

Dr. Morse's Indian Root Pills
 owe their singular effectiveness in curing Rheumatism, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and cure Rheumatism.

MEXICAN AFFAIRS AT WASHINGTON

(Canadian Press)
 WASHINGTON, April 17.—Inquiry as to the character of the pressure brought to bear on General Huerta to yield has brought out the fact that foreign governments had an active interest in the events of the past twenty-four hours. Both the French and German Ambassadors, at a conference with the State Department were in communication with their representative in Mexico City. It is stated that the loan to Huerta would be held up unless he yielded to the American demands.

DAILY SELECTIONS FOR GUARDIAN READERS
 Furnished by W.S. Louson

WORLD GETTING BETTER.

Like everything in life human beings have different views on this vital subject. Many good people claim the world is waxing worse and worse. That the civilized world, so called, is drifting to sinfulness, while uncivilized nations and people are coming to Christ. The following encouraging message, coming from so eminent a Christian should encourage thousands to, not be weary in well doing.
 "It has been my opportunity, during the past 20 years to make three extended journeys around the world, and in addition to visit many nations more frequently. This has enabled me to observe changes and tendencies and also to get a line as to what is going on in the world. In the light of these repeated journeys and investigations I have no hesitation in stating that on every hand signs are multiplying that show the world is getting better—John R. Mott."

LECTURE IN WRIGHT'S HALL.—Wright's Hall, Kent Street, was crowded last night for the Lecture on "The days of Bluff King Hal," given by Rev. A. J. W. Back, Georgetown, under the auspices of the Boyne L. Hall.
 It was a historical lecture based on the matrimonial troubles of King Henry VIII. These facts of history, reviewed by him, he claimed ought to be the means of "Government of the people, by the people, with no interference by any foreign power the intermeddling of ecclesiastics in the affairs of state. He made an eloquent appeal to Canadian Nationality and asked the audience to stand up for laws that would be a blessing to the people and it was his hope and trust that the day was not far distant when all the people should obey all the laws, including marriage laws. A vote of thanks was moved by Rev. D. McLean, seconded by Rev. G. Taylor. It was conveyed to the speaker in a neat speech by the chairman Mr. J. J. Bethune.

Childhood Constipation

Constipation is one of the most common ailments of childhood and no child suffering from it thrives well. To banish it no other medicine acts so promptly and surely as Baby's Own Tablets. They never fail to bring relief. Concerning them Mrs. Dominique Perland, St. Michel, Que., writes: "I consider Baby's Own Tablets a marvellous remedy for little ones. I gave them to my baby for constipation and they soon made him well again." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PEOPLE'S THEATRE.—Large crowds attended the People's Theatre last night and witnessed an excellent program of entertainment: "Pasadena Original" as a powerful drama well acted with splendid settings, and good photography. "A Woman's Wit" and "The Ghost," especially the last named, were real good photo-plays heartily enjoyed. "The People Weekly" was very interesting. The orchestra played splendidly and the songs by Mr. Cameron were well applauded. There will be a matinee this afternoon for the children, when specially selected and suitable program will be presented.

OREGAN REPORTED LOST.—A Halifax exchange says that there is but slight hope of the schooner Oregon of Lunenburg, ever being heard of again. She sailed from St. John for Shelburne in December, 1913, took in lumber and sailed for Barbados about January 8. She has not since been reported. Those in the crew were: Master William Eisenberger, of Riverport; mate, Edmund Chisholm, of Souris, P. E. I.; cook and steward, Benjamin Long, of Philadelphia; seaman, Arthur Haltmann, of Hamburg; Valmire Johnson, of Denmark; and Maynard Trueman, of Halifax.

SERIOUS FIRE.—The dwelling house of Mr. James Duffy half a mile from Kelly's Cross, was destroyed by fire on Tuesday evening, 14th, about 4 o'clock p. m. Mr. Duffy, wife and daughter made heroic efforts to save the house even at the risk of their lives. Their son, Michael, was in the woods cutting poles, and when he got home the fire had completed the tragedy. The fire was discovered upstairs, and must have started from a defective chimney. Owing to a strong west wind the fire made such headway that very little of such value was saved, but Mr. Duffy was fortunate in having \$400 insurance in The Farmer's Mutual, of which Mr. Warren Newsom, Crapaud, is representative for this vicinity.

Getting Your Money Back

Is the main thought of many foolish investors. O! they say to themselves, we will get our money back in two years and we will chance the rest. But what about the fellow you got your money back from, is he going to get his money back and is he going to keep on getting his money back?

That is the Question

We say, yes, undoubtedly yes, if you invest in the fox ranch that has the pelts which will pay big dividends on PELT BASIS—but not otherwise. Now that is why you should put your money into the best foxes on earth.

The Hygrade Black Fox Co.

owns fifteen pairs of DALTON'S PUREST BREED—and that only. Why not invest in \$2,000 pelts before \$200. ones. It is just as easy and a thousand times safer.

The capitalization of \$18,000.00 per pair is not higher and in many cases less than hundreds of fox Companies are asking for the ordinary kind of pelts.

Stop and Think

Is there any sense in putting your money in any other ranch while this one has the DALTON FOXES, which bring, for breeding, \$2,000 more per pair than any other, and for PELTS you know none can compare with them. Their records prove it. If you use good judgment, this stock will all be sold very quickly. Shares \$100. par value. Apply to the undersigned.

Remember

The Dalton Company are going to ranch this Company's foxes. You'll get all the benefit and have a permanent investment for all time to come.
