### NOEL.

(Lucy Betty McRaye in The Canadian Magazine for December.)  
 The old house knows bride and mother and wife.  
 It is the night before Christ's birth the blessed time.  
 The old, old house remembers, all my wedded life:  
 (There are frost stars on the window, and the grass is white with rime.)  
 Every bush and tree bears blossom, flowers of snow and sparkling leaves, and the nests are empty under the eaves.)  
 Their father sits, with hands folded, and crossed,  
 Bent over the crutch of his stick, warm at the hearth,  
 (The boughs are crystal, where the moonlight fires the frost,  
 And no footprints mars the even snow upon the garden path.)  
 He does not speak (The moon is made of a shining piece of gold  
 The moon is at full, he is grown so old.)  
 My elder son watches his acres bloom:  
 Watches the waxen garlands of his orange trees,  
 Where the magnolia-scented air drifts in his room,  
 And my younger boy swings in his hammock upon torrid seas,  
 Warm blue seas of southern langor, under tropic skies, star sewn.  
 The nests are empty, and the birds are flown.  
 I have two girls, each in her home will be  
 Decking the house with berries white and red,  
 Hanging with tinsel stars the Christmas-tree,  
 And stealing to fill the stocking a-dangle by each child's bed.  
 It is close on twelve, the holy stars assemble one by one . . . .  
 The nests are empty, and the children gone.

### DAILY SELECTIONS FOR READERS OF THE GUARDIAN

Furnished by W. S. Louson  
 IF WE ONLY UNDERSTOOD.  
 By Rudyard Kipling.  
 If we knew the cares and trials,  
 Knew the efforts all in vain,  
 And the bitter disappointment,  
 Understood the loss and gain—  
 Would the grim, eternal roughness  
 Seem—I wonder—just the same?  
 Should we help where now we hinder?  
 Should we pity where we blame?  
 Ah! we judge each other harshly,  
 Knowing not life's hidden force—  
 Knowing not the fount of action  
 Is less turbid at its source;  
 Seeing not amid the evil  
 All the golden grains of good;  
 And we'd love each other better  
 If we only understood.  
 Could we judge all deeds by motives  
 That surround each other's lives,  
 See the naked heart and spirit,  
 Know what spur the action gives,  
 Often we would find it better,  
 Purer than we judge we should;  
 We would love each other better  
 If we only understood.

### EXCHANGE OF INTERNED CIVILIANS NEARLY OVER.

BERNE, Switzerland, Dec. 19.—The exchange of interned civilians in Germany and France has almost been completed. About 3,000 from France and 3,000 from Germany have passed through Switzerland bound for their home countries up to date.  
 It is believed that all the French in Germany now have been repatriated, but that there are still some thousands of Germans detained in France. It is hoped, however, that all these Germans will be at home by Christmas. It is understood that Austria has interned no French civilians.

And at the solemn hour of Jesus's birth  
 One only of my children will come home,  
 Leaving awhile his narrow bed in the warm earth,  
 Leaving awhile the playing fields of Heaven, he will come;  
 I shall hear a little footstep; I shall strain my ear to catch  
 His small uncertain hand upon the latch.  
 My sons and my girls, know the best and worst,  
 Knowing evil and good, and sin and sorrow and rest,  
 He was the flower of my springtime,  
 He was my first,  
 In my anguish I bore him, he only knew my breast.  
 I shall hear the church bells ringing, golden-tongued,—a moment more,  
 Listen—is that my baby at the door?

# High Quality Foxes---Low Capitalization

Are two determining factors that distinguish an attractive proposition. Silver Foxes and Furs Limited have the very best foxes in Prince Edward Island—they have good prolific breeding strains---the progeny of the stock has established world's records for pelt value. This should certainly be good enough---better foxes cannot be secured regardless of price.

The capitalization of \$14,000 per pair for the 25 p. c. preferred stock, is the lowest offered by any company with the same high quality stock.

Silver Foxes and Furs Limited is an investment proposition that merits the appreciation of all who understand the immense earning possibilities of fifteen pair of highest quality "Class A" foxes, capitalized at \$14,000 per pair.

The Directors of Silver Foxes and Furs Limited are retaining large holdings in the company, and it is only reasonable to surmise that on this account they will exert every effort to make the earnings of the Company as large as possible.

The foxes are ranched on a percentage basis, the greater the production the larger are the earnings of the ranchers—and you can rest assured that they will do their utmost to make their earnings as large as possible, but, will at the same time be increasing yours too.

You can readily see that it is in the interests of all concerned to make the earnings of Silver Foxes and Furs Limited as large as possible—with high quality foxes and low capitalization the dividend paying possibilities of this Company are unlimited.

Under a special ranching arrangement that will not exceed 10 p. c., the foxes are housed, fed and cared for by ranchers of long experience and exceptional ability in the well equipped and ideally located ranch of the Hillsboro Ranching Company. The ranch manager and the advisory superintendent are men that can be depended upon to place this Company among the highest producers.

We shall be glad to send you a copy of the prospectus—we will be pleased to explain every phase of the proposition to your entire satisfaction, and this without any obligation on your part. We are anxious to go into all details of the proposition with you—explain everything—tell you all about the prospectus—the ranch, and everything that will interest the man or woman that wishes to invest their money to the best possible advantage.

Silver Foxes and Furs Limited is a proposition you should know all about, every phase of which should be thoroughly familiar to the intending investor. If you do not understand this proposition you cannot appreciate its unlimited dividend paying possibilities.

Fill in either one of the forms, and we will gladly give you all the information you want, without cost or obligation. Sit right down and fill in either the application form or the form requesting information.

The par value of shares is so very nominal, even the man of moderate means can hold sufficient to share in the prospective earnings of the Company. Get some shares while they are selling at par value, \$10.00 per share.
