SHORTS - COMEDY SCENIC AND NOVELTY

Editor Is Sentenced

HALIFAX, April 3.—(C.P.)—Roy Leitch, former college professor convicted of defamatory libel, today was sentenced by Chief Justice J. A. Chisholm to remain in jail until April 7. The libelous article, attacking Leo Price, former policeman, and Andrew Matthews, was published in a small local periodical called "Dawn," of which Leitch was editor.

SINGER RECOVERING

NEW YORK, April 3.—Kate Smith was confined to a wheel chair today recovering from an operation to prevent blood poisoning in her feet.

A representative of the 230-pound radio singer blamed her trouble on her persistence in carrying out a vaudeville contract which called for dancing, among other things, at five to six shows a day. She had been under treatment of a doctor for callouses on the soles of her feet, her spokesman said before she started on her road tour. Infection set in and Friday she was taken to Mt. Sinai Hospital. An operation was performed the next day. She left the hospital late yesterday and broadcast from a wheel chair.

LAKE VERDE

The pupils of this district are receiving careful training, under the efficient management of Joseph Lacey, teacher.

The recent snow storm has given more snow than at any time during the winter, which will enable the farmers to complete their hauling.

Mr. Garfield Shaw, Hermitage, has completed his contract for supplying the ice for the Lake Verde Dairy Co. This was a difficult job, owing to the poor quality of the ice, and the scarcity of snow.

The creamery has been receiving a fair amount of cream during the winter months. The demand for butter locally, is quite brisk, very often exceeding the supply.

Other farm produce is moving quite slowly in this locality at present. A few cars of turnips are being loaded, the price quoted is 15 cents. A considerable quantity of potatoes are still to be moved, but the demand is not brisk.

The potato acreage in this vicinity will not be as large as in former years, as the majority of farmers are going back to the old method of planting three or four acres with barnyard manure. It is a pity that circumstances will prohibit a great many from purchasing fertilizer, for their potato crop, as we do not get as good results from barnyard manure alone, as we do from the use of fertilizer.

Notwithstanding the serious loss sustained by fire a few weeks ago, the firm of Jenkins Bros. Millview, are still catering to their many customers, having secured the use of the Orange hall, situated quite near the old stand.

Messrs. Louis Trainor and Augustine Callaghan, produce buyers for Jenkins Bros., have been loading

turnips at Pisquid and Fort Augustus during the past week.

A number of young people of this district intend putting on a play entitled "The Gate to Happiness," in the very near future.

Miss Annie Callaghan, Waterville, Maine, is spending a few weeks here with her parents, Mr. and Mrs. Hugh Callaghan.

Much sympathy is extended to the daughters, brothers, and sisters of William P. Cairns, whose death occurred at his home here on March 23rd, following a few months' illness. His death at the age of 64 years, removes a highly respected resident from the community.

We understand that the enterprising residents of Waterville, are planning the erection of a new school building this summer. The building will be of modern design and erected on the present site.

We sympathize with Mr. and Mrs. Joseph Redmond and family in the loss of their baby boy, born on Mar. 27th, who passed away Friday morning, 31st.

The death of Mrs. William O'Brien, Waterville, a case of a gloom of sorrow over the whole community. We extend our sincere sympathy to Mr. O'Brien and family in the loss they have sustained.

The new radios installed last fall are providing many pleasant hours of entertainment during the winter evenings. The Old Timers from Charlottetown are greatly appreciated.

The directors of Union Egg Circle were fortunate in again securing the service of Mr. John Byrne, Waterville, as manager. John has given entire satisfaction during the past three years.

We are receiving splendid service from our courteous and efficient mail courier, Mr. Hiram Robertson, Mt. Aldbon.

LARGE HARVEST EXPECTED

The Railways Department is preparing to transport a bigger harvest this year. Production last season was 41,360,000 bushels, but this season a larger area is under crop, and more superphosphate was supplied than for the previous period. At the end of the first week in August 1 wheat acres received heavy rains, the downpour in the Midland railway districts flooding several towns and severely damaging the railway and roads, but crop losses were not great.

