CAPITOL—3 DAYS—Starting THURSDAY

Agreements Made by C.P.R.

(C. P. By Guardian's Special Wire)

MONTREAL, March 24.— Agreements made by Canadian Pacific Railway directors during 1934 and announced in the annual report issued here today include:

"Agreement between your company and the Canadian National Railway Company, whereby the freight and passenger facilities and staffs of both companies at Fredericton are amalgamated. All freight traffic is handled by a joint staff on the freight facilities of the Canadian National, the cost of operation being divided on a tonnage basis; and all passenger traffic is handled by a joint staff at your station, each company bearing one-half of the cost of operation.

"Agreement between the Canadian National Railway Company of the first part, your company of the second part, and the New Brunswick Railway Company of the third part, whereby your company is to abandon the operation of the line of the New Brunswick Company between Cyr Junction and Edmundston in the Province of New Brunswick, and is to use jointly the line of the Canadian National between these points paying such amounts and contributing such proportion of the cost of operation and maintenance of the Canadian National line as will result in an equal division of the net economy resulting from the abandonment."

HEIR-CLAIMANT TO SPANISH THRONE VISITS FIANCEE

PARIS March 26—Prince Juan, heir-claimant to the vacant Spanish throne, came to Paris yesterday to see his fiancee, Princess Marie Mercedes of the two Sicities branch of the house of Bourbon-Anjou.

He brought her no engagement ring, however, for his royal father, former King Alfonso, has yet to give his consent to the engagement of his third and only unmarried son.

Princess Louise, mother of Marie Mercedes, said Alfonso was expected to come to Paris within the next month. He may write before then to give his consent, however, she said.

EASTERN STEAMSHIP LINES

One round trip per week, from Saint John (via Yarmouth, N. S.)

Sailing from Reed's Point Wharf, Saint John, every Friday at 9 A. M. (A. T.). Due Boston 8 o'clock (E. S. T.) following morning. Local passengers are not carried between Saint John and Yarmouth.

One-way fare $10 from Saint John. Water-comfortable staterooms $2.50 up, good for two people. Fine meals at fair prices.

Passengers holding through tickets to Boston or beyond may occupy staterooms Thursday night, while the ship is lying in Saint John, without extra charge.

Apply any Canadian National Railways Company Ticket Office, or at Reed's Point Wharf, Saint John.

Reduce Interest Rate on Indian Lands Sales

OTTAWA, March 26—An Order in Council has just been passed on the recommendation of Honourable T. G. Murphy, Superintendent General of Indian Affairs, the purport of which will be of very great interest to a large element of the farming community, particularly in Western Canada. This Order in Council provided for a reduction in the interest rates chargeable on sales of Indian lands from the prevailing rates of 6 and 7 per cent to a rate of 5 per cent effective from the first of January, this year.

In explanation of this reduction Honourable Mr. Murphy stated today that the change was in line with various other legislative enactments, all designed to relieve the farming community of a burden which, owing to conditions prevailing for a number of years, has become practically impossible to carry further.

At the present time there are current and outstanding Indian land sales contracts to the value of about $2,000,000.00. This interest reduction will, therefore, be of substantial benefit.

SUCCESSOR NAMED TO DR. J. GOFORTH

TORONTO, March 26—Tributes to the memory and to the good work of Miss Mamie C. G. Fraser, for 24 years W. M. S. magazine secretary of the Presbyterian Church in Canada, as well as to her record in church and social service spheres; of Mrs. W. McKay McLeod, for four years president of the W. M. S. in the Maritime Provinces, were warmly paid at the meeting of the Presbyterian Board of Missions yesterday afternoon in St. Andrew's Institute.

The Board of Missions voted 307 grants, covering 427 appointments, at yesterday's session.

Appointment of Mr. and Mrs. E. H. Johnson to succeed Dr. Jonathan Goforth in Manchoukuo, was announced. Mr. Johnson is minister of Dunn Memorial church, Long Branch. He is an honor graduate in mathematics and physics of McGill University, and graduated in theology from Princetown in 1933. He spent a year at New College, Edinburgh, studied in Berlin, and is the son of Charles Johnson, Westmount, Montreal. Mrs. Johnson is a graduate of Ohio Wesleyan University, and was before her marriage in 1934, Miss Catherine Cameron of Vandergrift, Penn. Mr. and Mrs. Johnson will leave for the Chinese field in mid-summer.

