16 months old 35 Doses - 35 CENTS

Fox Co's Profits Judge for Yourself

The fact that the Glenaladale Silver Black Fox Co., Ltd., has guaranteed to pay a dividend of 50 per cent for the year 1915, has caused some prospective investors to ask the question "How are they going to do it?" Let us try and answer this question.

Number 1st. In the fall of 1914 we will have in our new ranch 20 pairs of pure Black Silver Foxes. Now right here we want to point out that this ranch when completed will be one of the most up-to-date in every respect. At the present time it is under construction.

2nd. Here we want to show you how it is possible for us to pay a dividend of 50 per cent in 1915. To begin with the 20 pairs of foxes will be in the ranch—and they will be yours, Mr. Investor, even if we did not sell another share of stock. Now should an investor buy one share of 50 shares their money will be safe in the bank, and suppose the 20 pairs did not have a single pup next year, we will simply have to give to the investor in 1915, 50 per cent of his own money back.

3rd. On the other hand, suppose out of the 20 pairs there were only ten litters—and ranch better arranged for pups, this would mean at \$15,000 per pair \$300,000 or 100 per cent on your investment and still you would hold your share in the ranch.

4th. Now perhaps you may want to know how we are going to secure the 20 pairs of foxes with your money in the bank. Here it is. The promoters of the Glenaladale Silver Black Fox Co., Ltd., at the present time own six pairs of Silver Black Foxes on P. E. Island, (three pairs with litters). We also own two pairs of proven breeders in a ranch in Newfoundland, (one pair with six pups and the other pair with five pups). All those young pups are to be sold and this very money will be used to secure and pay the balance on the P. E. Island options secured for the new ranch.

5th. Each investor who secures stock in this Company will get his or her 50 per cent dividends or whatever more that can be paid. Now let us see if it is possible for you to lose your money. Suppose you were to invest \$20,000 in the Company and we went and placed that money in the bank—and the bank broke—

What would become of your investment? Well we'll tell you—we would have 20 pairs of foxes in the ranch. Suppose you placed your money in the bank and the bank broke—you would lose your money wouldn't you? But we don't have to worry about bank failures, for at the same time it must be remembered that during the past 50 years the money lost throughout the world by bank failures would probably more than pay one million dollars per head for each pure Silver Black Fox at present on P.E. Island.

Now let us see how many Fox Companies have failed. None yet. Is there really any other industry or concern clear of a Fox Company that would stand such a loss as some of the big Fox Companies had this spring without having to draw on some of their investors? Notwithstanding the big loss these very same Companies will be in a position to pay a dividend on every dollar invested, equal to what you would receive on 100 in the Savings Bank.

Now you can see that \$1,000 invested in foxes is as good or better than \$5,000 in the bank. See the point? Now Mr. Investor, suppose you placed \$5,000 in some savings bank at 3 per cent and your friend invested \$1,000 in a Fox Company, which would pay a dividend similar to that paid by the Rosemont or Peerless last year, your friend would receive \$4,000 on his \$1,000 while you receive only \$150 on your investment. You can see for yourself that it would take you some 30 years to make as much on \$5,000 as your friend made in one year on \$1,000.

Think the matter over and while the fox industry holds out splendid opportunities still it will pay you to read our Prospectus—and study it and then judge for yourself which Company you wish to invest in. Prospectus and full information on application.

3-in-One oil

Keeps Rust off all Tools

It's the oil the wise carpenters always use for lubricating the action parts of wrenches, brace-and-bits and all similar tools.

3-in-One oil also keeps all cutting, planing and shaving edges bright and sharp because no rust can form while they are not in use. It also cleans and polishes all the wooden parts.

Always put a few drops of 3-in-One oil on your oil stone and see how much quicker and easier you get the keenest edge.

Put a bottle in your tool chest right now, today!

3-in-One is sold at all good hardware, drug, grocery and general stores in 3 size bottles, 1 oz., 1/2 oz., 2oz., 8 oz., 1/2 pint, 50c. Handy 3 1/2 oz. Oil Cans 25c.

This is Your Chance

Don't let This Offer Slip

The Following Facts will Convince You

Are the Foxes for the North Milton Co. from the highest grade stock in the Province, yes this is a settled fact. Are they from a strain of very heavy breeders, yes they are;—did the parents of this stock sell last year for \$30,000 per pair, yes they did;—are the young Foxes for this Co. capitalized at \$15,700 per pair, yes they are. It is also a fact that the 5 old females of this stock reared 22 pups last year and 21 pups this year or 43 pups in 2 seasons, one of the greatest records in the world.

Investor this is the Co. for you, write the Secy. at once before the deal closes, for prospectus &c.
