In Memoriam

MRS. WESLEY HARDING

The heartfelt sympathy of a host of friends is extended to Mr. Wesley Harding and family of Norboro, in the sudden passing of a beloved wife and mother, who died at her home on the evening of January 11th at the comparatively age of 45 years. Mrs. Harding was enjoying life in her happy family circle, when suddenly she was stricken. Dr. Jardine was immediately called but despite all that medical aid could accomplish she passed to her eternal reward without regaining consciousness. In home and in community she will be sadly missed as her kind and loving ways made hosts of friends and her table was always spread for the poor and needy. She was a life long member of the Presbyterian church and took an active part in the work of the W. M. S. She was fond of reading, the Bible being her sole comfort and one of her last statements was: God moves in a mysterious way His wonders to perform. The deceased was the youngest daughter of the late Andrew and Mrs. Jardine of Freetown. She leaves to mourn their sad loss a sorrowing husband, three sons, Dellis Roy, age 14; Elton Keith, age 10, and Ingham Jardine, age 3. Also three brothers and two sisters, Douglas Jardine, Freetown, James C. Quebec, William British Columbia, and Mrs. Ernest Webb and Miss Ethel Jardine, both of Lawrence, Mass. The funeral was held Sunday, the 13th at 2 P.M. and was very

largely attended. Rev. Fred Williamson of Malpeque, who conducted the services at the home and grave, spoke comforting words to the bereaved. The pall bearers were Messrs Peter Sinclair, Harry Hughes, John R. Sharp, Alonzo Webster, John Ferguson and Cecil Hughes.

Medical Guidance Flashed to Arctic

OTTAWA, January 26—Receiving medical instruction flashed 1,200 miles into the Arctic by wireless and successfully setting a fractured elbow, is the accomplishment of G. Hudson, radio operator at Hopes Advance in Hudson Strait. The story is told in a series of cryptic messages between Hudson at the range finding station in the north, and the short wave station of the Department of Marine here. Preceding his first message by "rush medico," Hudson advised that H. H. Hall, a fur trader, suffering from an elbow injury, had succeeded in reaching Hope's Advance from Diana Bay by dog sled. First aid had been applied and he asked that a diagnosis be made and instructions for treatment be rushed back. Within fifty minutes F. Woodrow, of the radio station, had obtained the required help from Dr. J. J. Heagerty of the Department of Health. In the lonely station in the north the operator succeeded in lancing a contusion and setting the arm in splints. His latest messages indicate that his patient is progressing satisfactorily.

FARMERS ATTENTION—J. B. Millman, Kensington, is buying dressed hogs daily. We also require a large quantity Bannock Oats and will pay a substantial premium for choice oats fit for seed. We shall also be buying potatoes every mild day, so long as car ferry remains on duty, but will discontinue immediately on our leaving for Halifax. 4207-1-26-61

VISITING OTTAWA—Rev. J. J. McDonald, pastor of St. Paul's Church Summerville, who recently went to Montreal for a medical examination, has left the hospital there and is at present on a visit to Ottawa. It was found by the specialist who examined him, that his trouble was not organic and that a complete rest is really what is needed. Father John will probably visit the Pacific Coast later on and his congregation and wide circle of friends of all denominations will hope to see him come back fully restored to health.—S

PERSONALS—Mrs. Harry Arnett of Albany who was recently operated on for appendicitis in the Prince County Hospital is now making a good recovery.—S

Mr. William J. Graham, C.N.R. section foreman at Coleman, underwent an unusual operation on the sinus of the upper jaw on Tuesday. His many friends will wish to learn he is now doing fine in the Prince County Hospital.—S

Mr. and Mrs. Lee Horne of Summerside, left on Saturday morning on an extended visit to the Pacific Coast. On their way out they will stop at Montreal to see their son, Alexander, who is taking a course at McGill University. Mr. and Mrs. Horne will also visit the latter's parents, Mr. and Mrs. Robert Sobey in Vancouver, and other relatives in the west.—S

CHINESE REFORMER DEAD WAS FOUNDER OF REPUBLIC—OTTAWA, Jan. 25—Word was received in Ottawa today of the death of Liang Chi-Chao in Peking yesterday. Mrs. K. H. Chow, wife of the Chinese Consul-General of Canada, is a daughter.

With the death of Liang Chi-Chao passed away the last of the great Chinese triumvirate, whose work was no less than that of transforming China in one generation from a medieval empire to a modern state. Kang Yu Wei, the oldest of the triumvirate, was the teacher of the last Manchurian Emperor, Kuang Hsu. Liang Chi-Chao was the pupil of Kang Yu Wei, but far excelled him. He introduced western thoughts into China and became the greatest intellectual of the empire.

Dr. Sun Yat Sen, who later became president, translated the ideas of Liang Chi-Chao into reality in the republic.

"PRINCE'S SET" ONLY IN THIS CLUB—"Masters" Club, London, will be opened soon in Saville Row, and will instantly establish a record for restricted membership. The committee wants only 150 members for their new premises in Saville Row.

