BLOOD IS WATERY IN THE SPRING

Mrs. J. Donnelly, 105 Portland Street, Toronto, and formerly of Hamilton, Ont., writes: "I can highly recommend Dr. Chase's Nerve Food. My little girl's nerves were so bad that she would wake up nights in hysterics, and we could not get her quieted for a long time. Since taking a treatment of Dr. Chase's Nerve Food she is greatly improved in health and her nerves are steady.

"I knew of Dr. Chase's Nerve Food because I used it myself several years ago when the nervous system got run down and I could not sleep nights. I was also weak and suffered from dizzy spells. The Nerve Food made me strong and well."

Mrs. J. B. Berryman, 35 Bay Street, North Hamilton, states: "I was so very nervous that frequently I could not sleep at all, and would be so uneasy that I could not remain in bed, but would have to get up during the night in order to quiet my nerves. I also suffered considerably from faintness and dizzy spells, and though I had doctored for some years I never seemed to get anything that did me any real good until I began the use of Dr. Chase's Nerve Food. It worked a great change in my condition almost immediately, and after a regular use of this preparation I believe that it has effected a permanent cure."

It is lacking the essential, life-giving principle, which is best obtained by the use of DR. CHASE'S NERVE FOOD—This great Food Cure brings new hope, new vigor, new energy and new health to overcome tired, languid and depressed feelings which come with Spring and are the outward indications of the weakened condition of the blood and the low state of vitality.

"Mrs. Thomas Peacock, 23 Hiawatha Street, St. Thomas, Ont., and whose husband is conductor on the Wabash Railway, states: "I was quite run down in health, was very nervous, did not sleep well and had frequent dizzy spells. Believing this to be the result of an exhausted nervous system, I began using Dr. Chase's Nerve Food, and can say that this medicine did me a world of good. It entirely freed me of the symptoms stated above, built up my health generally, so that to-day I feel that I am quite well again."

Under date of Sept. 5, 1912, Mrs. Peacock writes: "Dr. Chase's Nerve Food has done me a world of good, and I would be pleased to tell everybody so."

Mr. Henry Black, 81 Ste. Catherine Street East, Montreal, Que., writes:—"The wonderful results I obtained from the use of Dr. Chase's Nerve Food constrains me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equally satisfactory results. As the result of overwork I became completely exhausted, and was unable to work for fourteen months. As I am the father of a family, these were sad days for me, but after I had used six boxes of Dr. Chase's Nerve Food I had improved so greatly that I continued the treatment until I was completely restored to health and strength. I now work twelve to fifteen hours a day and keep in excellent health."

Everybody Needs a Spring Restorative

WHEN the blood gets thin and watery, the waste of the human body is more rapid than the process of reconstruction. Gradually the act on of the heart grows weaker and weaker, the lungs do not work to their full capacity, the stomach and other digestive organs fail to perform their duties, and the result is all sorts of bodily derangements. Aching head, dizzy spells, indigestion, feelings of weakness and despondency, lack of energy to perform the duties of the day, loss of appetite, failing memory and power of concentration of the mind, irritability, nervousness and sleeplessness are among the symptoms which distress you, and all can be avoided by the use of Dr. Chase's Nerve Food. There is no preparation to be compared to Dr. Chase's Nerve Food as a spring restorative. It does not stimulate and so whip the organs of the body to overexertion, but by enriching the blood instils new vigor into the system. By noting your increase in weight while using this great food cure you can prove that new, firm flesh and tissue are being added.

Mrs. John Walfield, La Have Islands, Lunenburg Co., N.S., writes: "Two years ago my system became greatly run down, and I was awfully nervous. It was very difficult for me to do my housework, and I felt very miserable. I doctored, but did not receive any benefit until I began the use of Dr. Chase's Nerve Food. This medicine proved of wonderful benefit to me, building up the system and restoring health and strength. I always feel now that if I do get run down I can depend on Dr. Chase's Nerve Food to make me strong and well.

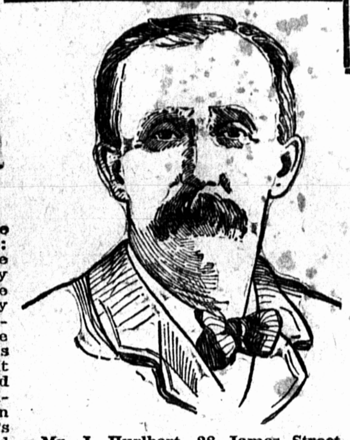
"My husband was troubled with dizziness and nervous headache, and was cured by the Nerve Food. He would not be without it in the home."

Mrs. Sarah Campbell, 108 Alma Street, St. Thomas, Ont., writes: "For months I was so bothered with nervousness that I could not sleep nights. There were other symptoms of exhausted nerves, but none caused so much misery, and I found myself continually getting worse.

"I began using Dr. Chase's Nerve Food, and it was not long before I noticed great improvement in my health. It built up the nervous system wonderfully, strengthened the nerves and enabled me to rest and sleep well.

"We have also used Dr. Chase's Kidney-Liver Pills and Syrup of Linseed and Turpentine, and could not do without them in the house."

Mr. J. Hurlbert, 28 James Street, Brantford, Ont., writes: "I was very much run down in health, and as a consequence my nervous system was very much exhausted. Close confinement at my work, I think, brought on the trouble. I started using Dr. Chase's Nerve Food, and by the time I had used up one box I felt a great improvement. The continued use of this preparation has thoroughly restored my system, so that I feel strong and vigorous and fit for any amount of work. I have also used Dr. Chase's Kidney-Liver Pills and Ointment with splendid satisfaction, and recommend them at every opportunity."