FREE STATE ROAD DEATHS GROW

Road accidents in the Irish Free State last year caused 202 deaths, an increase of 18 over 1931, and the greatest number ever recorded in any 12 months. According to statistics just made public the greatest number of victims were between 20 and 30 years of age. The youngest was one and one-half years and the oldest 82. Those injured numbered 2,934, which is also a high record.

Alfalfa is able to live for thirty years or more under favorable conditions.

Ministerial Ass'n Met Yesterday

The P. E. I. Ministerial Association met in St. Paul's Hall, Charlottetown, on the 3rd inst. Rev. G. C. Webster presided. Besides the city ministers, there were present Rev. W. E. Alken, St. Peter's, and Rev. D. M. Sinclair, Valleyfield.

Devotional exercises were conducted by Messrs. Webster and Raymond. After the reading of the minutes, considerable business was attended to. Reports of several committees were received and discussed. Messrs. Raymond and Ramsay were commended for their work in connection with the Family Court.

Matters connected with moving pictures were presented by Messrs. Webster and Brown, and received serious consideration. A closer censorship of pictures was suggested.

Letters were read from the Deputy Minister of Justice, Ottawa, and from the Deputy Attorney General of Ontario respecting the Rutherford literature, and from Mr. Sharp, Minister of Public Works, respecting burials from Falconwood.

The next regular meeting will be held in St. Paul's Hall, Charlottetown, on the first Monday of May.

PRINCE STREET SCHOOL

Honor roll for March. Grade X-1 Doris MacDonald, 2 Sara Wood, 3 Frances Auld.

Grade IX-1 Jack Roach, 2 Katherine Bagnall, 3 Constance Colwell.

Grade VIII-1 Thelma Dingwell, 2 Jean Enman, 3 Janet Stewart.

Grade VII-1 Janet McLaren, 2 Eileen Higgins, 3 Caroline Sinclair.

Grade VI-1 Katherine Shaw and Constance McLure, 2 Grace Diamond, 3 Joan Rupp.

Grade V-1 Clifford Campbell and John McEwen, 2 Stanley Thompson, 3 Kimball Keeping.

Grade V-1 Winnifred Goss, 2 Bernice Wood, 3 Joan Miller.

Grade V-1 Thelma Taylor, 2 Eleanor Mary Duffy, 3 Ross Stewart.

Grade IV-1 Mary McEachern, 2 Gordon Cameron, 3 Keith Johnston.

Grade IV-1 Verna Hooper, 2 Beverley Vanderstine, 3 Doris Gillis.

Grade III-1 Henry Larter, 2 Alexander Large, 3 Noreen Campbell, Alexie Bonness and Vernon Garrett.

Grade III-1 Pauline Simmonds 2 Jay Fraser, 3 Phyllis MacLeod and Anne Thompson.

Grade II-1 Margaret Lawson, 2 Olive Keeping, 3 Alberta Bryant.

Grade II-1 Bernice Boyce and Beverley Pound, 2 Pat Clarke, 3 Edwin Bagnall.

WEST KENT SCHOOL

This column is reserved for Queen's County news of local interest but advertising of a new nature may be inserted at 4 cents a word strictly payable in advance.

COMMITTEE ACTIVE—The industrial committee of the Board of Trade, composed of Messrs. T. E. McNutt, J. D. Jenkins, S. T. Green, H. C. Burke, C. L. MacKay and N. Rattenbury, waited on the local Government yesterday morning and presented a brief regarding the patronizing of home industries. Every consideration was promised.

SCHOOL BOARD MEETING—A meeting of the City School Board was held last evening in the office of the Secretary, Mr. T. E. MacNutt. It was decided that the City Schools should close for the Easter holidays on Monday next at 3 o'clock and reopen on Tuesday, April 18th at 9 a. m. During the holidays, the annual convention of the P. E. I. Teachers' Federation will be held. Routine business was also transacted at the meeting.

