AN IRON STATE
It has been estimated that 15-20,000,000 tons of high grade iron ore are contained in the state of Minas Geraes, Brazil.

Dennis-Millar Wedding Bells

Bideford United Church with the profusion of summer flowers, potted plants and greenery adding to the beauty of the ceremony, was crowded by relatives and friends on the afternoon of August 20th. when at five o'clock the Rev. S. M. McDowell, pastor, united in marriage Erwin Albert, second son of Mr. and Mrs. Wm. Dennis of Port Hill and Olive May, daughter of Mr. and Mrs. Layton Millar of Ellerslie, Mrs. Hatfield Maynard, aunt of the bride, wearing an attractive ensemble of carles presided at the organ. Sweet peas and white ribbon bows marked the guest pews. To the strains of Lohengrin's Bridal Chorus the bride, escorted by her father, entered the church and took her place beside her groom beneath a flower bedecked arch. Very lovely she looked in her wedding gown of white nylon over satin, with full skirt, tight fitting bodice and sweetheart neckline, the long sleeves tapering to a point over the wrist. Her fingertip veil was held in place by a coronet of white flowers. She carried a bouquet of Tallman roses. Jean Millar, cousin of the bride, charmingly gowned in pink nylon over satin, was bridesmaid. Her shoulder length veil fell from a floral headpiece, and her bouquet was of pink roses. Audrey Millar, cousin of the bride and Carolyn Grigg, cousin of the groom in their "Mistle Muffet" gowns of nylon in contrasting shades of pink and blue were a pair of winsome flower girls with their dainty baskets of sweet-peas. Arnett Dennis supported his brother groomsmen, Cyril Millar and Claire Dennis acting ushers. During the signing of the Register "The Voice that breathed o'er Eden" and "O Perfect Love" were softly played on the organ.

A reception was held at the bride's home for immediate relatives and friends. For her daughter's wedding Mrs. Layton Millar chose a modish gown of fuchsia with corsage of white carnations, the mother of the groom favoring a distinctive model of turquoise blue crepe and corsage of pink carnations. Mrs. Joshua Millar, grandmother of the bride was becomingly attired in navy blue crepe with corsage of pink carnations. The bride's table was centered by a three-tier wedding cake topped by a miniature bride and groom. The bride in traditional manner inserted a knife in the cake, it being afterwards cut by Mrs. Stanley Williams. Mrs. Erwin Millar presided over the tea-cups, Mrs. Bertram Phillips cutting the ice. Assisting in serving were Mesdames Cyril Williams, Alvin Hardy, Alton Millar and James Williams and the Misses Audrey Macaul and Beryl Millar. Mrs. Glenford Millar acted as hostess.

For their wedding trip through the Maritimes Mrs. Erwin Dennis chose a smart grey suit, hat in tone and matching accessories. Her corsage of Tallman roses completed the chic outfit.

Mr. Dennis is a veteran of world war two and is employed in Summerside where the young couple will reside, followed by the felicitations of a host of well wishers.

BREED DEADLY SNAKES TO SAVE HUMAN LIVES
DURBAN, South Africa, Aug 31 (CP) — A snake farm at Booboside on the Natal south coast, established by D.C. Fitz-Simons, director of the Durban Snake Park, has begun production since the first batch of "livesnake" has been appreciably increased.

It has been established to ensure increased supplies of snake venom, to provide facilities for study of the snake in its natural surroundings, and to extend research into the curative properties of snake venom. Attempts are also to be made to hatch snake eggs by incubation. If they succeed, an unending supply of reptiles for "milking" purposes will be available.

Venom is sent to the Hestonfeld Laboratories in Johannesburg for conversion into all types of sera and vaccines. Not all venom collected, however, is put to this purpose. In various forms it is employed to a certain extent in the treatment of blackwater fever, haemophilia, and other conditions of excessive bleeding, and in the treatment of epilepsy.

Covering approximately an acre of cleared bush, the farm is surrounded by a 4-foot fence capped by a shield to prevent the snakes from escaping into the outside undergrowth. The eight compartments inside the wall include three "milking" pens, a laboratory, a breeding pen, a hatchery, and a "stake-bait" pen.

