TODAY—Ride in this Remarkable Six

Now here's a car to put the song of the open in your heart!

HERE is the open of the country, the quiet star-leaved skies, the power of a thousand giants to transport you magically to the land of dreams-come-true. A car world-famous and distinguished, the product of a vehicle-maker internationally acclaimed for the supreme in fine carriages for many generations.

All the luxuries of a fine car—for it is a fine car. The same steels, the same engineering as the most costly Studebaker models—and that means the best men know. The same ease of handling, the same quiet, smooth operation, long life, low upkeep cost.

Now ride in it. Note its quick response to the slightest touch of the accelerator. Feel the thrill of its tremendously powerful six-cylinder motor. Mark its ease of handling, its comfort, its fine car refinements.

Then note its price is well within the limits of economy—the cost of upkeep low. The terms of payment liberal. It offers the supreme value of today in the \$1500 field.

We invite you to take out a Light-Six model for comparison with other cars at near its price. Then with cars selling for several hundred dollars more, we'll place a Light-Six at your disposal for this purpose any time you name.

Buy no car at \$800 or more without making this test. Don't buy blindfolded.

Table with 3 columns: LIGHT-SIX, SPECIAL-SIX, BIG-SIX. Lists various models and prices.
