**WHY DOES A BABY CRY?**

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

**WRONG IDEA.**

Don't get the wrong idea into your head that starvation is good for Dyspepsia. It's not. Those who have not studied the subject very deeply, or with trained scientific minds, might think so. But facts prove otherwise. All specialists in stomach and digestive disorders know that it is best for dyspepsia to be well fed. Why, dyspepsia is really a starvation disease! Your food doesn't feed you. By starvation, you may give your bowels and kidneys less to do, but that does not cure your digestive trouble—simply makes you weaker and sicker; less likely to be permanently cured than ever. No, the only right way to permanently cure yourself of any form of dyspepsia or indigestive trouble, is to eat heartily of all the food that you find best agrees with you, and help your digestion to work with Stuart's Dyspepsia Tablets. This is safe, certain, scientific, reliable method of treatment, which will never fail to cure the most obstinate cases if persevered in. Stuart's Dyspepsia Tablets have a gentle, tonic, refreshing effect on the secretory glands of the entire digestive tract. They gently force the flow of fresh digestive juices. They contain, themselves, many of the chemical constituents of these juices, thus when dissolved they help to dissolve the food around them in stomach or bowels. They therefore quickly relieve all the symptoms of indigestion, and coax the glands to take a proper pleasure in doing their proper work. They coax you back to health. No other medical treatment of any sort nor any fast system of "Culture" or "Cure" will give you the solid, permanent, curative results, that will Stuart's Dyspepsia Tablets. Write for a free Book of Symptoms, F. A. Stuart Co., Marshall, Mich.

We are not selling \$10 chairs and sofas, as we value them, for \$7.98, because—first, if we actually did this we would lose money; second—because we are selling the best values as they are marked in our stocks ever crowded into a store. We have put no fictitious value and away up marked prices on these articles so we could advertise a tremendous reduction in prices, but have bought our goods low, and are passing them on to you at a small net-live profit that is bringing us the business, that's how.
