MARITIME WIRE FENCE
 They can't slip with the bull-dog grip
 Many farmers are surprised to find Maritime fencing, even when it has been up for a number of years, remarkably free from loose or broken uprights and laterals. Examination shows, however, that the Maritime "bull-dog" look holds the joints so rigidly that they cannot give or pull out of shape; and because we use nothing but large, strong, "live" wire—No. 9, heavily galvanized—they are able to stand the daily stress of wear and tear without breaking.
 Maritime fence is always slightly, always straight, and always efficient. It's bull-strong and hog-tight, because it is made to withstand far greater strains than any it is likely to endure. It gives you all that you can expect in a wire fence at a reasonable price.
 Before you buy or even select your fencing, learn first what the Maritime has to offer in the way of REAL fence services. A postal brings our illustrated catalogue with full particulars.

HARD WORKING WOMEN
 WILL FIND NEW STRENGTH THROUGH THE USE OF DR. WILLIAMS' PINK PILLS.

It is useless to tell a hard working woman to take life easy and not to worry. Every woman at the head of a home, every girl in office, shops and factories is subjected to more or less worry. These cannot be avoided. But it is the duty of every woman and every girl to save her strength as much as possible, and to build up her system to meet unusual demands. Her future health depends upon it. To guard against a breakdown in health the blood must be kept rich, red and pure. To keep the blood in this condition nothing can equal Dr. Williams' Pink Pills. They strengthen the nerves, restore the appetite, bring the glow of health to pallid cheeks, and renewed energy to listless people. Women cannot always rest when they should, but they can keep up their strength and keep away disease by the occasional use of Dr. Williams' Pink Pills. "A few years ago on coming to Canada, working long hours, and close confinement began to tell upon me. I was completely run down and finally could do no work. I was pale, suffered from headaches, did not rest well, and felt altogether very miserable. The doctor said the trouble was anaemia, and after doctoring for some weeks without getting any relief, I decided to drop the doctor and take Dr. Williams' Pink Pills. Very soon I began to notice a change for the better, and by the time I had used a half dozen boxes of the Pills I was again enjoying the best of health. I have never had any return of the sickness and never felt better in my life than I do now. I give my experience, therefore, that it may be used for the benefit of others." You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
