**—WILMOT BRIDGE**, Work on the Wilmot Bridge is progressing very satisfactorily and the improvement deserves credit for the old structure which is being built out which will last for many years. They expect to have the covering on in no that carries autos can pass across in less than a week.

**—HAYING ON**—Several fields of hay have been cut and put in the last few days, and frequent showers have in no way interfered with the haying. It is quite general this week through the country.

**—SHIPPING**—The four masted schooner Avon Queen, has succeeded in docking at Holman's wharf, and is now discharging a cargo of 1500 tons American soft coal. One of the patrol boats of the Fisheries Dept. spent Sunday in this port. The schr. White Bird, Capt. Gerrier, docked here on Saturday evening from Pugwash, N.S., with a cargo of brick. The schr. Lady Hill, Capt. Gallant, has cleared for Picton to re-load C. N. R. coal for this port.

**—RECKLESS DRIVING**—There appears to be no protection from a few of our reckless motor drivers who care not for rules or law. On Friday night two town Ford cars, seven young men in one and eight in the other, said to be racing on one of the back streets, when the car with the seven turned turtle, and a buckled wheel. A youth standing on the foot board, was injured across the stomach, wrist, injured and lip and cheek cut, requiring four stitches. The driver was also injured, said to have two bones broken in one arm. It is time to put a stop to such carelessness, and prevent perhaps a fatal accident.

**—HOME FROM ALASKA**—Mr. George Higgins is visiting his old home and relatives at Kensington, after an absence of twenty three years. He has been located at Latoche Island on the Northwest Coast for the last few years and occupies a responsible position in the work of the copper company operating in that district. Mr. Higgins is one of the Yukon Pioneers and has lived in Yukon and Alaska practically since 1898, when he was one of the thirty odd thousand people who went on the biggest gold stampede the world has ever known. During his life in the "land of the midnight sun" he has visited practically all of its numerous gold camps. He spent one winter in the Kuskokwim district at the foothills of Mount McKinley the highest peak in North America. Few men have a more intimate knowledge of the topography of Yukon and Alaska than Mr. Higgins. He is delighted with the improvements, and the appearance of "The Garden of Eden" and was heard to remark shortly after arriving "I didn't see any place since I left Latoche that looks as good as P. E. Island."

**—ENTERS HOSPITAL**—Mr. A. S. McKay, Summerside, has entered the Prince County Hospital for treatment.

**—CORRECTION RE NEW AN-NAN RACE CLASSES**—Through an inadvertency the intermediate class was advertised as a 2.22 Trot and pace instead of a 2.23 trot and pace. It should read "2.23 Trot and Pace (no time allowance)".

**—EASTERN AGENT**—Mr. J. W. Murdock is now Guardian agent in Montague and will be pleased to receive news items, advertising, etc.

**—WOOL**—I will pay the highest market price for washed wool of good quality. Wm. Landri-gan, Souris Roller Mill. 795-7-201561.

**—INTERESTED VISITOR**—Mrs. Roderick Agar of Duval, Sask., is spending a few days visiting a native of New Perth and was one of our Island's best school teachers. Going West she saw all matters pertaining to education. Since her last visit to the Province nine years ago, she sees much advancement both in town and country, but most particularly in the great improvement in our public schools. She was shown through the Montague Memorial School and thinks it will compare favourably with any in Canada. Mrs. Agar expects to leave for her Western home in a few days. Bon voyage.

**—FESTIVAL AT HEATHERDALE**—On Tuesday evening, July 20th a large throng of people gathered at Heatherdale with the anticipation of a soothing treat in the form of a jolly good time. The evening was whirled away on the part of the older people by chatting over delicious dishes of ice cream and drinking younger people engaged in baseball and other amusements. When the sun dipped his disk in the western horizon and "the shades of eve" came slowly down the young people were seized by a spirit of movement. Accordingly at the advice of S. M. Martin, the locally admired fiddler, Mr. D. Alexander Matheson was called to the helm and he took his stand at the corner of the polished floor and with the general spirit of "on with the dance" he early began the evening. The music was so pleasing and pleasing to the ears of all participating in lancers and step dancing. Not until the sun spread his ruddy morning cloak on the eastern skies did the young couples think of home and dreamland. A vote of thanks was tendered to the trustees S. M. Martin, D. A. MacEwan and W. E. McPhee for their successful work in making such a delightful entertainment possible. —Patriot please copy.

—Miss M. E. Strong, of Toronto, and Miss Dorothy Redmond, of Moncton, are the guests of Mrs. F. W. Strong, Summerside.

—Mr. William McGregor, Lot 16, was a visitor to Summerside on Saturday.