The Body Feeds on Rich, Red Blood.

The blood is the medium by which nourishment is supplied to the various parts and organs of the body. When the blood fails to derive proper nourishment from the food, or is depleted by overwork, worry or disease, a general breakdown of the system is sure to follow.

Because of the readiness with which it is taken into the blood stream, and because of its exceptional vitalizing powers, Dr. Chase's Nerve Food is the greatest blood-builder and enricher which it is possible to obtain. Such ailments as anaemia, chlorosis or green sickness, general debility and physical exhaustion are overcome by this food cure.

Dr. Chase's Nerve Food

Gradually but certainly Dr. Chase's Nerve Food increases the quantity and improves the quality of the blood, nourishes the nerves back to health and vigor, and through the blood and nerves carries new vitality to every part of the body. This great food cure brings health to the broken-down, energy to the worn-out, strength to the weak, sleep to the sleepless, and health and happiness to the sick and despondent.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Note your increase in weight while using Dr. CHASE'S NERVE FOOD. This is the proof that it actually forms new, firm flesh and tissue.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous Receipt Book author, are on every box of his medicines.

FOX STOCK SELLING FAST

It is expected that the whole capital will be disposed of in a few weeks.

That there is big money in the fox business and will be for years to come is now almost an assured fact.

This company expects to pay a large dividend to its stock holders this year and with reasonable luck in 1914 it should be able to pay 100 per cent or more.

The Belmont Black Fox Co. stock is one of the best if not the best proposition now in the market.

This company own two pairs of old breeders of the Island's very best stock and intend to add to the stock 3 more pairs of the prospective young foxes making in all 5 pairs.

The total cost of the stock is $80,000, of which $35,000 is already subscribed and paid up. $45,000 is now offered to the public in shares of $100 each. The balance is to be paid on the following basis: 10 per cent. with the application, the balance on September first next.

The ranch is situated on the Belmont farm, at Charlottetown Royalty, 3 miles from the city, in an ideal spot and under capable management.

Application for this stock may be made to any of the stock holders or any of the following directors. Samuel Craig, J. B. Andrew, John Martin, John Munn, Robt. Kerr, J. P. McDonald, S. A. McDonald, Secretary-Treasurer. 4-5Mstttf

SWISS RATIFY RAILWAY COMPACT

National Council Confirms the Acquisition of Lines By the State.

BERNE, April 9 (Special)—A grave political crisis, which is practically dividing the people of Switzerland, has again been developed by the ratification by the National Council of the St. Gothard Railway convention of 1909, by which the last of the principal Swiss lines becomes the property of the Swiss Confederation. The vote was 108 to 77.

The St. Gothard convention of 1878 between Switzerland and Germany and Italy had to be revised owing to Switzerland buying out the Swiss railroad systems in 1904. This revision constituted the convention of 1909, which extended the special rights enjoyed by Germany and Italy, on the St. Gothard line of 275 kilometres to the entire Swiss system of railroads, aggregating 2,700 kilometres of railway.

A large and prominent section of the people in Switzerland opposed the adoption of the convention which they declared would be an irreparable blow to the national honor and dignity.

The St. Gothard line, which was started in 1872, was completed in 1882. When it was projected it was estimated that the cost would be $10,000,000, but on account of many unforeseen difficulties the outlay was raised to nearly double that amount. A portion of this was supplied by Germany and Italy. According to an agreement entered into in 1878 the Swiss government reserved the right to buy the line within thirty years from the St. Gothard Company. The price arranged was twenty-five times the amount of the net profits of the line during the last ten years of working. The company received $42,500,000 for the lines and in addition the confederation took over the debt of the company, amounting to $23,418,000.

"Parents, now is the time to buy that suit for the boy. We have a special line of good dressy suits that we got at a special cut and which we are going to pass on to you at one third off. Save one third of your money by buying the boy's suit at Moore & McLeod's. 4-9M3i.

ASKS AMERICA TO STOP ARMAMENTS

The Frankfurter Zeitung Wants United States to Propose Conference.

FRANKFORT ON THE MAIN, April 9 (Special)—The Frankfurter Zeitung publishes a leading article concerning the possibility of stopping the armament fever in Europe. Reviewing the peace agitation of modern times and dwelling especially on the action of Nicholas II, in 1899, when he invited the governments of the world to send delegates to the conference at The Hague, the paper proposes a new international conference on the armament question.

It is the view of the Zeitung, however, that such a conference could not very well be summoned by one of the countries participating in the activities which make all Europe an armed camp.

"Of all the great Powers, only the United States of America could render this service to the countries in question and thereby earn the gratitude of all Europe," the Zeitung says. "The inauguration speech of President Wilson gives rise to the hope that he may be the statesman who can and will institute a movement looking to the calling of this new conference. The best citizens of his country would surely stand ready to indorse any action the President might take in this direction."

"A special line of boys' clothing is now clearing out at one-third off—this is your chance to get a good school suit for that boy at a big saving in price. All sizes—4 to 15 years. Moore & McLeod. 4-8M3i.

EXPLORER LOST BOTH HIS FEET

LONDON, April 9 (Special)—Captain Lawrence Oates, of the Inniskillin Dragoons, who died with Captain Robert F. Scott on his ill fated Antarctic expedition, had lost both his feet from frostbite before he stumbled out of the tent to his death, according to a letter from Captain Watson, the agent of the Imperial Service Guild at Wellington, New Zealand, who says he makes the revelation on the authority of Commander Evans.

Previous reports as to Captain Oates' condition when he deliberately committed suicide told only half the truth, writes Captain Watson.
