The Mammoth Tea and Bazaar held yesterday at Bedford by the parishioners of St. Bonaventure's Church, Tracadie, turned out to be a success, and was largely attended. Every effort ought to be made to prevent the spread of this obnoxious weed, which has been the cause of the death of such large numbers of cattle in Pictou County, Nova Scotia.

As The Guardian Employment and Information Bureau, established some months ago, has been so greatly appreciated, and has been the means of securing employment for so many people and help for so many business houses and housekeepers. It has been decided to establish in connection with this paper, an Advertising Agency. Thus any persons or firms desiring advertising in any newspaper outside of this city, can have same placed by the Guardian. They can thus secure the same rates as if they placed their order direct, and have each advertisement checked to see that it gets the proper number of insertions and appears as desired.