A growing membership in Presbyterian young people's organizations was indicated in reports presented at the annual meeting of the Board of Sabbath Schools and Young People's Societies. New organizations are being formed, while the old ones are carrying on with renewed enthusiasm.

NO TROUSERS IN NEW YORK, SAYS MARLENE

NEW YORK, March 26—Marlene Dietrich will not wear trousers in New York.

Diva Lily Pons may don them if she wants to, but not Marlene.

"It would cause too much commotion," says the film star.

In Hollywood it's different. There "everyone" wears slacks and no one notices them, so she says.

Miss Dietrich is completely won over to trousers. For one thing, she says, they're more comfortable and more becoming to her. And also: "You don't have to bother about stockings."

Claim Plot Hatched To Kidnap Dionne Quintuplets

(C. P. by Guardian's Special Wire)

TORONTO, March 25—Ontario moved swiftly today against a bizarre scheme—reported from authoritative sources at the provincial government buildings—to "kidnap" the Dionne quintuplets.

Government spokesmen made no direct mention of the plot, but stated a police guard for day and night would be assigned to the Dafoe Hospital near Callander.

As related at Queen's Park, the scheme, seeking to remove the babies from jurisdiction of Ontario where legislation has been passed making them wards of the King, would be executed in two weeks. By that time northern roads would be free of snow.

Behind the plot, it was said, were daring American exploiters who saw a fortune in the making if they could whisk the babies across the line into the United States and exhibit them publicly.

The plan was to bundle the five little sisters into an automobile and make a dash of nearly 300 miles to the Ontario-Michigan border at Sault Ste. Marie. There a waiting airplane would take on the precious passengers and speed southward.

Hon. A. W. Roebuck, Ontario Attorney-General, said late today he had detailed two provincial police to the hospital at the request of Hon. David Croll, Minister of Public Welfare, who piloted the guardianship bill through the Legislature. It now awaits only the signature of Lieutenant Governor Herbert A. Bruce. The bill was not signed today, although reports earlier said Mr. Bruce would go to the government buildings for that purpose.

Tragic Death Of P. E. Islander

MIDDLE MUSQUODOBOIT, March 21.—Charles Spurgeon McCabe, prosperous and widely known Higginsville farmer, yesterday morning went to the barn to attend and harness his horses. After a short while when he failed to return, his daughter-in-law went to search for him. She found him lying dead on the floor of the stable, the imprint of a horse's hoof on his forehead.

The kick had brought instantaneous death to Mr. McCabe who was in his 75th year. Mr. McCabe is the owner of one of the best farms in the district and was well known and greatly respected.

His tragic death has brought sorrow to his household and to the community where he took a leading part in all activities. In politics he was a staunch Conservative. His wife predeceased him many years ago. Surviving to mourn the loss are two daughters, Mrs. Lawrence Higgins, Higginville, and Ruth in Iowa; three sons, Ralph and Trueman of Higginsville and Gordon in Massachusetts.

The funeral will take place Tuesday afternoon at 2.30 o'clock from the Higginsville church with Rev. William McDonald of Upper Musquodoboit officiating.—Halifax Hearld, Mr. McCabe whose sudden death is a shock to relatives and friends in P. E. I. has three brothers living. John and Edward in California and Layton McCabe of Alexander P. E. I. His deceased wife was Hattie Fraser daughter of the late William F. Fraser of North River P. E. I. and a sister of Mrs. Layton McCabe, Mrs. J. D. Jenkins, Mrs. Charles McLean, Mrs. Dingwell Jenkins all of P. E. I.

"PAPA SPANK" IF TRAFFIC REGULATIONS NOT FOLLOWED

DETROIT, March 26—Feminine motorists and even cyclists and roller skaters may face the threat of a spanking as well as a ticket for traffic violations in Detroit.

The mayor's traffic committee discovered yesterday some of the members were not in favor of sparing the rod and denting the fenders.