ISLANDER TO WED—The following item from a U. S. exchange will be of interest locally: Rev. and Mrs. Edward A. MacPhee of North Hanover announce the engagement of their daughter, Edith Constance, to Mr. James Frederick Brooks of Boston. The date for the wedding has not been set. Miss MacPhee is a graduate of Hanover High School and is employed at the office of Hale & Dorr, attorneys, at Boston. Mr. Brooks is a native of Boston and was educated in the schools of that city. He is engaged in a Boston business office. Miss MacPhee was born in Montague during the time her father was pastor in the Baptist Church of that town.

SIGNS OF IMPROVEMENT—Insurance, as a rule, is a fairly good barometer of conditions prevailing. A telegram just received from the Head Office of the Great-West Life, by Hyndman & Company, Limited, Provincial Managers, states that March was the biggest month of the present year and that eighty percent of the Branch Offices contributed to the increase. The new insurance issued in March amounted to Five Million Dollars, which is twenty percent greater than that for March last year. This is a pretty good indication that there is a general improvement in business developing.

AT ROTARY—At the Rotary luncheon yesterday the speaker was the Secretary, Clarence Bissett. He referred to the address given at the previous meeting by Rev. Father Lyons on Chicago. The latter speaker had dealt with the paradoxical situation in that city. Mr. Bissett reviewed three articles that had been published in a recent "Rotarian," giving the French and British views on the war debt and showing the paradoxical situation which existed in regard thereto. He also read extracts from addresses given by Chester W. Powell, Thomas Elliott and another speaker delivered at the International Convention which Mr. Bissett attended at Seattle, last year. These had pointed out, for instance, that whilst Brazil was burning coffee and Western Canada burning wheat in the hope of increasing the market price, that there was a famine in China; also that many ships in different countries of the world had been tied up rusting at their piers because they could not get sufficient rates for transporting the commodities. Mr. Elliott, in dealing with the depression, said that it had ceased to be financial and had become psychological. Rotarian W. A. Stewart was in the chair. President Bissett announced that owing to the report of the committee appointed to nominate officers had been postponed until the following Monday. He also welcomed back to the club Rotarian Mould, who was glad to know that Mr. Mould, who has returned, is steadily improving. The chairman also stated that Mrs. Boulter, who recently met with an accident, is making good progress towards recovery.

AT GYRO—Lt.-Col. G. E. Full gave a very interesting address on the present situation and its causes in Manchuria at the regular weekly meeting of the Gyro Club which was held last evening in the Canadian National Hotel. He described the typical Japanese citizen with his belief in the life of a soldier and how those who are killed in war are venerated as heroes, the admiration even going so far as to have the pictures of many hung in every school house in the nation. He also in quoting the present population of Japan showed why this nation believed it had to have more territory. The Chinese ideal of life, is the home, the direct opposite of the Japanese. He gave some interesting sidelights on Chinese customs in regard to relatives living away from the ancestral home and told of what expense Chinese families sometimes incur to have their dead buried at home. He then described Manchuria, its

Maple Producers To Form An Association

(Special to The Guardian)

MONCTON, N. B., April 3.—The predictions for the 1933 season of the New Brunswick maple crop are that it will be a normal season, so far as production is concerned, according to the Agricultural Department of the Canadian National Railways. In some localities the season has been under way for a week. The maple leaf belt of the Saint John River, however, seems to have experienced poor weather so far, north winds keeping the sap from running. The Elgin district of Albert County, the most productive in the Province, still has snow to a depth of four or five feet but a good season with a larger production than last year is expected when tapping is commenced. Plans are under way for the formation of an association of maple producers of New Brunswick with the aid of the Provincial Department of Agriculture. It would appear there is a good local market for the production of maple products as there is not enough produced to supply the demand and maple products are being brought in from Ontario and Quebec to meet it. One of the aims of the prospective association of maple producers of New Brunswick will be to produce a uniform grade and standardize containers, thickness, color, etc.

