

Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Charlottetown, writes:

Rev. Father Morrissey

Father Morrissey's "No. 7" Tablets

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and, settling in the joints, causes Rheumatism.

"No. 7" Tablets clear out the clogged-up kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

"No. 7" Tablets cost 50c. At your dealer's. 25

THE GUARDIAN'S WEEK END SERMON.

The following sermon was preached recently by Rev. W. James Howell, in the Mary Ave. Baptist church at Brookly, N. Y. Hebrews viii. "The Power of an Endless Life" is both my text and my theme. Life is the one inclusive theme of all other themes of prophets, apostles and the Saviour. From Genesis to Revelation the aspiration of religion is for a endless life.

There is change and decay in the most enduring structures that man build. The Cathedral in Cologne was 632 years in building. The great Cathedral of Milan has 119 years in building. But we know that these are not permanent buildings. The arch-structure of man, at the touch of the tooth of time, shall crumble and fall. Scriptural instruction lifts our eye toward celestial architecture—house not made with hands, eternal in the heavens. That building shall abide. Our home is not here, but there. How few of the productions of men abide. A noble life is man's only enduring building. This earthly life is brief and like an inn, when passing travelers spend but a transient night. The pages of history tell of the passing of material things. Forms of government change. Material things and institutions of the earth, but principles, never die. Carthage and ancient Rome lie in the speechless dust. Archeology is another voice—a voice from the tomb. We have uncovered the "Buried Cities" of the past, which, bridging the centuries, stand as mute monument of ruin and decay. Fame is transient. Many struggled for the honor of becoming members of the Roman Senate, but the names of few found a place in history. Fame is only a finger-mark in the sand. Geography proclaims the ceaseless transformation of the earth.

Spiritual life must grow or die. This present life must always be a growth. Life beyond the resurrection will be a growth of personal life. There are different capacities here. Two men are differently affected by the sight of sorrow, trial and hardship in others. One is stirred to compassion, the other is unmoved. One also differ in moral capacity. One will not equalize them. But growth will prevail there, as here. We do not obtain that spiritual perfection in this life that we started to seek. That perfection shall not be realized and completed until we fall in that resurrection country, then shall the spirits of just men be made perfect. Our Christian life in this present world can be at best only beginning. Christ-likeness shall ever be fully realized until we shall see Him face to face. "We know of what we shall be, but we know not what we shall be like Him."

The abundant life begins here and now. Its flow is instantaneous. Eternal life is a learning, not a completion. It is a process and a growth. It is a summer of growing rain, but not an autumn with its opened harvest. It is a life of conscious fellowship with God. I trust that we have learned the peace of the Jordan river.