C. Hayward Murphy, the fire commissioner suggested the use of the old fashioned discipline.

"I've told my daughter that if I caught her going against traffic on skates or a bicycle I'd spank her."

Police commissioner Henrich Pickert, veteran of police and army service, beamed at Murphy's comment and leaning over to his fellow committee members said:

"I've told my wife that I would do the same thing if I found her driving the wrong way."

::Cuts and Bruises Disappear — When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailments, use Dr. Thomas' Eclectric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Eclectric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

Giant Made Money, Now Court's Ward

BELFAST, March 26.—(CP)—Patrick, a three-ton Irish giant, has become a definite thorn in the side of a British railway company and a challenge to the other white elephants in the world.

The monster sandstone nuisance was the creation of John Dyre, who landed in country Antrim from New York one day, fired with an ambition to make plenty of money. He claimed he had secret information that would lead to the location of a legendary giant credited with building the famous Giant's Causeway—the basaltic columns washed by the Atlantic and supposedly the remnants of a prehistoric bridge connecting Antrim with Scotland.

Dyre's expedition to locate the bog-preserved giant failed. He got busy with a chisel and hewed from sandstone his own idea of an Irish giant. He named it Patrick all Ireland flocked to see the moster—12 feet high, with a seven-foot chest and bulging muscles. As an added touch, Dyer gave one of the feet six toes. Cash rolled into the Dyre pockets.

Dyre took a partner named Kershaw but they had a dispute and the giant was shipped to London. Both partners died and Patrick has remained the ward of the chancery court, imprisoned in amamoth wooden coffin in a railway storage room.

The railroad now seeks descendants of either Dyre or Kershaw. They can claim Pat by paying $2,500, the cost of the giant's long sleep.

JULIANA IS EXPECTED TO WED PRINCE CARL

LONDON, March 26—The Daily Express said tonight Princess Juliana of Holland and Prince Carl Johan of Sweden will announce their engagement on April 30, the Princess's birthday. The paper's Stockholm correspondent quoted court circles for the information.

The engagement of Holland's Princess Juliana, now 25, to 18-year-old Prince Carl has been reported previously, and denied as recently as last August, while other reports have linked the name of Juliana, one of Europe's few eligible real princesses, with other members of royal families from Sweden to Spain.

Princess Juliana is the only child of Queen Wilhelmina of the Netherlands.

CUT DOWN MEAT TO HELP POOR

LONDON, March 26—(C.P.)—Abstinence from meat one day a week in order to help the unemployed is a feature in Maryport and Workington social service, the abstainers being anonymous and calling themselves "The Good Neighbors."

As the outcome of this movement a number of women in Maryport and Workington whose husbands are out of work and who have families have been receiving by post tickets allowing them to get meat to the value of 50 cents each week for six weeks.

Set Out Service Of Thanksgiving For Jubilee Day

Special Prayer Provided and Hymns Suggested for Services at St. Paul's and Other Churches in May Next

(By THOMAS T. CHAMPION)
(Canadian Press Staff Writer)

LONDON, March 26.—(CP)—Canada and other parts of the British Empire will be interested in the "Form of Prayer and Thanksgiving to Almighty God for the protection Afforded to the King's Majesty during the Twenty-Five Years of his Auspicious Reign."

This order of service has been authorized by the "Lords of His Majesty's Most Honorable Privy Council for use in the Cathedral Church of St. Paul on May 6th and in other Churches in England either on the said day or the ensuing Sunday."

The service opens with the first verse of the national anthem followed by the hymn, "All people that on earth do dwell." After versicles and responses there will be the familiar 95th Psalm, with which morning prayer usually opens in the Church of England. Psalm 121 follows and then two short lessons from the old and new testaments. Afterwards the hymn, "I vow to thee my country," or "City of God, how broad and far" will be sung. Then comes the address and after that the hymn, "O God of Jacob, by whose hand."

