

Some imagine that they are moving heaven and earth when they are beaten on a tide beyond their puny power to check or accelerate.

The world accepts many a falsehood with a smile, and if perchance it is forced to accept truth, it is with considerable protest and reservation.

ANGLO-AMERICAN SOLIDARITY CEMENTED

GERMANY MOVES TO DEPORT POLISH JEWS

RETRIBUTION MAY FOLLOW IS WARNING

Friction Between Berlin And Warsaw Threatens To Reach New Heights.

BERLIN, June 8.—(AP)—Friction between Berlin and Warsaw mounting for months over the basic question—threatened to reach a new height today as Germany rounded up Polish Jews for deportation and the Polish Government was reported to have warned that retaliation might follow.

In Berlin it was admitted action was being taken against Polish Jews. Jewish circles said groups were being taken to the border. Some Jews who lost their Polish passport under Poland's new citizenship regulations last fall were being taken to concentration camps. It was reported.

A Krakow, Poland, newspaper said 2,000 Jews had been brought to one Silesian border point and ordered to cross into Poland, only about 80 reached Polish soil, the paper said.

Jewish circles in Warsaw declared there was still a serious relief in a sort of no man's land between Poland and Germany for months, unable to move either way.

ENROUTE TO PARIS

PARIS, June 8.—(AP)—The British Ambassador to Paris, Sir Eric Phipps, arranged a hurried trip to London tonight for what diplomats believed was an effort to adjust Anglo-French viewpoints on a Mutual Assistance Pact with Soviet Russia.

Arrangements for Sir Eric's voyage home, made after an interview with Premier Daladier, marked the latest developments in a long series of exchanges between London and Paris on the negotiations with Moscow.

TO HOLD MANOEUVRES

SAINT JOHN, N. B., June 8.—H. M. S. Glasgow sailed from here this afternoon and will join the cruiser Southampton in maneuvers off the Nova Scotia coast tomorrow before putting into Halifax. The Southampton left Boston today. Both cruisers will escort the King and Queen back to England.

District Rotary Convention Is Brought To Close

Dr. J. A. Clark Nominated For District Governorship At Concluding Sessions Of Four Day Meeting.

Dr. J. A. Clark of Charlottetown was nominated Governor of Rotary International District No. 192 yesterday at the largely attended two day conference, that witnessed 337 Rotarians and Rotary Annes sign the register, drew to a close with those in attendance at the Conference being the guests at Governor's House of His Honour, Lt. Col. George D. DeBlais and Mrs. DeBlais at a ball given in honor of Vice-Admiral Sir Sydney Meyrick, Commander-in-Chief of the West Indies Squadron and Captain L. G. Palmer and officers of the H. M. S. Berwick, now in port.

Past District President George O. McLeod of Moncton was nominated as International Director by Canadian Clubs while Rotarian Norman T. Avar of Amherst, Nova Scotia, received the nomination as the member to the Canadian Advisory Committee by Canadian Clubs.

Past District Governor P. W. Turner of the host club then gave the report of the Canadian Advisory Committee. The speaker stated that the object of the committee was to advise international Rotary in relation to Canadian affairs. The committee had been organized in 1918 by Turner and had been functioning ever since. The most outstanding work of the committee was the selection of the International Director of the speaker had this year the honor of representing District No. 192.

Two names had been submitted to the Rotarian's Club of Charlottetown, namely, Mr. Turner and Mr. George O. Spencer of Moncton, N. B. Mr. Turner was the selection of the International Director in favor of Mr. Spencer whose name had now been submitted to headquarters at Chicago.

In the report of the Rotarian Committee, read by Rotarian George Pendleton of Aroostook County, Maine, it was noted that seven deaths had occurred in the district during the past year as a result of the sympathy and condolence of the Conference was expressed to the relatives of the departed Rotarians.