—Sister Mary Pias, Sister Benedict and Sister Burcham, of the Congregation of Providence, have returned to Washington, D. C., after spending a holiday with their father Mr. T. L. Murphy, Conway.

—Miss Ethel Murphy, R. N. of Essex County Hospital Middleton, Mass., is spending her vacation with her parents Mr. and Mrs. Bernard Murphy, Conway.

—Dr. H. T. Colvin, Summerside, left yesterday morning for Kentville, N.S., to attend the Maritime Optometric Convention.

—Mrs. Wilbert Trainor, Charlottetown Royalty, (accompanied by her little daughter Georgina) spent the week-end with her parents, Mr. and Mrs. Murphy, Conway.

—Miss Winnie G. Kenny, R. N., is spending a few days visiting her parents, Mr. and Mrs. J. R. Kenny, of Summerside.

—Mr. and Mrs. J. Abdul Arsenault, Summerside, have returned from their honeymoon, and have taken up their residence on Water Street West.

—Mr. Charles T. Hynes, Saskatoon, Sask., is in the Province on a visit to relatives and friends. Seventeen years have passed since Mr. Hynes' first visit West and it is eleven years since he last visited the Province. He sees evidence of prosperity in the country and can detect no reasons why this era of prosperity should not continue.—Y.

**Future of French Mandate in Syria Hung in Balance**

(Special to the Guardian)  
 DAMASCUS, July 27.—French rule in Syria, and possession of this Holy City, is being decided upon the field of battle in the picturesque outskirts of Damascus. On the outcome of the battle between 4,000 Syrian rebels and 10,000 French troops, fighting in the gardens surrounding Damascus for the past five days, hinges not only the fate of the city but possibly the future of the French mandate over Syria. Should the French army under direct command of General Camille inflic a crushing defeat on the insurgents, the backbone of the Syria revolution will be broken. If, however, the French should fall and the rebels continue to hold Ghouta Gardens and besiege Damascus, French prestige, already greatly injured by General Michaud's debacle before Souleima in August of last year, and by the state of siege obtaining in Damascus for the last eight months, would suffer, and the French would find it more difficult to pacify the country which remains in a state of open revolt.

**Hartnett Ready to Battle McKenna**

HALIFAX, July 27.—Joe Hartnett, hard hitting local welterweight boxer, is making arrangements to leave Halifax for another sojourn in the States, but local fans will be very much disappointed if Joe leaves without first meeting Jack McKenna, the Maritime welterweight champion, in a return bout.

Followers of boxing will remember that the last meeting between these two terminated in a most unsatisfactory manner with Hartnett winning in the first round on a technicality. After the fight McKenna was loud in his demand for a return match, and said that he felt he was disappointed over the abrupt ending of the bout.

Hartnett is willing and anxious for the match and a Halifax promoter is ready to stage it. Allice Lewis, McKenna's manager, has expressed his willingness for McKenna to box a return match on August 4.

**Catholic Church Razed by Fire**

BATHURST, July 26.—The Roman Catholic Church of St. Peter and St. Paul, together with the convent and barn were completely destroyed by fire at 11.30 o'clock last night, during an electric storm which lasted only about ten minutes, it became known here today.

The loss is placed at between \$100,000 and \$125,000 and is covered by about \$25,000 insurance.

It was one of the oldest churches in the Chatham diocese, having been built by the late Father Moran in 1843.

The original structure was 100 feet long, to which 50 feet were added about 50 years ago.

The lightning struck the spire above the bells and in a short time the church was completely razed. The fire spread to the convent. The Blessed Sacrament together with the priests' vestments were saved. The furniture in the convent was totally destroyed, for there was no chance of getting it when the fire got started.

This morning mass was celebrated in front of the presbytery. Rev. N. P. Savole is parish priest.

The Rt. Rev. P. A. Chaisson, Bishop of Chatham, is expected at Petit Rocher tomorrow when, it is understood, arrangements will be made for replacing the structure.

**Italian Steamer Is Abandoned**

(Canadian Press)  
 SAVANNAH, Ga., July 27.—Wireless messages received by the Savannah wireless station today indicated that the Italian steamer Ansaldo Saugiorio had been abandoned after a fruitless fight against the tropical hurricane off the East coast of Florida.

**80 Mile Hurricane Sweeps Palm Beach**

NEW YORK, July 27.—A wind that attained a velocity of 80 miles an hour at 9.45 o'clock this morning, still was sweeping over West Palm Beach and vicinity at one o'clock today. No lives have been lost and no injuries have been reported. Many roofs have been blown from houses, trees have been uprooted and the seas, lashed by the fierce winds, are rolling over the ocean Boulevard. It is estimated that the greatest damage so far done by the storm was caused by the fierce seas which damaged the boulevard for several miles.