Special prayer of thanksgiving which is provided follows:

It is very meet, right, and our bounden duty that we should give thanks unto Thee, O Lord, Holy Father, Almighty, Everlasting God, for that Thou wast pleased as on this day to set Thy Servant our Sovereign Lord King George upon the Throne of this Realm and hast protected him in days of sickness and of health throughout his reign of five and twenty years. For the example of unceasing service set by him and by our gracious Queen Mary; for strength and steadfastness bestowed on him and on this nation in years of war and of manifold anxieties; for the love and loyalty borne to him by a great family of peoples in all parts of the world, we laud and magnify Thy Glorious Name. We bless Thee for increase in the knowledge of Thy marvellous works, in care for those who suffer from sickness or the lack of work, in desire that all men everywhere may live in peace and enjoy the fruits of their labor. For these and all other Thy mercies vouchsafed to us, O Father Almighty, we yield Thee unfeigned thanks; through Jesus Christ Our Lord, to whom with Thee in the unity of the Holy Spirit we all honor and glory now and for evermore. Amen

After a short litany and further prayers either the Te Deum or the Doxology will be sung. After the blessing the service concludes with the first and last verses of the national anthem.

The whole service is expected to last about an hour. The Archbishop of Canterbury will be the principal officiant at St. Paul's His Grace will be assisted by the Bishop of London, the Dean of St. Paul's and other Anglican dignitaries. The Moderator of the Free Church Council, Rev. Dr. S. M. Berry, will read one of the lessons.

IN MEMORIAM

MISS THELMA A. BAJ LEM

There passed peacefully to rest on Feb. 17, 1935, a highly respected young lady of Pownal, P. E. I., in the person of Miss Thelma A. Ballem. The deceased who was the only daughter of Mr. and Mrs. George Ballem, was thirty-one years of age. By profession, she was a nurse, having graduated from The Goddard Hospital, Brockton, Mass. in 1933. She also held two other certificates for short courses in nursing from St. Lukes Hospital, New Bedford, and Charles Chapin Hospital, Rhode Island.

About a year ago, she returned to her home in Prince Edward Island, and at that time was apparently enjoying good health. During July of last year she took ill and after treatment in the P. E. Island Hospital, she for a time improved, and her friends hoped that she was on the road to recovery. Such, however, was not to be, and a few weeks before her death her health again failed and despite medical attention she rapidly lost strength. In the providence of God, she was spared much suffering, and was only confined to her bed eight days before her death. She met the end without murmur or complaint. Her gentle spirit bore witness to the peace which the world cannot give or the world cannot take away. Her quiet Christian character and kindly ways endeared her to all who knew her. The large concourse of people who gathered at her funeral gave evidence of the esteem in which she was held. While she has been called from this world to higher service, the memory of her life will linger long to inspire others.

The funeral service, which was held on Feb. 19th, was conducted at the house and grave by Rev. Geo. A. D. Elliott, assisted by Rev. Mr. Chisholm. The hymns sung were the 23rd Psalm and Hymn No. 5 in The Book of Psalms. A solo "Safe in the Arms of Jesus" was sympathetically rendered by Rev. Mr. Chisholm.

The floral tributes which were many and beautiful, included the following: Crescent, From the Family; Bouquet of Talisman Roses, Eric and Blair; Spray, Viola; Spray, Uncle Alfred and Family; Spray, Lulu and Jack; Wreath, Athol; Spray, Mt. Mellick Institute and Mrs. W J. MacEachern.

The pall bearers were Vernon Brehaut, Willard Brehaut, Russel Jenkins, Garfield Jenkins, Clifford Jenkins, and Bruce Judson.

She leaves to mourn their loss, her sorrowing parents, one brother Lloyd and two nephews, Eric and Blair. The sympathy of the community goes out to her bereaved relatives and also to her fiance, Mr. Athol Judson, to whom she was shortly to be married. Interment was made in the Birch Hill Cemetery.

(Boston papers please copy)
L-5694-3-27-11

IN MEMORIAM

MRS. GEORGE BARRETT

As the morning light was breaking on March 8th, there passed peacefully to her eternal reward, Mrs. George Barrett, in her 91st year, at her home in Green Bay, Lot 30, where she had resided for over seventy-one years, one of the few remaining pioneer settlers. She had been in failing health for a number of years from attacks of heart, asthma and weakness. The deceased was a member of Bonshaw Baptist Church from the time it was organized; also a charter member of the W. M. A. Society of that Church.

She leaves an aged, sorrowing husband, one son and two daughters to mourn their loss.