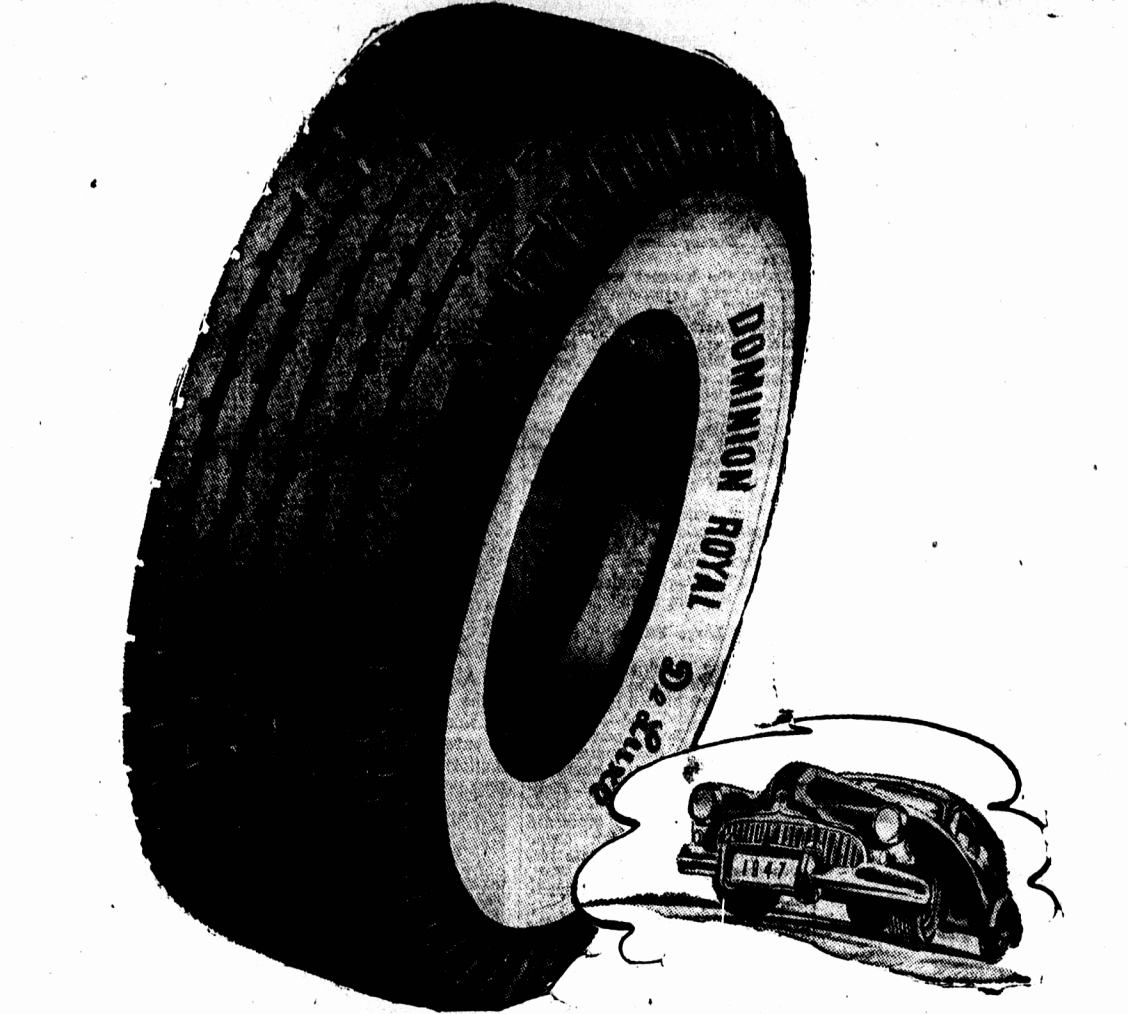

The remaining compartments will be occupied by cobras, ringhals and other species of venomous snakes. Ponds, which contain frogs, and an ample supply of mice and rats, specially bred on the farm, will yield the "inmates" plenty of food.

