in being able to take advantage of this and now we pass it along to you. The goods are new fall patterns in Ladies' tweed suitings, reasonable cloth weights, suitable for either coats or skirts, with 54 to 56 inches. In shades of medium and dark greys, browns and thin mixed colors, worth and good value at regular price of \$1.15 to \$1.25 per yard. Our special purchase enables us to offer your choice now while they last at only 75c. Another line in same lot of goods, comes in a good weight tweed suiting in shades of mid grey, 54 in wide. Regular value 85c now 55c. Also a range of plaid and check tweed dress goods 4 1/2 to 4 3/4 inches wide, worth 75c now offered special per yard only 50c. Coming at the time of year when this class of goods is most needful marks this as one of the most remarkable offerings in heavy weight tweed dress goods we have ever shown. See them.
