**THE GUARDIAN COVERS THE FIELD**

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural editions now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 100,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city in which it is published, or 1 to 14 of the population of the Province. This is the management believe unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among them The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario

**Suffered From Heart and Nerve Troubles FOR THE Last Ten Years.**

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nervous disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treatment.

Mrs. John Riley, Dorco, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctoring for two years, without the least benefit, I decided to give Milburn's Heart and Nerve Pills a trial. I am thankful to say that, after using nine boxes, I am entirely cured, and would recommend them to all sufferers."

Price 50c. per box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Miss C. M. Woodcock, Kinmount, Ont., writes: "For some time I suffered from a lingering cough. I was afraid it would turn to consumption, and, as I had tried many remedies and found no cure I asked my father to get me a bottle of Dr. Wood's Norway Pine Syrup. When I had taken that bottle I was so much better I got three more, and I am now completely cured."

The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this: that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of the Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising persons alike. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

**\$50,000,000 FOR ADVERTISING.**

James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figure would reach fifty million dollars.—Newspaperdom.

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see rich man. The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.