SUMMERSIDE and Prince County

BUYING SILVER. Fox pelts, good cash prices being paid at the office of B. Graham Rogers, Summerside. 8714-4-4-51

Local Market Prices

There was very little change in prices offered for farm produce in the local market yesterday. The following are the prices quoted: Eggs, Extras ... 15c; Eggs, Firsts ... 12c; Eggs, Seconds ... 8c; Eggs, f.o.b. Country ... 11c, 9c, 7c; Butter, Creamery ... 27c; Butter, Dairy ... 24c; Chicken ... 12c to 14c; Beef by quarter ... 5c to 7c; Pork live ... 4 1/2c; Pork, dressed ... 5 1/2 to 6 1/2c; Potatoes, table ... 18 to 25c; Potatoes, Seed ... 30c; Turnips ... 15c.

FINDS WHITE WEASEL IN HIS REFRIGERATOR

BLIND RIVER, Ont. April 3.—George McArthur, relief commissioner of Blind River, has something new in the art of trapping. George was coming up the cellar stairs of his home, when he heard a commotion in his refrigerator. The refrigerator occupied the space between the inside and storm door of his kitchen and the outer door had been left ajar. On investigation, George found he had captured a full sized white weasel.

Although the cost of pelts of this variety is down considerably, George hopes a few more will make his back door their stamping grounds.

inhabitants, etc., and stated that although there were only a small percentage of Japanese there their investments in that country were very large. He explained the attitude of different nations, such as China, Japan and Russia towards Manchuria, and told how these different nations had fortified strategic points, built railways, etc. He stated that it was apparently Japan's plan to use Manchuria as a buffer state against Russia and China, and thus in case of war, to use it as the battlefield. He gave parallel cases in other places. He described the China-Japan war of 1895, how Russia got control of the southern part of Manchuria and developed it as regards railways, etc., the Russo-Japanese war, the present railway situation, civil government, banditry, and many other interesting features. He gave a detailed review of the present situation, why the actual movement of troops was begun, the new government system and how the boycott is being carried out. He concluded by giving the probable results of the present war activity. A letter was presented from the patients thanking the Club for arranging for the broadcasts of hockey games and the dialogue from one of the local theatres during the winter. A reel of pictures was shown through the courtesy of the manager of the C. N. Hotel. The attendance was large and matters of current business were attended to. Mr. W. J. Monaghan was the chairman.

Consider Question Of Increase In World Price Levels

British Ambassador And American Secretary Of State Confer - Anglo-American Conversations Aim At Success Of World Monetary And Economic Conference.

WASHINGTON, April 3.—(A.P.)—The matters to be taken up there was the announcement by President Franklin Roosevelt in his today's farm credit legislation message to Congress, namely that he would "ask the Congress for legislation enabling us to initiate practical reciprocal tariff agreements to break through trade barriers and establish foreign markets for farm and industrial products."

Indications were that Secretary Hull and Sir Ronald, with their economic aides, were going through the programme for the world conference, talking over the various topics with a view to establishing the possibilities of success and the most effective method of procedure. The question of war debts is closely identified in the programme with many of the topics listed for discussion, although that controversial subject is specifically excluded so far as separate treatment is concerned.

IN MEMORIAM

MRS. CHRISTINA GILLIS

At her home in Newtown, P.E.I. on Wednesday, March 29th, there passed away, Mrs. Christina Gillis, wife of Mr. Charles Gillis and one of the most deeply respected members of the community. Although the deceased had been in indifferent health for about a year, yet her death came with tragic unexpectedness, she being in her fifty-ninth year. Mrs. Gillis, whose passing will be a distinct loss to her family and a large number of friends, was a faithful and active member of the Belfast Presbyterian Church, where her husband is a prominent elder. Mr. Gillis himself, has not enjoyed good health the last few months and was confined to his bed the day of the funeral, which took place on Friday afternoon, March 31st.