Invitations to join are being sent out now. Under the brisk direction of Lady Breckneck, the lady decorator is speeding up the interior.

The general scheme of decoration will be conventional and the effect of comfort and dignity is being striven for.

The pillars of Masters Club are the members of what is known as the "Prince's set." They are the young married people who hunt at Melton Mowbray, and prominent among them are Lord and Lady Blandford, Lord and Lady Plunket, Lord and Lady Louis Mountbatten, Lady Loughborough, Major and Lady Alexandra Metcalfe and Colonel and Mrs. Frederick Cripps.

PLANE TOO BIG FOR SHOW—How to get a giant monoplane to the International Aircraft Exhibition at Olympia, England, is puzzling the makers. The craft has a wing span of 86 feet, and the wings are in one unit so cannot be dismantled to take it through the streets. The organizers of the exposition and the exhibiting firm are asking the British War office to help solve the problem.

Sixty-five Years Old Able to do Her Work—Nova Scotia Lady Used Dodd's Kidney Pills

Mrs. S. A. Crowe Suffered With Kidneys and Rheumatism—Stewiacke, N. S., Jan. 26.—(Special)—I was suffering with what the Doctor said was sluggish liver and kidneys and a little Rheumatism. writes Mrs. S. A. Crowe, a well-known resident of this place. I took three boxes of Dodd's Kidney Pills and was much better. I am now able to do my work. I am 65 years old and can assure you that Dodd's Kidney Pills are a great medicine. I keep them in the house all the time.

COLD SNAP—During the cold spell the thermometer went as low as twenty below zero on several of the glaces up town.—A

BIRTH—To Mr. and Mrs. Wilfrid McDonald, Clear Springs, Lot 44, a young son, 12 pounds. Everybody well.

NO MAILS—The severe cold and storm of Monday and Tuesday of last week and Monday of this prevented the north side mail man from making his trips. There was no mail on Saturday either.

PROPERTY CHANGES—Ronald Gillis, Rockbarra, purchased a fine work horse last week, at \$140. A great many horses are apparently needed by farmers, and good work horses are not easy to obtain. There is a big horse scarcity here in the East.

SOCIAL GATHERING—The raffle and box social in Charuwood School last Friday night was a great success socially than financially. Sixteen dollars were realized, all for the school.

GEORGETOWN SHIPPING—Along the water front laid up for the winter are the following vessels: Schr. Leonie, owned by Capt. S. C. Knight, Elm. owned by Capt. E. J. Dicks, W. G. Richards—S. S. St. George, owned by Government—Schr. Mollie B. owned by Capt. E. J. Dicks, Charlottetown and in Capt. C. M. Fitzgerald's yard. Dredge D. P. W. also Schr. owned by Capt. E. J. Dicks, Charlottetown.—A

ON TRIP WEST—Capt. C. M. Fitzgerald left last week for Regina. He has been engaged by E. Poole, President of the Poole Construction Works to build two yachts for him during the winter. He will be away about three months. This speaks well for Charlie when they send all the way from Regina to get a man to build yachts. They certainly made no mistake.—A

WHIST DRIVE—The weekly Whist Drive was held in St. James Hall, Georgetown, on Wednesday, January 23rd with a large attendance. The ladies prize was won by Miss Gerlie Kiggins and the gentlemen prize was won by Mr. Milton McConnell. A dainty lunch was served by Mrs. Earn. Doyle, Mrs. Maurice Donovan and Miss Sarah MacPhee.—A

THE COLD SNAP which set in Sunday night week, and again last Sunday and the coldest yet for more than twenty years. The glass did not tell the tale as wind does not apparently affect a glass, however bitter cold. But the great velocity of the winds on last week's cold spell, and this, almost put the wood stoves in the country out of business, hence the discomfort in dwellings.

A SERIOUS OFFENCE—Vandalism, a favorite exercise with some of our young bloods this fall, is smashing and breaking down His Majesty's mail boxes. The boxes on the north side have recently been put out of commission, viz. James N. McPhee's, Big Pond, John McDonald's, Hermantville and Mel Dgless, Clear Spring. In some of these cases the actors are known.

DEPARTURE REGRETTED—A correspondent writes:—We will be very sorry to lose our genial friend and a good fellow George H. Buntain. He has been here for the last month looking after the loading of the steamers at the old reliable winter port. George speaks very highly of the longshoremen of this port, having had over one hundred in his employ, and never had one word "Ah any of them, not forgetting our genial boss Stevedore Wallace Macdonald of Charlottetown who is the right man in the right place.—A