Her funeral service on Saturday, March 9th, was conducted by the Rev. Mr. Wakeling, of North River. Interment was in Appin Road Cemetery to await a glorious resurrection. The pall bearers were: Messrs. Judson McEachern, Donald Gordon, James Clarkin, James Cudmore, Thomas Carracher, Ernest Corney.

Use Minard's for Burns

Gruesome Story Of Evil Deeds

OSSINING, N.Y., March 26—(A. P.)—Albert H. Fish, sentenced to die in the electric chair for the slaying of 10-year-old Grace Budd, confessed tonight to mutilation and probable murder of three other children and a young man.

He killed two of his victims, the 65-year-old man told Warden George E. Casey of Westchester County Jail, but was uncertain whether the other two had died. Fish told part of his story enroute here from White Plains, where he was sentenced, and completed it upon his arrival at Sing Sing prison.

Fish said he attacked and mutilated Thomas Bedden, 24, whom he described as "witless," at Wilmington, Del. He kept the helpless youth prisoner in his room for several days, Fish asserted, then fled from Wilmington without ascertaining whether his victim died.

While living in a houseboat on the Potomac Fish continued, he enticed a Negro boy aboard. After keeping the lad prisoner for two weeks, he became frightened by the approach of another houseboat. Fearing the screams of the boy would arouse suspicion, Fish fled the deserted boat.

In 1924, the confession continued, the perverted murderer attacked Francis McDonnell, 10, at Port Richmond, Staten Island, N.Y., and choked him to death. He took the body to a swamp to dismember it but was frightened away by the approach of a milkman's cart.

Reviewing previous admission of the kidnapping and murder of Billy Gaffney, four, at Astoria, L.I., in 1927, Fish said he took the boy to an abandoned auto, choked him to death, dumped the dismembered body into burlap bags and threw them into a swamp.

NEWS FOR WOMEN WITH POOR FIGURES

NEW YORK March 26—Swim suits for the summer ahead are bad news for women with poor figures. Some of them fit closely as a foundation garment and demand nothing short of anatomic perfection.

The gay new beach wear fabrics also are toying for curves too ample and frames too spare. Printed crepe from the same bolt that makes frocks for the easter parade appears now in bathing suits and, although the suits are jersey-lined, they're revealing.

So are the polka dotted foulards, and the tahiti printed crepe suits, which are even more daring. To the waistline, these are completely backless. Little straps that tie at the top of the arm hold them up.

Knit bathing suits have changed vastly since the day when all woven suits were a size too large. Now they are one-piece and skin tight; the "stretch" is woven into the suit, which gives with each motion, but keeps its shape.

SAMUEL HAS HONOR IN NEW PALESTINE

LONDON, March 26—(C.P.)—Sir Herbert Samuel, M.P., leader of the Liberal party in Parliament, is being honored in Jerusalem by the naming of one of the principal squares in that city after him.

Various towns have commemorated in this way Sir Herbert's High Commissionership in Palestine from 1920 to 1925. At Tel-Aviv, the new town on the sea near Jaffa, which now has a population of more than 100,000, the esplanade along the sea and the adjoining square have been named after him.

At Tiberius a new suburb bears his name. There is also a "Sir Herbert Samuel garden suburb" on the slopes of Mount Carmel above Haifa —a prosperous settlement with wide views over the plain below and the neighbouring sea.

ABERDEEN—(C.P.) — A streamlined trawler is the newest thing in Scotch fishing vessels, an order for a steam vessel in this design having been given.

THE WEEK IN OTTAWA

(By Frederick Edwards)

OTTAWA, March 26 —Other legislation took a back seat the past two days as the 1935 budget and the unemployment relief bill for 1935-36 occupied the attention of the House. As this is being written Hon. Edgar N. Rhodes Minister of Finance, is presenting his budget to the Commons, and has not yet reached the tariff and taxtion changes.

In a comprehensive preamble to the budget proper, Mr. Rhodes dwelt upon the improvement in Canada's financial and trade status during the past year; recited the rise in employment and staple prices; mentioned Canada's favourable showing in world business as compared with other countries, and disclosed a surplus of $2,700 000 on ordinary account, the first surplus since the fiscal year 1929-30, which compares with a deficit of $22,000,000 last year and $43,000,000 the year before.