CONFERENCE RESOLUTIONS

- BE IT RESOLVED that this Conference place on record its deepest sympathy to: 1. The Hon. Mr. LePage, President of the Executive Council of the Government of P. E. I., on behalf of Premier T. A. Campbell for his warm and cordial welcome to the city. 2. To the President of all officers and members of the Host Club and the Rotary Annes for their splendid preparations in connection with the Conference, but also for our entertainment. 3. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 4. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 5. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 6. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 7. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 8. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 9. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city. 10. To the President of the Rotarian's Club of Charlottetown for his warm and cordial welcome to the city.

Ordination Service Held At Maritime Church Conference

SACKVILLE, N. B., June 8.—Four young men were ordained tonight at the Maritime Conference of the United Church of Canada. They are George Neil Gillis, Orangedale, N. S.; William Stewart McLeod, Kentville, N. S.; Douglas E. Tupper, Bridgetown, N. S.; and Harold Watts, Birmingham, England. The ordination service sermon was delivered by Rev. W. F. Munro, Fredericton, who said that none more than ministers needed the courage to stand for spiritual values in these days when all the world seems to have thrown them on a scrap heap. A memorial service was held for the following ministers who died during the past year: John Asting, Windsor, N. S.; John A. Clarke, Charlottetown; George F. Dewson, Toronto; James A. Forbes, River John, N. S.; David Hickey, Barrington, N. S.; George F. Mitchell, Canning, N. S.; J. W. McConnell, Amherst, N. S.; Charles Mac-

WARNS AGAINST ANY ATTEMPT AT AGGRESSION

Lord Halifax Sees Hope Of Settling European Problems.

(By The Canadian Press) LONDON, June 8.—Foreign Secretary Viscount Halifax today told the "men who have it in their power to precipitate conflict" that any attempt at aggression in Europe would "meet with wide and resolute resistance."

Lord Halifax said he gave this warning lest "their judgment may be misled by the nature of the risk they are running and as to the purpose and temper of those against whose convictions they may be moved to act."

The Foreign Secretary made his statement in the House of Lords reviewing details of British efforts to win Soviet Russia and other nations into the Anglo-French front.

COMPLICATED PROBLEMS

Europe is faced by complicated problems "which are only too likely to lead to war if roughly handled," he said. He, however, did not share the views of "those who believed war is unavoidable" because he was convinced that the prospect of certain resistance would deter any nation tempted to risk war.

"The day has gone by when the independence of European nations could be destroyed by unilateral action and it is clear that any attempt to do so will meet with wide and resolute resistance," he said.

But provided that the independence of nations is recognized, His Majesty's Government are not only willing but anxious to explore the whole problem of economic life and emigration (living room) not only in Europe but in all European nations.

Permanent treaties replacing temporary mutual defence arrangements linking Great Britain with Turkey and Poland may be expected shortly, Foreign Secretary Viscount Halifax announced in the House of Lords today.

Reciprocal pledges of armed cooperation in the face of aggression were exchanged among the three countries several weeks ago but progress now is being made in drafting permanent treaties of alliance. Britain's pledges to aid Rumania and Greece against attack were unilateral and require no further definition.

In a general review of the foreign situation Lord Halifax has received so many messages of appreciation that he has been unable to do so in full detail. He said that the British Government are not only willing but anxious to explore the whole problem of economic life and emigration (living room) not only in Europe but in all European nations.

Expresses Thanks Through The Press

WASHINGTON, June 8.—(AP)—King George asked the press today to thank on his behalf people from all parts of the world who sent him messages of congratulation. George Steward, press liaison officer travelling with the King, issued the following statement: "On the occasion of his official birthday and on his arrival in the United States the King has received so many messages of congratulation from citizens of the United States and from all parts of the world that it is impossible to reply to them individually."

LIBRARY PRESERVATION

(By The Canadian Press) MANCHESTER, England.—Libraries of northern England will be split up in the event of war, so that a single bomb may destroy only a small portion of a collection.

Flying Officer Is Killed In Crash Of New "Hawker" Plane

MISSION, B. C., June 8.—Flying Officer Tommy G. Fraser of Saskatoon was killed today when he leaped from a falling Hawker Hurricane single-seater fighting plane after a vain attempt to keep the ship in the foggy air near this Fraser valley town.

