S. O. E. Lodge Prince Edward next meeting, R. R. Degree Tuesday evening March 14th.

A MASSACHUSETTS paper say J. R. Cowans, of Springhill, paid \$2,000 for the mare Lady Paton, with a trial mark of 2.10 on a mile track.

ADVERTISERS are again reminded that all ordinary "changes" should be in this office no later than one p. m. to insure insertion in following issue.

An exchange speaking of Rev. W. A. Thomson, at one time in Pownal, and now in Bala Verte, says he is well liked and all his appointments rain or shine.

At a large meeting of the Maritime Provinces Association in the studios of Gauvin & Gentzel, Winnipeg, recently steps were taken towards opening rooms for the Association.

SINCE the railway line was opened it has been impossible to bring cordwood to the city on flat cars owing to the fact that the projecting ends would catch in the snow of the cuttings and fill it on the rails.

MATTHEW ROSE, Priest-Pond, last spring laid the keel for a schooner about fifteen chains from the shore at his house, with little assistance now has her almost ready for rigging. She has been taken to the shore and is now ready for launching.

At a recent concert in Clear Springs \$30 was realized. The performers included P. Mitchell, Flora Kye, Nancy McEachern, Sylvester Burke, John P. McDonald, J. J. Gillis, J. A. Morrison, Anton McCormack, Jas. Montague, Will Hanning, A. R. McDonald, Dougald McDonald, Jas. Whittle, Jos. R. McDonald, Alex. F. McDonald and sale of baskets by Andrew Gallant.

EMERSON & FISHER are losing no time in getting into their new building. The carpenters finished the shipping and wholesale department about two weeks ago, and since that time the wholesale staff, with the aid of teamsters and workmen, have removed the entire wholesale stock to the new premises and are now hard at work shipping orders from there. The retail store is still open at the old stand.—St. John Sun.

THE sudden death of George Floyer, aged 76, Upper Montague, which took place on Wednesday 23rd ult removed a respected resident of that locality. The funeral was very largely attended and interment was made in the Baptist cemetery at Uigg. He leaves to mourn a widow, sister of Rev. D. G. McDonald, one son and three daughters, Mary Ann at home, Tillie, widow of the late Charles Hill, who resides in Newberryport, Mass. and Sarah wife of Wm. M. McLeod, of Valleyfield.

SHE MADE A CHANGE.

A Charleston Mother Did so With Advantage to Herself and Children.

A mother living in Charleston, Mass., the happy possessor of four children writes: "Every fall and winter I have laid in a stock of cough remedies, croup mixtures and throat medicines for my children, for somehow or other they never seem to be free from colds, coughs or sore throat.

"This fall I made a change in the usual program. I had myself been cured of an obstinate catarrh from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be used for catarrh, coughs and colds.

"So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat and I no longer dread the approach of cold, weather as I once did. Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh but they have saved me many an anxious night with my little ones. The children like the taste of them and it is really wonderful how quickly they will break up a croupy cold or an obstinate, deep seated cough."

People who have used sprays, inhalers, salves or washes for catarrh and have found how useful they are, will be agreeably surprised at the results following the use of a pleasant, convenient, internal remedy in tablet form. Druggists everywhere admit that Stuart's Catarrh Tablets which sell for 50 cents full sized package, is the safest, most effective and popular of catarrh medicines.

DRUGGISTS,

In the past it has been the custom of the Railway authorities to discharge all the extra men immediately after the track is cleared of snow. It would be well to have the cuttings and sidings shovelled out for another storm may undo the work of the past month or so if the widening of the cuttings is not proceeded with as soon as possible. Very severe storms may yet come in March which has been the cause of much delay in the past.

SM—What has the Minto done this week to break the ice barrier? The Patriot of Monday reported it less than two miles wide, and it was at first said to be five. Mr. Dodd Dwyer on March third wired Mr. Lord "Minto returned last night for coal and more men. Cannot report best success but hope to break through in time. Will stay at it until accomplished." It would be interesting to know how many men have been employed this week.

Cannot Mr. Dwyer get Captain Finlayson to act, or where does the hitch come? Inf is Minto staying at it or is she tied to wharf? What is Mr. Lord doing to keep the Minto breaking through the barrier? Good work was accomplished last week in reducing from five miles to less than two miles. Generally fair weather this week and nothing done. "In the name of Heaven how long is this outrageous indifference to continue! Thousands of dollars of valuable stock starving and dying, and what is the ice breaker Minto doing? She should have been through barrier long ere this. If she and Stanley had kept at barrier each favorable day since January twenty fourth we would no doubt have had this trouble removed long ago. If honest endeavors were made together under all favorable weather conditions everybody would be satisfied.

SUFFERER.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mother and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and might you, this old-fashioned remedy was "without merit."

The idea was good but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drugstores under the name of Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health: sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudeness and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins, while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers," will find in Stuart's Calcium Wafers, a far safer, more palatable and effective preparation.

Stuart's Calcium Wafers is sold by all druggists and chemists.