Space permits of touching only the highlights; First the finance Minister stated that the physcial volume of business in Canada was in February, 1935, 48.5 per cent higher than the low point of the depression, and 15.2 per cent higher than in February a year ago. Progress in 1934 was more general than in 1933, gains being registered in practically all branches of activity.

Taking the fifteen countries for which figures are available for one of the last three months of 1934, and comparing increases in industrial production since January, 1933, to the end of 1934, Canada easily occupies first place in the world with a mark of 46.2 per cent, Mr. Rhodes stated. Nickel, copper, lead and zinc reached new "highs" in production last year, while gold production value reached an all record. In the forestry group of industries activity was greater than in any year since 1930, both as regards production, employment and exports. The newsprint industry reached a level of activity surpassed only by 1929. Electric power output was the highest ever recorded in this country. Appreciable gains were also shown by the railway systems, total freight car loaded in 1934 being 14.4 per cent greater than in 1933. Gain in the gross operation revenues of the Canadian National wall 11 per cent, with 10.2 per cent increase for the Canadian Pacific Railway.

Agriculture conditions, while still leaving much to be desired, showed substantial improvement, with wheat prices higher and cattle exports to the United States showing a sharp increase recently. Canada will prosecute vigorously the reciprocal trade treaty with the United States which will have the effect of stimulating further agricultural exports.

A much higher level of employment was maintained in 1934 than in the preceding year, a gain of 15.1 per cent being registered, Mr. Rhodes quoted from Dominion Bureau of Statistics figures. Based on reports from 8,992 employers it is estimated that the total increase in employment in Canada during last year was at least 65.000 persons, and since the low point in April, 1933, no less than 340,000 people have been re-employed.

Turning to financing and interest, Mr. Rhodes pointed out that in the last five years the government had converted more than $1,100,000,000 of public debt with an interest saving to the taxpayer of $14,600,000 per year. If conditions continue favourable, the Finance Minister predicted further substantial economies in the same direction. Last fall, he reported, some of the eastern provinces were able to borrow on exceptionally favourable terms, and said the time was fast approaching when practically all public bodies could secure the advantages of refunding at substantially lower interest rates.

In the newly-created Bank of Canada Mr. Rhodes saw an institution which will provide what has long been needed, an undivided control, solely in the public interest, of the volume of currency and credit in use. It will, be hoped, contribute to greater stability in Canada's economic life so far as may be possible by the use of monetary methods, and will provide leadership for the first time to the financial community.

Touching on the trade in Canada, Mr. Rhodes told in the eleven months period ended Februuary 28 last the rate of increase was 18 per cent over the same period a year previously. In dollars and cents, it amounted to $188,000,000 and in total volume was the best since 1931. For the fourth successive year Canada's exports have exceeded imports ,the favourable balance for the eleven month being nearly $134,000,000. This figure is for merchandise only, and does not include the export of $100,000,000 of current gold production.

Since 1932, the year of the Imperial Conference, the value of Canada's export trade to the United Kingdom has increased by 52 per cent.

For the first time since 1930 receipts from taxation will yield the expected return, Mr. Rhodes revealed, the amount pouring into the Federal treasury being $306,050,000, an increase of $34,200,000 over the previous fiscal year. Customs and excise duties have increased by a combined total of $20,000,000. Income tax retrns are the highest for four years with a total revenue of $65,500,000. Sales tax is up by $11,000,000. Gross collection from the gold tax will be $7,064,000.

Assistance to provinces by way of unemployment relief disbursements, loans and other special expenditures cited by Mr. Rhodes show the Dominion government's concern for the welfare of the country as a whole, Railway difficits a and these special expenditures account for $117,700,000, which is $15,800,000 less than a year ago.

Minister of Labour Wesley A. Gordon's unemployment relief bill for 1935-36 was passed by the House after considerable opposition from the Liberal benches, and is now with the Senate.

::Don't be without Douglas' Egyptian Liniment. Keep it always handy. Relieves toothache, neuralgia, sore throat, quinsy and croup. Invaluable for burns, sores, Barber's Itch and Ringworm.
