Canada is third, five pounds per head of the population being the figure. United States buys only one pound for each person of her hundred million. And two hundred years ago, two tons of tea was thought to be enough to supply England for several years.

REQUISITE ON THE FARM—Every farmer and stock raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

In Memoriam—MISS RUBY DINGWELL

A surprise and shock passed over Bay Fortune and community, when it was known that Miss Ruby Dingwell had suddenly passed away at her home on February 28th, 1922, at the early age of 42 years. Miss Dingwell had not been in good health for some time, but was bravely carrying on and the day of her death was just as her duties in the kitchen when the call came. She was tenderly laid upon the sofa when it was at once perceived that her spirit had flown to him who gave it. She was a great home girl, industrious and patient, and was a favorite in the community. She leaves a brother, Johnston, and her niece, Gertrude in the home and one brother in the United States. The funeral services were conducted by Rev. Mr. Denz in the absence of her pastor, Rev. E. Lockhart, interment being at the Presbyterian Cemetery, Bay Fortune.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a rest-giving to the ailments that medley for many of the ailments that beset infants, enfeebling them and endangering their lives.

LECTURE ON SWITZERLAND—An interesting lecture on Switzerland illustrated by a series of excellent lantern views was given last night in St. Paul's Parish Hall. The pictures were very beautiful giving a splendid glimpse of the rugged mountain scenery, fertile valleys, cities and quaint towns in this picturesque country. The views were described by Miss McMahon and the lecture throughout was very enjoyable. During an interval Mrs. Frances Holt Trainor sang a solo very delightfully to the accompaniment of Miss Lillian Earle and was obliged to respond to an encore. Mr. Percy Pope acted as chairman and at the close of the lecture presented Miss McMahon a vote of thanks on the motion of the Rector, Rev. Mr. Raymond and seconded by Mr. H. W. Longworth. A safe of candy added considerably to the receipts of the evening.

THE LEGISLATURE YESTERDAY—In the Provincial Legislature last evening the bill to amend the Highways Improvement Act for the purpose of raising the amount to be borrowed from the Federal Government to \$450,000 was passed after further debate. An amendment suggesting that the policy of the government be so modified that all moneys borrowed for highway improvement shall be spent on works of a permanent nature only, moved by Mr. J. D. Stewart, leader of the opposition, was lost on a division of 16 to 5. Messrs Stewart, Kennedy, McLean, Dewar and Broad standing by the amendment. The original bill was carried on the same division. At the afternoon session yesterday a resolution, moved by Mr. Higgs, seconded by Mr. McArthur, recommending that the Minister of Railways and Canals, approve of the road projects for highways leading through Charlottetown and Summerside (which would also apply to other towns and incorporated villages in the province) was adopted without division. Hon. Mr. Lea discussed the highway question and responded to Mr. Kennedy, who was opposed to the bill. Mr. Dewar objected to the hon. Commissioner of Agriculture taking up the time of the House in answering newspaper criticism which might be done to better effect through an open letter to the press. The House adjourned until 3 p. m. today.

The Mother Whose Children no Longer Seemed to Want Her

"We can reach across the table again, Mother."

Suddenly they have all grown up and left her—the babies she used to tuck in bed at night. The old house is empty and silent. All have forgotten her. Her birthdays pass unnoticed.

Each child has embarked on a drama of his own. Loves, ambitions, temptations, carry them away. There are moments of laughter and comedy, romance, adventure, tragedy. The story of their lives sweeps you along.

YOUR LIFE—YOUR HOME—YOUR MOTHER—as they might have been or as they are. "The Old Nest" will awaken deep in your heart memories of the mother to whom you ran with your childish troubles.

Never before has the screen touched with such beauty and dramatic force a subject which finds an echo in the lives of everyone of us. One of the most heart-gripping stories ever narrated.

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast. Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.
