TOMORROW'S MEETING.—Weather permitting Rev. W. D. Wilson will give an address at the British and Foreign Sailors Society Meetings on the Marine Wharf Sunday afternoon at 4 o'clock. All are welcome.

PROFITABLE MEETING.—The Cumberland Women's Institute held their regular monthly meeting at the home of Mrs. Quilty, Thursday, Sept. 30th. Miss McFarlane was present and gave a demonstration on table setting and serving, also a short talk on Pickling; distributing receipts to the members. The next meeting is to be held October 28 at the home of Mrs. King.

WEDDING BELLS.—The marriage took place in Grace Methodist Church Charlottetown, on Sept. 29th, Rev. F. H. Littlejohns officiating, of Miss Hatfield Louise, daughter of Mr. and Mrs. H. N. Bowness of Crapaud to Mr. Oscar Keith Myers of Hampton. The bride wore a suit of African brown cloth with hat to match, a blouse of white crepe de chene. After the ceremony the bridal party drove to their future home in Hampton where a reception was held. The bride and groom received many valuable presents which testify to the popularity of the young couple.

S. S. RALLY.—A very successful Sunday School Rally was held in the Methodist Church at Sturgeon on Sunday afternoon, September 12th. In the absence of the Pastor, Mr. Daniel Collings (the superintendent of the school) presided. The programme consisted of recitations, singing, exercises, etc., which were well and faithfully performed by the children. It was indeed rally day for both young and old, and the programme was enjoyed by all. The Church was beautifully trimmed with cut flowers and potted plants kindly loaned by the friends of the school. Much credit is due to Miss Elsie Westaway of Albion the faithful organist of the church for her unceasing and untiring efforts to make it what the day signified, a Rally Day indeed. The service was brought to a close by the singing of the National Anthem.

FORMERLY OF P. E. I.—Dr. John E. and Mrs. McDonald of Calgary, Alberta, are enjoying a few weeks in Oakland, San Francisco, and other parts of California, and of course taking in the great Panama-Pacific Exposition. They had the pleasure, also, of meeting many old-time friends during their visit, and Islanders now residing here who had known the doctor and his estimable wife before they left their former home in Summerside, P. E. I., were certainly pleased to welcome them to the Golden Gate. After leaving Summerside six years ago Dr. McDonald settled in Calgary, and has been most successful in his profession as well as in public affairs. He is a member of the Board of Education in that city, and chairman of the Separate School Board. Mrs. McDonald, before her marriage, was Miss Gillis of Kensington. She visited her former home on the Island and before coming to California. We wish them a pleasant vacation while in our state and hope they will carry back to their "Sunny Alberta" home, happy and lasting memories of their 1915 trip.

ANOTHER USEFUL ARTICLE NEEDED.—A soldier in the trenches writes home that candles are one of the most acceptable articles that can be sent to them. Many an hour is spent in the trenches in the dark, whereas if one had the light from a candle reading or writing could be done. So don't forget to put a box of wax candles in the next box you send the soldier at the front.

CHERRY VALLEY ITEMS.—Miss Ethel Jenkins, Cherry Valley, has returned home after a pleasant visit with her friend Mrs. Everett E. Masters, Vernon River. Mr. Sheldon Ross, Vernon River, spent Sunday in Cherry Valley. Mr. and Mrs. Everett Masters, Vernon River, spent Sunday in Cherry Valley, the guests of Mrs. R. Jenkins. Mr. Samuel Masters, Vernon River, was a recent visitor to Uigg. Mr. John Jenkins, Cherry Valley was a recent visitor to Vernon River.

GAZETTED.—The last issue of the Canada Gazette contains the extract from the London Gazette of August 20th giving the names of those Canadians upon whom the King and the Czar of Russia has been pleased to confer rewards for gallantry and distinguished service in the field in the list of those who received recognition from the Czar appears the name of Private Hugh Ronald Stewart, 1st Canadian Divisional Signal Company, son of Mr. D. B. Stewart, Charlottetown.

WEDDING BELLS.—Miss Clara Evans, matron of the Whitehorse General Hospital, for more than two years and a half, was employed in the White Pass Mail Service, for ten years, were married by Rev. W. G. Blackwell in the English Church Wednesday morning at 8 o'clock. C. W. Cash accompanied the groom as best man while W. S. Watson gave the bride away. After the ceremony the bridal party adjourned to the home of Dr. and Mrs. A. P. Hawes, where a dainty wedding breakfast was served. Mr. and Mrs. Webster left in the White Pass auto for Braeburn where they will remain a week hunting and fishing before returning to their home in the west part of town which Mr. Webster has had remodelled and refurnished. The guests matrimonial stage may never encounter matrons or wash-outs on the trail of life is the wish of their many friends. The above is taken from the White Star of White Horse, Yukon Territory. Mr. George Webster is a son of Mr. David Webster, Hillsboro St., Charlottetown.