KINGSTON W. M. S.
The August meeting of the Kingston United Church Auxiliary of the W. M. S. was held at the home of Mrs. Lloyd MacKinnon on Aug. 8th. In the absence of the president the vice-president, Mrs. Zylpha Newson, presided. Meeting opened with hymn, "Just as I Am" followed by repeating the "Creed" in unison.

The programme as outlined in the monthly was carried out, followed by Readings by Mrs. Stanley Newman and Mrs. Lyman Newson. Minutes of the previous meeting were read and approved. Roll was responded to by 18 members, repeating a verse of scripture, there were two visitors present. Collection amounted to \$2.55. Community Friendship fund etc. There were some articles passed on for the box prayer in unison. Hymn. When I

KINGSTON Y. P. U.
The regular meeting of the Kingston Y. P. U. met at the home of Mr. and Mrs. Edgar Newson on Wednesday evening Aug. 19th. Shirley Newson led the Worship Period which opened our meeting by singing, Stand up, Stand up for Jesus. Scripture Lesson, Psalm 61-1-10, followed by the Lord's Prayer in unison. Hymn. When I

WILL NOT SLIP
RUBBER HEELS & SOLES
SOLD AND RECOMMENDED BY SHOE REPAIRMEN EVERYWHERE

What's more, the heels are scientifically tapered for better walking balance and ease. And that's not all—because they're thicker on the side you wear most and because they contain those strategically placed, wear-resisting, white plugs, you get double the life of ordinary heels. For extra comfort, style, and safety always insist upon "Super" Biltrite Rubber Heels and Soles. Ask for them by name! They come in black or brown—for men, women and children. (Heels are available in white also.)

"NOMARK"
Venom is sent to the Hestonfeld Laboratories in Johannesburg for conversion into all types of sera and vaccines. Not all venom collected, however, is put to this purpose. In various forms it is employed to a certain extent in the treatment of blackwater fever, haemophilia, and other conditions of excessive bleeding, and in the treatment of epilepsy. Covering approximately an acre of cleared bush, the farm is surrounded by a 4-foot fence capped by a shield to prevent the snakes from escaping into the outside undergrowth. The eight compartments inside the wall include three "milking" pens, a laboratory, a breeding pen, a hatchery, and a "stake-bait" pen. The remaining compartments will be occupied by cobras, ringhals and other species of venomous snakes. Ponds, which contain frogs, and an ample supply of mice and rats, specially bred on the farm, will yield the "inmates" plenty of food.

to Labrador. The president received an invitation from the Kingston Baptist W. M. S. for to meet with them at their September meeting at the home of Mrs. H. B. Willis. This invitation was accepted. Next place of meeting at the home of Mrs. Lyman Newson, Lunch Committee, Mrs. Fulton Willis, Mrs. Zylpha Newson and Mrs. Willard Proud. Meeting closed with hymn In Christ there is no East nor West and repeating the Lord's prayer in unison.

Survey The Wondrous Cross. In absence of the president, Shirley Newson took charge of the Business part of the programme. Minutes of the last meeting were read and approved. Roll Call was answered by 12 members and 2 visitors present. The following Committees were appointed for next meeting: Devotional Period, Velda Green; Study Period, Shirley Newson and Verna Green; Recreation Period, Wendall Green and Jean Docherty; Lunch Committee, Verna Green and Velda Green. Next meeting to be held at the home of Norma Smith. Collection was taken which amounted to 80 cents. Study period was then led by Mrs. Calvin Holmes. The remainder of the evening was spent in games and contests. Lunch was served by the hostess and committee in charge. A hearty vote of thanks was extended to Mr. and Mrs. Newson and family for the use of their home. The meeting closed with the Miss-Pla Benediction.

The 1948 auction schedule of the Hudson's Bay Co. the sales to be followed by sale of other London brokers, is being announced by the committee of the London public fur sales, consisting of Annina, Chadwick and Kiver, Ltd.; Eastwood and Holt, Ltd.; Godd, Rigg and Co., and Hudson's Bay Co.

The general fur sale schedule begins Feb. 2. Other sales dates in this category are April 19, July 7 (beaver, muskrat, mink and Persian lamb only), and Sept. 20, the latter reserved for Persian lamb only.
