—Miss Yvonne Arsenault left on Saturday for St. John, N. B., where she sailed for Boston on a short visit.—S.

—Miss Gillis, School Inspector for West Prince, has returned to her home, after attending the Summer School at Sackville, N.B.—S.

—Mr. Stanley Burns of Summerside is a patient in the Prince County Hospital.—S.

—Miss Laura Easter of O'Leary has entered the Prince County Hospital for treatment.—S.

—Miss Mary H. Kelly of Portage is a patient in the Prince County Hospital.—S.

—Mrs. Thomas Chivers, who spent the summer with her father, Mr. John Sinclair, Hamilton, left on return Saturday morning for her home in DeRay Beach, Florida.—S.

—Miss Helen Collins and Joseph Chabot of Charlottetown are guests of Miss Bertha Hamilton, Summerside. Miss Margaret Collins who has been visiting in the west of the province is also a guest of Miss Hamilton.—S.

—Mr. W. P. and Mrs. Johnstone, the former a son of Mr. Donald Johnstone and a native of Long River, have enjoyed a six weeks' holiday at their native home and renewed many former acquaintances. They left on return Friday morning, and will visit in route Boston and other cities.—S.

Abbie Dance Hall BORDEN

A perfect floor, changing lights, fine decoration and good ventilation make this hall the delight of dancers.

Tuesday Nights
OLYMPIAN ORCHESTRA
ADMISSION 35 CENTS

—C. W. L. ICE CREAM FESTIVAL, pantry sale, dancing to music of Wellington Vagabonds, at Kensington Parish House, Friday evening, August 23rd, 6.30. L-9231-11.

—DOING NICELY—Mr. Arthur Arsenault of Abram's Village, who had his arm hurt in a recent accident, is reported to be doing nicely.—S.

—DEATH OF ALEXANDER MUTTART—There passed away on August 12th at the home of his son, George, at Carleton, Mr. Alexander Muttart at the age of 83 years. Mr. Muttart was the son of William Muttart of Carleton. Early in life he removed to Albany, where he farmed very successfully until quite recently when he retired. He leaves to mourn two daughters, Annie, Mrs. J. P. Shields and Eva, Mrs. J. B. Goodwin of Boston, both of them arriving home for the funeral and three sons, James in Calgary, John W. on the homestead, and George in Carleton, and with whom the deceased resided. Also one sister, Mrs. Thomas Howatt of Carleton. The funeral was held on Thursday afternoon from the Catholic Church at Seven Mile Bay, Rev. William Monaghan officiating at Requiem Mass. Many old friends attended the service to pay their last respects to an old friend.—S.

—RECEIVED SLIGHT INJURIES—Mr. W. F. C. Turnbull of Moncton, N. B., met with a slight accident last week and was obliged to enter the Prince County Hospital for treatment. He is expected to return home in a day or two.—S.

—FUNERAL OF MRS. FRED MUTTART—The funeral of Mrs. Fred Muttart was held on Sunday afternoon in St. John's Church, St. Elcanors. Ven. Archdeacon C. de W. White officiated. The pall bearers were Kenneth and Holden Mills, Robert Peterson, George Muirhead Lawrence and Nelson Compton.—S.

—FAMILY REUNION—Mr. John MacNally and Mrs. MacNally were host and hostess on Sunday at their lovely home on Water Street East, Summerside, for a happy reunion of the MacNally family. Scout News and Notices

At Nablus, Palestine, Boy Scouts of a troop connected with the Beirut All-Moslem Association hold evening classes for street boys.

Under direction of the local Mosquito Committee, Boy Scouts of Merritt, B.C., made a systematic survey of the district for mosquito-breeding pools, preliminary to oil treatment.

There are nearly a thousand British Boy Scouts in 6 Scout Groups in Alexandria and Cairo, Egypt. They co-operate closely with the Egyptian, French, Greek and Armenian groups.

According to reports at the 25th annual meeting of the Boy Scouts of America, experiments at St. Joseph, Mo., and Buffalo, N.Y., proved it possible to reduce juvenile delinquency in areas of high delinquency by the organization of Scout activities.