CHURCH IMPROVEMENTS.—The congregation of the Inverness Presbyterian church, P. E. I., have made a number of additional improvements this summer to their church property. The church has recently been furnished with splendid hardwood seats which are being finished in the natural wood and present a handsome appearance. The money for this purpose was procured at a church picnic held this summer. This fall a suitable church fence is being erected about the property. A very successful week of special services was held during the summer and was conducted by the student in charge. The last night of the services the address was given by Rev. Geo. C. Taylor of Charlottetown. There was such a large gathering of people that it was impossible to secure even standing room. Mr. Taylor's hearers were greatly uplifted by his stirring address and will look forward eagerly to have the pleasure of hearing him again. Sunday Sept. 19, twenty persons united with the church making a total of fifty received in the last two years. A large amount of money was collected this summer for the salary of the student in charge which position has been filled the past two years by Mr. Sidney Bonnell. The Inverness church has a thriving Endeavour and Sunday School continuing all the year and every prospect points to great success for this new congregation.

HORSE NOTES
Mr. John R. Stavert, of Kelvin Grove, has recently purchased from Mr. W. W. Crosby, Cornwall, the noted prize yearling filly, Echo of Shore Acres.
This splendid animal was the sensation of the Clydesdale classes at the Provincial Exhibition and carried off no less than three first prizes and sweepstakes for best Clydesdale mare; all ages competing. Sired by Keppoch Prince, unquestionably the greatest sire of prizewinners in the Province at the present time, it is easily seen that she combines select breeding with high class individuality. This is the second yearling got by Keppoch Prince to win championships this year, a colt of that age having the honor at the Spring Horse Show. Mr. Stavert is fortunate in securing such a choice animal for foundation stock, and will no doubt be heard from in the near future as one of our most successful breeders and exhibitors.

SHOCKING ACCIDENT AT HALIFAX
HALIFAX, Sept. 28.—Falling head first into the machinery of the big concrete plant of Foley Brothers, at the terminals, William Anderson, of Musquodobit, an employe, met instant death in the most shocking manner. Yesterday afternoon he was employed in that part of the plant situated underground, where the sand is sifted and placed on an endless carrier to be conveyed to the top of the mixer. There are big revolving wheels in the sifter which throw the sand about in some manner he lost his balance and fell against the wheels, head first, and the whole top of his head was torn away. His left arm was also broken and he died instantly. The accident happened

KILLED BY TRAIN—HAD \$986 IN HIS POCKET.

ST. JOHN, Sept. 30.—Patrick McDermott, an aged resident of St. Stephen, was struck by a train near his home yesterday morning while walking along the C. P. R. tracks. The victim was deaf and had only one eye, and it is believed he did not know the train was coming. Since the failure of the St. Stephen Bank a few years ago, McDermott had little faith in banks, and in his pockets when he was picked up by trainmen, was found \$986—the savings of his lifetime.

BERLIN DENIES RECENT RUMORS.

BERLIN, Sept. 30.—Via London.—The Norddeutsche Allgemeine Zeitung says:—
"From many quarters we hear that the fairy tale is again being circulated that Chancellor Von Bethmann Hollweg, for some time has been nursing the idea of a premature peace with the British. We are empowered to characterize these rumors as unfounded, as evil and as derogatory to the empire's interests."

STRANGE FIND OF CAPE BRETON FISHERMAN

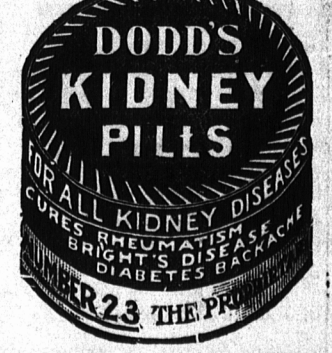

NORTH SYDNEY, Sept. 29.—A large salmon fell into the hands of Mr. M. A. McKinnon, the well known fish dealer of this town, which with a silver tag attached to its dorsal fin, attracted the attention of the dealer, who wondered how the little inscribed piece of silver ever happened to be there. Upon information from the Department of Marine and Fisheries it was learned that the Department for the purpose of gaining information with regard to the frequency of spawning in the Atlantic salmon, and whether the late run of fish and its progeny is always late run, a percentage of the salmon in all the retaining ponds, which are located at Tadoussac, Restigouche, Miramichi, St. John and Margaree, have during the past two seasons—1913, and 1914,—been measured they were stripped. Silver, similar to the one taken at North Sydney, and brass tags were used.

The silver tag is fastened to the dorsal fin as near the back of the fish as possible, and the brass tag is fastened to the second ray of the dorsal fin by silk thread, which is passed around the ray under the skin on the back of the fish. Up to the present, eighteen silver and one brass tags have been recovered. These were all obtained from fish that were taken in or near the mouth of the river in which the fish were previously liberated.

In the majority of cases, the fish were taken in set nets in tidal waters; but in some few cases they were taken by the anglers near the headwaters of the streams.

The capture at North Sydney is particularly interesting, as it is the first tagged fish reported as having been taken in a different system from that in which it was liberated. According to reports such captures are also very infrequent in European countries, where the tagging of salmon has been carried on on a somewhat extensive scale for a considerable time.

The strange thing about the fish taken by Mr. McKinnon, is that when it was liberated from the retaining pond at Buckles Cove, near the mouth of the Margaree River on November 13, 1913, it weighed 10 pounds and was 24 inches long, after being relieved of its eggs and tagged. When it was weighed by Mr. McKinnon Saturday it weighed exactly 18 1/3 pounds and measured 33 1/2 inches long, and girthed 2 1/2 inches.
