## Navy Team Ekes Out 10-9 Win Over All Stars

Coming from behind in the last half of the ninth inning last night a Navy team from a ship in port defeated Bruce Stewart's All-Stars 10-9 in a friendly exhibition softball game at Victoria Park.

Navy took the lead in their batting half of the first inning when Sitter, their first baseman, hit a homer with two on. But All-Stars came to life in the third getting five runs on seven hits, a walk and an error to go into the lead 6-3.

Their lead was short-lived, however, as the Tars came right back in their half of the same inning to tie it up with three runs on four hits. Another run in the fourth gave the sailors the lead again 7-6. Stars came back in the sixth with three runs on two hits, but Navy then threw to take the lead 9-7.

The navy added one to their score in the seventh to make the count 9-8 and it was that way going into the last half of the ninth when the sailors got the tying and winning runs.

There were three homers in the game which was played by both teams in a nonchalant manner. Sitter and Adamson of the Navy each got a four-bagger, and Haughey hit one out for the All-Stars.

Because of the carefree manner in which the boys were playing, errors were frequent, 16 being committed. However, the game was better than a lot played in the Senior League.

Haughey pitched the first two innings for the All Stars and Stull took over from there. For the Navy it was Gavin hurling the first five with Mowatt relieving him in the sixth. All Stars made a total of 10 hits while Navy garnered fourteen.

A feat seldom seen in the regular City League schedule was a double play. Last night's encounter included two, both by the Navy team. The first came in the fourth inning when McKinnon hit out to Navy third baseman Dunn, who threw to Sitter on first in time to catch Hennessey off base. The second double was in the eighth frame and retired the side. Gavin at short for Navy caught a fly from Cecil Ward, then threw to first in time to get Gauthier off base.

Irving MacKinnon playing short for All-Stars made a brilliant catch off Mowatt in the fourth inning coming all the way from his own position about fifteen feet back of second base to make the out.

Line score:  
All-Stars 155 003 000—9 10 7  
Navy 303 100 102—10 14 9

MacMahon, General Secretary of the convention, presented the executive report, which called for the raising of an annual denominational budget of \$70,000 and the raising in addition during the next two years of a \$120,000 centennial fund, a total financial objective of \$290,000 for the two years.

## Report Capture Of Lyon Seems Imminent

ROME, Aug. 31 (AP)—Allied capture of the great French city of Lyon, 170 miles from the Mediterranean beaches, appeared imminent tonight after survivors of the German 16th army broke off the unequal fight in the Rhone Valley and resumed their heading flight before the Allied forces.

Nice, largest of the Riviera's famous playgrounds, fell without a fight to an American force moving east toward the Italian border, about 12 miles away. The famous resort city of 200,000 population was virtually undamaged except for Nazi demolitions in the harbor area.

Indication that the Americans had punched to the immediate vicinity of Lyon, largest French city still in Nazi hands, came in today's official announcement that "from the vicinity of Livron to Lyon (a distance of 70 miles) the Germans are fighting where they are forced to and are delaying and blocking at a heavy cost in men and equipment."

Few of the Nazis streaming northeastward out of Lyon appeared destined to reach the fatherland. Their escape route would lead them through the old French fortress city of Belfort near the northern Swiss frontier—100 long, hard miles from Lyon. An American armored column of the northern invasion armies, pushing eastward from Paris to intercept the beaten enemy forces, was last reported at Belfort, only 110 miles from Belfort.

Guards took the Negroes from the court shortly afterward without incident, and headed for State prison at Belfort, Fla., where the condemned will remain until execution date set by the Governor.

Each pleaded guilty as charged when court opened.