Eyewitnesses of the crash said they saw him jump from an altitude of 500 feet and plunge to the earth below the side-slipping ship. His parachute failed to open. His body, partly covered by the chute, was found embedded three feet in the soft earth of a field.

The 350-mile-an-hour fighter, one of six recently purchased from Britain by the Royal Canadian Air Force, crashed into a gravel road 150 feet away and dug a wreckage furrow in all directions over an area of several hundred feet.

Flying officer Fraser took off with three other Hawkers and a pilot newspaper train accompanying the Royal train. The hot box was called an overheated axle.

Dispatches often had a member of the American capital, outside all other stories which had absorbed British attention, including the King and Queen on their first day in the United States and others used estimates of from 600,000 to 1,000,000 for the throngs that welcomed them to the American capital.

Government House Ball Last Night

Rotarians attending the District Conference here saw Charlottetown at its best last night. All were invited to attend a ball given by Lieut.-Governor George D. DeBlais and Mrs. DeBlais held in honor of Sir Sidney Meyrick, Vice-Admiral of the West Indies Squadron of the British Navy, and Captain I. M. Palmer and officers of the H.M.S. Berwick in port here.

Guests were received by His Honour Lieut.-Governor DeBlais and Mrs. DeBlais. The Lieutenant Governor was attended by Major W. J. MacDonald and Lieut. Commandant J. J. Connolly, aides-de-camp.

The historic colonial mansion, situated in a birch grove in Victoria Park on the outskirts of Charlottetown, presented a scene of stately beauty. Spacious and beautiful grounds were brilliant with multi-colored Japanese lanterns, while within the building banks of fragrant spring flowers under soft lights featured the decorations.

The ship itself, flood-lighted from stem to stern, was a thing of beauty despite its severe outlines.

Royal Visit In Brief

- WEDNESDAY, JUNE 14 Marine Wharf—12.30 p.m. Great George St. Provincial Building. Stop. Provincial Building. Richmond St. Queen St. Fitzroy St. Great George St. Kent St. Government House—1.30 p.m. Stop. Government House—4.00 p.m. Victoria Park driveway. Brighton Road. Rochford St. Kent St. Queen St. Richmond St. Great George St. Marine Wharf—4.30 p.m.

Principal Douglas Resigns From McGill University

MONTREAL, June 8.—(AP)—Resignation of Lewis W. Douglas as Principal and Vice-Chancellor of McGill University, was announced tonight, to become effective next Jan. 1. A statement released from the office of Sir Edward Beatty, McGill Chancellor, said Douglas was resigning to become president of a United States insurance company (Mutual Life Insurance Company of New York). He will remain a governor. Announcement of the resignation came less than two years after the appointment of Douglas, who quit the post of director of the United States budget because of his disagreement with the "New Deal" policies. He came here in October, 1937, to fill the position left vacant by the resignation of Arthur Eustace Morgan, the English-born principal who quit McGill because he could not see "eye-to-eye" with the Board of Governors. The formal announcement expressed regret at Douglas' decision and pleasure that his "wisdom and experience will be at the experience of the University in the coming years. Douglas, a native of Bisbee, Arizona, took over his duties immediately after the departure of his predecessor, who had been named principal to succeed the late Sir Arthur Currie, who four years after the death of Sir Arthur, the post was left vacant. Then Morgan was named. But he remained only about two years. Douglas, both whose father and grandfather were born in Quebec Province, came here from the United States and lived in Montreal during his tenure of office. His father, too, was reported to have sold his rich mining holdings in Arizona and returned to Canada within the last year. At present he maintains a small office on St. James Street.

BRITISH PRESS SPREADS VISIT TO WASHINGTON

Description Of Welcome To King And Queen Absorbs Attention.

LONDON, June 8.—(AP)—The perspiring householder drained his evening pint of beer with great relish tonight and amid interludes of royal raptures, read loud long descriptions of the welcome for his King and Queen in Washington.

He needed his fan less than he had for the past few days but there still was a protracted "heat wave" of temperatures approaching 80 degrees, almost as rare in England as the absence of the Sovereign from the traditional trooping of the colors.