That the call of the sea persists in the blood of boys on the prairies is suggested by the enthusiasm with which junior leaders of the 2nd The Pas Scout Troop of Manitoba acted as crew of the S.S. Tobin of the Ross Navigation Co. on a cruise up the Saskatchewan river. The boys were assigned watch-keepers, and in turn acted as engineer, stoker, wheelman, deck hand and ship's cook.

Wrote the physician of Scout B. L. Bonning of Weston-Super-Mare, England, who was awarded the Cornwell Badge for exceptional fortitude: "He was continuously re-cumbent, his system poisoned and his limbs crippled by large and painful wounds. Nevertheless I remember only his radiant smile and sturdy voice. If an operation was ordered he resigned himself to it in a most manly way, although the previous one had nearly cost him his life... Such cheerful courage and endurance surpass any I know in showing the spirit of man triumphing over hopeless odds. In spite of his suffering Scout Bonning passed his First Class Scout test, bit by bit."

The 25th birthday anniversaries of Boy Scout associations in four different countries were celebrated this summer—the United States, Poland, Finland and Denmark.

As in Canada, a number of Boy Scout troops have been organized on American Indian reserves. Recent Scout "tribes" have been established on Choctaw and Pueblo reservations.

Scouts of one district in Belgium have been earning money by hunting wild pigs in the neighborhood forest. For each pig secured they receive £3. Only First Class Scouts are allowed to hunt.

Failure to carry on to expected Scouting standards has caused the International Committee of the Boy Scouts Association to suspend recognition of the Boy Scouts of Liberia, Africa.

Sea Scouts of Japan completed a four months' Scout goodwill cruise in waters of the Far East aboard the 159 ton brigantine Giyu-Wan-Maru. They called at Manila, Saigon, Bangkok, Singapore and Batavia.

For the two 25th birthday Jamboree camps in Finland this summer, Scout contingents came from Hungary, Estonia, Denmark, Norway and Sweden, and smaller parties from other countries. There were competitions in scoutcraft, athletics and archery. A pageant represented the bringing of the Christian faith to Finland.

A Danish National Scout Jamboree July 27-Aug. 9 celebrated the 25th anniversary of Det Danske Spejderkorps, the Danish Scout Association. The camp was held on the site of the World Scout Jamboree in 1924. During the second week of the camp Scouts from other countries were guests in the homes of Copenhagen.

Rose Valley Field Day
On Saturday the Field Day was at Rose Valley on the farm of Mr.

LIVERPOOL, Aug. 19.—Official inquiry into the deaths of six seamen, crushed in their bunks when the cruise liner Laurentic and the freighter Napier Star collided in the Irish Channel, began today and was postponed until Aug. 28.

Three of five injured sailors remained in a hospital. None of the Laurentic's 520 passengers, whose cruise to northern capitals was cut short 60 miles out when their liner was forced to limp toward port with a gaping hole in her bow, were among the injured.

Death Of Mrs. Duncan Nicholson

The death occurred on Sunday afternoon at her home in Bedouque of Mrs. Duncan Nicholson in her 68th year. Mrs. Nicholson had been ill for about two years. She died on the 31st anniversary of her wedding day.

Mrs. Nicholson was born at Crapaud and was Fannie Leard, daughter of the late W. A. Leard and Mary J. Muttart, his wife. The family removed to Bedouque when the deceased was only three years old.

Mrs. Nicholson resided in Bedouque all her life and was beloved and honored by all who knew her. She had a sweet disposition and bore her long illness with true Christian fortitude.

Mrs. Nicholson was a member of the United Church and until recent years was very active in church affairs. She was a life member of the W. M. S. of the church.

She leaves to mourn, besides her husband, one son, William, and two grandchildren, all of Bedouque; also two sisters, Mrs. Horace Lyle, and Miss Hannah Leard of Summerside, and one nephew, Mr. Robert Wood, also of Summerside, and to whom much sympathy is extended.

The funeral is taking place today at 2 p. m. from her late residence.—S.

FIELD DAYS AT ILLUSTRATION STATIONS

Of particular interest to the farmers and their wives on Prince Edward Island at the present time is the series of field days that are being held in different sections of the country.

The attendance at these field days is growing every year and each year new experiments are being carried out and keen interest is manifested among the farmers.

