GIRLS' PAINS AND WEAKNESS

Yield to Lydia E. Pinkham's Vegetable Compound. Thousands of Girls Benefited

St. Louis, Mo.—"When I was only fifteen years old mother had to put me to bed every month for two days because I suffered such pain. I also suffered from a weakness and mother took me to a doctor but he did not help me. Finally mother made me take Lydia E. Pinkham's Vegetable Compound and it has made me strong and healthy. So when mother or I hear any woman complaining we tell them about Lydia E. Pinkham's Vegetable Compound and what it did for me."—Mrs. JOHN FRAME, 1121 N. 18th St., St. Louis, Mo.

Girls who suffer as Mrs. Frame did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years experience is at your service.

MONTSERRAT

LIME FRUIT JUICE

It's just fine for kiddies—quenches the thirst and satisfies the childish craving for something cold to drink—without upsetting the stomach or affecting the digestion. Ice water is dangerous for children.

No fuss or trouble, as with lemons. One to two tablespoonfuls of MONTSERRAT in a glass of cold water, sweetened, and the children's cooling, refreshing drink is ready.

MONTSERRAT is the juice of the tree-ripened limes that grow on the island of Montserrat in the West Indies.

Keep a bottle of MONTSERRAT always in the house this summer for your own pleasure—for the children.

Fainting Goats

Did you ever see a goat faint? Probably not. But the thing does happen—not, perhaps, to the everyday goat, but to animals of that breed which are found in Tennessee. Oddly enough, in that state the "fainting goats," as they are called, seem to be restricted to one small locality. In other respects they are just like ordinary goats, but on slight provocation they will "throw a fit". If suddenly approached or otherwise startled they fall to the ground. Apparently the trouble with them is not heart-weakness, but a peculiar nervous complaint. Any sort of alarm gets their goat, so to speak.

Ask for Minard's and take no other.