WELL KNOWN RESIDENT—There passed peacefully away at his home at Georgetown on January 24th a highly respected resident in the person of Mrs. John Stewart. Although not in her usual health for some time hopes were entertained for her recovery and despite the tenderest care and nursing by her devoted daughter and husband God willed otherwise and on the above date her pure spirit took its flight. She was visited frequently by her Pastor Rev. Mr. Lindsay. It is in the home where she will be most sorely missed where devotion to her husband and children was her ruling passion and where her hospitable manner and friendly smile assured neighbors and friends a welcome at all times. Besides her sorrowing husband there are left to mourn two sons and one daughter. Howard in United States; Benjamin at home, one daughter Mrs. Chester Walker of Georgetown, also one brother, Rev. Benjamin Glover in Western Canada. The many beautiful floral tributes and letters of sympathy show the high esteem in which she was held. Sincere sympathy is extended to the family.—A

WEDDING BELLS—A very pretty wedding was solemnized at St. James Church, Georgetown, on Wednesday, January 23rd, when Helen Mackie, daughter of Mr. and Mrs. John Mackie, Alberton, was joined in the holy bonds of matrimony to Mr. James Condon, by Rev. Owen Kiggins. The bride looked charming in a gown of blue crepe de chene with hat to match. Her attendant was Miss Christina Fitzpatrick who was gowning in a dress of brown crepe de chene, wearing brown hat. Mr. Frank Goteff acted as best man. After the wedding ceremony the happy couple motored to the groom's home where breakfast was served with just the friends of the bride and groom present. The popularity of the contracting parties was strongly attested to by numerous and beautiful gifts. The groom's gifts to the bride was a substantial check. Their many friends wish Mr. and Mrs. Condon many years of happy wedded life.—A

PRINCE ATTENDS RUGBY MATCH HIS FIRST PUBLIC APPEARANCE—TWICKENHAM, Middlesex, Eng. Jan. 25.—Sixty thousand throats roared a welcome to the Prince of Wales here yesterday when he attended the rugby match between England and Wales. This was his first public appearance since his momentous dash to the bedside of the King from Africa. The Prince's attendance at the game was generally taken as signaling that those nearest His Majesty are now relieved of serious apprehensions. The Prince, who reached London overnight from Sandringham, where he

For frostbite use Minard's Lintiment. NANSSEN WILL FLY TO EXPLORER POLE, THOUGH AGE IS 87

NEW YORK, Jan. 25.—Fridtjof Nansen, veteran scientist-adventurer, diplomat and humanitarian, arrived here today, bringing a vision of the greatest exploration of his long career, an extended survey of the Arctic by means of the dirigible Graf Zeppelin, with a crew of 40, and 10 scientists.

The dean of living explorers is planning his series of air voyages for a year from next April, the best Arctic flying month. One base will be Leningrad, another Nome, if the United States Government will help with a mooring mast. Nansen hopes to bring to full completion a campaign of Arctic conquests which he began and partly accomplished more than 30 years ago, for it was during the years 1893-96 that Nansen on board his famous little vessel, the Fram, drifted across the ice-packed Polar Sea.

MR. PHILIP COYLE—The death of Philip Coyle which occurred at his home early Friday evening is causing widespread sorrow among his numerous friends. In his passing in the prime of manhood Charlottetown loses one of its most promising citizens, a young man of excellent character, pleasing personality and exemplary conduct. His passing after an illness of less than a week is regrettable. For many years the late Philip Coyle was employed on the sales staff of Fennel & Chandler's hardware store, where by his obliging and courteous manner he made numerous friends both for himself and the firm. He was a prominent member of the Knights of Columbus, taking an active part in all their endeavors and only the previous Sunday was among the members of the Order attending the funeral of the late Edward Levernay. The deceased was a son of Mrs. and the late Philip Coyle and leaves besides a sorrowing mother one brother Dalvay, and a sister, Miss Mae, saleslady with Moore & McLeod, to all of whom The Guardian extends heartfelt sympathy.

Germany from foreign financial sustenance. With Ludendorff's aid, the Tausends raised money for erecting a laboratory near Munich, where experiments were alleged to have been carried on. Then one morning, the newspaper says, Tausend disappeared with a large sum of money. STAMPS VENDED AT MAIL BOXES—Berlin, Germany, will place a stamp vending machine near every mail box in that city. Most of the machines will be placed on trolley wire posts. The vendors have stamps in rolls, and when a magnetic coin meter permits a coin to unlock a crank, a stamp is released. Of English invention is a 100 horsepower four wheel drive tractor that can haul loads up steep grades.

GENERAL LUDENDORFF DUPE OF "ALCHEMISTS"—BERLIN, Jan. 25.—A strange story of how General Eric Ludendorff was duped by "alchemists" was told in the Tageblatt Saturday, which says that it came to light through the arrest in the Tyrol of Franz Tausend, a former plumber's assistant, and Theres Tausend, a bar maid, on a charge of swindling. It appears that the Tausends visited General Ludendorff and told him of plans for founding a "society for chemical studies," which would make gold in accordance with a process invented by Franz, who calls himself a doctor of chemistry and a nobleman. They showed the General some bars of gold which they claimed to have made. The Tageblatt says that General Ludendorff was taken in and hoped with his manufactured gold to free himself from the Tausends.