WEST DEVON
Last Thursday a most successful field day was held at West Devon, Prince County, on the farm of Mr. Cephas Grigg. The farm has a very attractive appearance.

Mr. Grigg is the oldest operator of an illustration farm on the Island, and one of the most successful.

Mr. Grigg has been very successful with his experiment on Charlottetown No. 8 barley and has a very fine field this year. Barley is being grown on every illustration station and proving most successful.

Barley, as a feed for finishing hogs is recommended by experts and speakers at the Field Days are encouraging the farmers to grow more of it.

Owing to the very large importation of Timothy seed into the province, the Illustration Stations are increasing their acreage of timothy and this is also proving a successful venture.

Mr. Grigg has a very fine field yielding about 300 pounds of seed to the acre. The average is 200 pounds. The price last year was 20 cents per pound. The average price was ten cents in other years.

Through the illustration stations farmers are realizing the advantages of growing their own timothy seed. Fodder corn and soy beans are also growing in favour of the farmer and the illustration stations in Prince County have been very successful with these crops.

Speakers at West Devon were Mr. J. C. Parent, Supervisor of the Stations; Dr. J. A. Clark, Superintendent of the Experimental Station; Mr. B. F. Finney and Mr. Stewart Irvine.

Visited Other Stations
While up west, Mr. Parent visited Palmer Road Station, Glenwood and Richmond.

Peters of Palmer Road has an excellent field of nullous oats and a field of barley, which is well worthy of a visit. Mr. Peters also is one of the seven managers of stations where the raising of young chicks by brooder house is being successfully carried out. He also takes blood tests of his flocks for certain diseases.

The Illustration Station at Glenwood, which has been carried on by Mrs. Gorrill since the death of her husband about a year ago, is in splendid shape and Mr. Parent regrets that Mrs. Gorrill decided not to hold a field day on the farm this year. This station has splendid fields of clover and alfalfa and root crops. The station has recently been transferred to Mrs. Annie Gorrill. It has been run under the estate of Alfred Gorrill until the recent change.

Berlin, Aug. 19.—A spectacular fire roared through Berlin's radio fair and exposition grounds tonight, but only minor injuries were reported as firemen checked the flames.

The blaze, breaking out in a frame exhibition hall caused a mad rush for exits. Leaping tongues of flame trapped customers and waiters in a restaurant high up in a tall radio tower in the centre of the grounds.

A radio announcement at 10.45 p. m. more than two hours after the fire had broken out, reported, however, that eight persons had been rescued from the tower with only minor injuries.

The announcement also said there was no further danger of the fire spreading.

Earlier it was reported that everyone had escaped safely from the hall where the fire first started. Supporting rods and wires of the radio tower bent in the terrific heat as the flames roared around them.

"I'LL SHOW YOU Proof... OF LONG MILEAGE!"

The thing you motorists want in a tire is long service. You want your tires to stand up to the hardest kinds of driving. So, before you buy a tire from me I'm going to give you proof that Goodyear tires have long life built right into them.

"Look at the 'footprint' of a two-year-old Goodyear tire. Plenty of non-skid tread there... lots of mileage in that tire yet.

"For the past few weeks I have been 'footprinting' plenty of Goodyear tires... owned by motorists right in your neighborhood.

"Come in and see them. You'll get proof of Goodyear's good service... and economical service.

"And, if you're a Goodyear owner drop in and let me 'footprint' your tires... it takes just two or three minutes to do it and it's an interesting operation."

You have a choice of Six Goodyear Tires

Choose the low-priced Speedway, the medium-priced Pathfinder, or the famous G3 All-Weather. Each one is made in regular 4-Ply and heavy duty 6-Ply types... and guaranteed! New reduced prices on all Goodyear Tires.

Malcolm MacKenzie, and there was a splendid attendance. Mr. MacKenzie has a very fine farm garden, which brought many compliments from the visitors. The importance of the farm garden is being stressed by Mr. Parent at the different stations visited.

Mr. MacKenzie has been very successful with his experiments with brown heart in turnips. An interesting demonstration at this station is Mr. MacKenzie's experiments with pasture fertilizing and the difference in the quality and growth on the acres treated with fertilizer and those that are not is very marked.

