When Appetite Fails and Digestion is Bad

There is Danger Ahead for the Man That Neglects Nature's Warning.

DYSPEPSIA TENDENCIES ARE SERIOUS AND SHOULD BE TREATED ACCORDINGLY

There is a strong moral in the statement of James Schrum, of Pleasant street, Dartmouth, N. S. Like thousands of people, he was failing in health because his stomach and digestive organs were out of repair His vitality was slipping away; he was losing ground every day.

"I could not have held on much longer. I was wasting away simply because no remedy I used gave tone and strength to my stomach. The vital forces of my system seemed dead. I was advised to try Dr. Hamiltons Pills. What hidden weaknesses they searched out I don't know, but in a miraculous way they have made a new man of me. My stomach troubles are cured, rich blood now runs thought my veins—clear skin and unmistakable evidences of health and vigor I feel every day. Dr. Hamilton's Pills have certainly mastered the secret of curing the sickly enervated man and I strongly urge everyone in failing or loss of health to use this grand remedy."

SPORTOGRAPHY

JIM THORPE, 25 YEARS OLD TODAY,

All of us good Indians will celebrate today, for this is the birthday of "the greatest athlete of all time, James Thorp. The Carlisle athletic star who won the pentathlon and decation in the last Olympic games, easily defeating the best gladiatorial talent of the civilized world, was born on a farm near Prague, Okla., May 28, 1888, just twenty-five years ago today. The stork brought twins on that occasion but Jim's brother died in infancy.

From his earliest youth he was interested in athletic pastimes of all sorts, and had made quite a local reputation before he entered Carlisle, where he quickly made a reputation as an all-round athlete and as one of the greatest of American football players, becoming the captain of the Carlisle gridiron aggregation. Thorp's unfortunate experience as a professional baseball player, which cost him his title of the world's greatest amateur athletic, developed nothing wonderful.

The New Food-Drink Instant Postum

Is in thousands of homes where health is valued

Former tea and coffee users who have felt the pinch of indigestion, headache, heart disturbance, nervous irritation, etc., have written by the score, telling of remarkable benefits following the change from tea and coffee to Instant Postum.

A level teaspoonful in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

"Thanks for the sample of **Instant Postum** sent me. I had been drinking coffee for a long time and thought it would be difficult to give it up, but I was mistaken.

"While I was drinking coffee I always felt exhausted and I weiged but 112 lbs. After using Instant Postum I soon recovered and now am as healthy as any person can be. I now weigh 120 lbs. and am steadily gaining in weight." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms.
Regular (must be boiled).

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in a cup of hot water.

Both kinds are sold by grocers everywhere.