There are left to mourn the loss of a most exemplary wife and mother, Mr. Charles Gillis, husband, and three children, Catherine, Sarah, and John, all grown up and in the old home, the latter married. Needless to state, that the sympathy of their numerous friends go out to them in their sad bereavement. Notwithstanding the difficult passability of the roads, following the snow storm a large number gathered together for the funeral, the service being held at the home, and conducted by her pastor, Rev. D. L. Griffiths, who voiced the sentiments of all present as he spoke with impressive tenderness of the deceased's virtues in relation to her family, her community and the church. The choir rendered suitable selections, and the remains, accompanied by a large concourse in sleighs, proceeded to the Belfast Church Cemetery, where they were laid to rest, the pastor carrying out the committal service.

Apart from the direct relatives already mentioned Mrs. Gillis is survived by a brother, William Nicholson, whose home is in B. C., and Mrs. MacLeod, Village Green, Prince Edward Island.

(Patriot Please Copy)

We regret to learn that Premier Stewart suffered a slight relapse last evening. He was reported as resting easily, however, at the time of going to press.

Valuable Farm For Sale

The property of the late J. R. Dinnis, consisting of 125 1/2 acres of land situated on the Mt. Edward Road, one mile from the city limits. This farm is in the very highest state of cultivation, having been leased to the Experimental Farm for the last five years. About 24 acres are cultivated and ready for this year's crop, 8 acres of which has been manured. Last fall and ready for roots. There are about ten acres of woodland mixed hard and soft wood, the balance in hay and pasture. The buildings are large and commodious, with all modern conveniences, hot and cold water, electric light, etc. The situation is ideal and would make one of the finest stock and dairy farms in the Province. This property may also be purchased in sections. For particulars apply to Wesley R. Dinnis and Victor H. Shaw, administrators. 8717-4-4-21

C.N.R. Employees Pass First Aid Requirements

(Special to The Guardian)

MONTREAL, Que., April 3.—More than 1,000 first aid vouchers, labels and medallions were issued to Canadian National Railways employees who passed their re-examination during the past year, it was announced at the annual meeting of the Canadian National Railway Council of the St. John Ambulance Association, Canadian branch, held at Canadian National headquarters here. There were 132 first aid classes in existence on the system during 1932 and 1893 persons were instructed in first aid. The number passing the first examination was 766. Lectures to the number of 2,160 were held during the year and were attended by an aggregate of 21,668 persons. The teaching and practice of First Aid was steadily maintained during the year, the annual report stated, and under the unusual conditions prevailing, the results of the years work are considered satisfactory.

BIRTHS

SIMMONS—At Crapaud, March 29 1933, to Mr. and Mrs. Arthur Simmons, a daughter, Glenda Jean.

CLARKIN—At New Wiltshire, on March 27th, 1933, to Mr. and Mrs. Patrick Clarkin a son, Leo Aeneas.

PINEAU—At Hope River, March 11th, 1933, to Mr. and Mrs. Michael Pineau, a daughter, Mary Eunice.

MACKINLEY—At North River, March 22, 1933, to Mr. and Mrs. Bruce MacKinnon, (nee Doris Lowther), a daughter.

DEATHS

MACFARLANE—At Lower Bedouque, April 2, 1933, Mrs. Malcolm MacFarlane aged 83 years. Funeral from the home of her daughter, Mrs. John Lang, Lower Bedouque to North Bedouque Cemetery.

HOOPER—At her home, 159 Easton Street, Monday, April 3rd, Margaret J., wife of the late James M. Hooper. Funeral from her late residence tomorrow (Tuesday) April 4th, funeral leaving at 3 o'clock, service at St. John's Church Milton, at 3 o'clock. Interment Milton Cemetery.

Card of Thanks

I wish to thank my many friends, for their kindness and sympathy shown to me at the time of my late bereavement.

Baby's First Three Months Were Misery. Cuticura Healed. "My baby's first three months were misery. He had a rash like prickly heat on the side of his limbs from his knees up. These turned to large water blisters, then inflamed spots, after which scales formed. Anyone would believe he was marked for life. I tried several kinds of ointments, but they had no effect. Then a doctor advised Cuticura Soap and Ointment and he was perfectly healed in two weeks." (Signed) Mrs. Crawford, R. R. 1, Trenton, Ont., Dec. 22, 1932.