Mr. MacKenzie has a fine herd of Grade Ayrshires. Mr. Brenton Clark of the Dairying Department gave an interesting demonstration of cream testing.

The other speakers were the same as at West Devon.—S.

Berlin's Radio Fair Razed By Flames

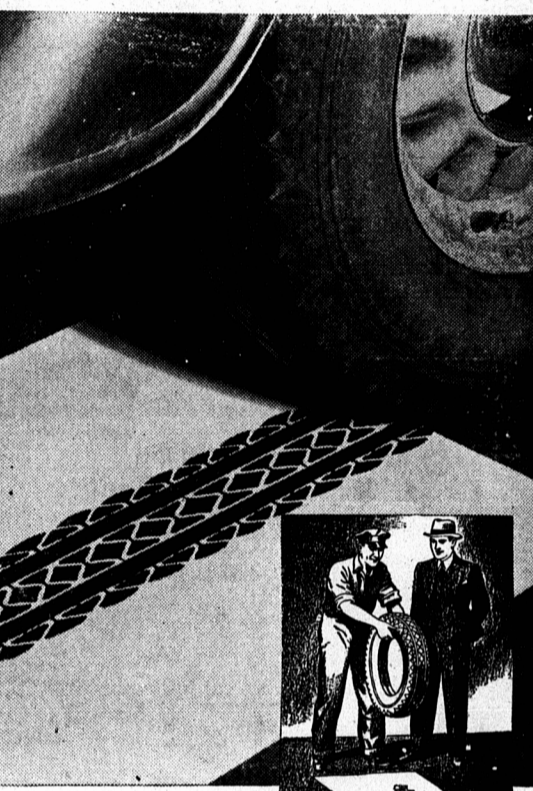

BERLIN, Aug. 19.—A spectacular fire roared through Berlin's radio fair and exposition grounds tonight, but only minor injuries were reported as firemen checked the flames.

The blaze, breaking out in a frame exhibition hall caused a mad rush for exits. Leaping tongues of flame trapped customers and waiters in a restaurant high up in a tall radio tower in the centre of the grounds.

A radio announcement at 10.45 p. m. more than two hours after the fire had broken out, reported, however, that eight persons had been rescued from the tower with only minor injuries.

The announcement also said there was no further danger of the fire spreading.

Earlier it was reported that everyone had escaped safely from the hall where the fire first started. Supporting rods and wires of the radio tower bent in the terrific heat as the flames roared around them.

Get proof of long-life before you buy

Your nearby Goodyear dealer will show you the "crepe paper" test. It proves the road-gripping, non-skid qualities of Goodyear's famous diamond tread. Even after long and strenuous service this tread still remains, as proven by thousands of Goodyear "footprints."

GOODYEAR SELECTED DEALER

Steady Response Received For N.S. Debentures

(C. P. by Guardian's Special Wire) TORONTO, Aug. 19.—A steady response was reported today and assurance given the \$3,817,000 Province of Nova Scotia 15-year three per cent sinking fund debentures would be fully subscribed by the end of the week.

Tenders were received Thursday and preliminary offerings Friday and Saturday. The public offering was made today and was well received. G. C. Norworthy, of Griffis, Fairclough and Norworthy, Limited, said tonight.

The purpose of the issues is to redeem £700,000 of Nova Scotia consolidated stock. A sinking fund of one per cent per annum is being established on the issue. All monies and securities which formed the sinking fund for the sterling stock issue being redeemed will be transferred to form part of the sinking fund of the new issue. This fund totalled \$1,100,000 June 1, 1935.

Appointing Girls To Police Phones

(By The Canadian Press) NEW YORK, Aug. 19.—Believing women are endowed with presence of mind and are capable of promptly transmitting messages of which human life and safety may hang, police heads have appointed five girls to the general switchboard of police headquarters here. This releases a similar number of men to be turned back into patrol work where they are needed.

Many instances of courage and of devotion to duty in emergencies are accepted as an index of women's competence for this work.

There is for instance a posthumous citation for Miss Gladys I. Gibson, who lost her life when a medical clinic at Cleveland, Ohio, where she worked, was almost blown to pieces. Though suffocating from deadly fumes, she kept her place at the switchboard. Her body was found with the head-set on her hair.