Newspapers almost had to add glossaries to some of their dispatches from the United States to clarify idiom from across the Atlantic.

Widely Displayed

Display of the King and Queen's arrival in Washington was widely displayed in the United States and others used estimates of from 600,000 to 1,000,000 for the throngs that welcomed them to the American capital.

The King and Queen's tour far outside all other stories which had absorbed British attention, including the King and Queen on their first day in the United States and others used estimates of from 600,000 to 1,000,000 for the throngs that welcomed them to the American capital.

The Queen's Mother's first public appearance since she was slightly hurt May 29 was with the other members of the Royal Family today at the trooping of the colors—the official but not actual birthday of King George who will be 44 years of age Dec. 14. The official birthday is observed annually in June because the weather is better.

Heavy Fields Of Ice Off Newfoundland

ST. JOHN'S, Nfld., June 8.—(AP) Cable from Newfoundland's northern coast were reported today of ships entering St. John's after falling to force their way through the barrier of tightly-packed floes.

Stretches of ice as thick as 15 miles were reported by one ship. The field stretched in an apparently unbroken line from the northern tip of Newfoundland to Fogo, more than 200 miles into the eastern coast.

(The United States Hydrographic Office in Boston yesterday reported presence of icebergs farther south than at any time in the past 10 years. Ocean shipping was advised to steer a course 150 miles south of the normal route in the vicinity of Newfoundland.)

The ice forced four ships into port here. The Steamship Rotterdam at Botwood for the first time this season, was unable to break through the floes.

Principal Douglas Resigns From McGill University

MONTREAL, June 8.—(AP)—Resignation of Lewis W. Douglas as Principal and Vice-Chancellor of McGill University, was announced tonight, to become effective next Jan. 1. Great Welcome Given Royalty At Washington

Unprecedented Welcome For Visiting Royalty Accorded British Monarch & Consort

(By Sam Robertson, Canadian Press Staff Writer) WASHINGTON, June 8.—In this capital of the United States King George VI and President Roosevelt, with bright cheery smiles and a firm handclasp, today linked the world's two greatest democracies in a symbolic gesture of peace and friendship.

And almost at the same time Queen Elizabeth and Eleanor Roosevelt, with equally firm handclasp, linked the womanhood of the old world and the new in a grasp that bespoke deep mutual understanding.

The democratic keynote for Washington's impressive, whole-hearted and yet informal greeting was struck by the President in almost his first words:—"How are you. I'm glad to see you."

And the note was taken up by a crowd of 500,000 persons who crowded Washington's streets to give the King and Queen a welcome such as has never before been accorded visiting royalty.

Traffic Tips For The 14th

Each side of Great George Street from the north side of Water Street to the south side of Richmond Street is reserved exclusively for school children.

One must have a permit to pass through restricted areas.

Their Majesties will traverse the city in the same open car in which they were driven in Montreal and other cities, so that they will be seen plainly by the populace.

Passes for cars conveying aged or handicapped persons to their respective places for observation of the procession may be secured on application to the R.C.M.P. Such passengers should be set down at destination not later than 11 a.m. The passes will also permit an earlier return to their respective homes.

The various societies lining the route will be coordinated under the direction of Colonel U.G. Dawson, as marshal, and will cooperate with ex-service men and all others so engaged.

Everywhere Acclaimed

And the King and Queen, riding through the city with President and Mrs. Roosevelt, heard the welcoming shouts of the thousands that the Royal Couple's charm had won the city just as it swept Canada during the coast-to-coast tour they will resume June 12 was clear at every hand.

The democratic note was carried through the busy program of the first of the four days in the country—even at a garden party held in the cloistered grounds of the British Embassy.

Many men among the attending 1,400 persons prominent in political, social and business circles defied the hot June sun in white linen suits. The Embassy ruled them socially correct. The King and Queen made a circuit of the grounds, now and then stopping to chat with the guests who munched cake and ate starburries with thick cream.

Sightseeing Tour Before the fashionable event their Majesties made a sightseeing tour of the park-studded capital, viewing such points of tourist interest as the memorial
