

VANCOUVER MILITIA BEING CANVASSED

As to Readiness to Fight in View of Possible Conflict in Europe

(Canadian Press) VANCOUVER, Oct. 31.—In view of the possibility of conflict in Europe members of the volunteer militia in Vancouver were quietly approached during the past few days with a view to ascertaining whether they were ready to fight. The canvas was carried out in the quietest manner, much the same as was done before the calling of the colonial forces together at the time of the Boer War.

NOTABLE MILITARY WEDDING IN LONDON.

LONDON, Oct. 30.—At one of the most brilliant weddings of the season, Miss Benson, daughter of Mrs. Robert Benson, who is equally well known to society in New York and London, today became the bride of Capt. Hereward Wake, D. S. O., 60th Rifles. The ceremony took place at St. Margaret's Westminster. The bride was attended by eight bridesmaids. The ceremony at the church was followed by a large reception at Dorchester House, the London home of the American ambassador, which was loaned for the occasion.

PASSENGER SUICIDED AT SEA.

NEW YORK, Oct. 30.—Search of the French line steamship Niagara upon her arrival here today failed to disclose Nestor Wilmart, managing director of the Terneusen Railway Company at Ghent, Belgium, whose disappearance was followed by the announcement of a shortage of \$6,000,000 in the company's bonds. It had been reported that he was on the vessel. Detectives who searched this ship at the request of the Belgian Consul here, were informed by Captain Juhau, and passengers, that when two days out from Havre, a passenger, booked as Louis Labaque, jumped overboard and was drowned. The suicide was said to have occurred shortly after the receipt of a wireless message requesting that Wilmart be held and turned over to the New York police. Neither the Belgian Consul nor the police are convinced, however, that the suicide was Wilmart, and the search for him will be kept up.

BELIEVED ALL ON BOARD PERISHED.

LIVERPOOL, Oct. 30.—That a dark stained schooner with a yellow head around it, and laden with laths went down in the terrific gale that raged here on Thursday, Friday and Saturday, of last week, is now certain. White Point reports timbers from this vessel ashore there with a forecastle house containing six windows. Summerville Beach has skylights and other fittings. Port Mouton Island reports 20,000 laths, Port Mouton Head 14,000, and Port Joli Head 3,000. At the latter place part of a ship's bottom with the paint on, and part of a cabin painted white are on the shore. The forecastle house at White Point measured 17 by 21.

A resident of Port Mouton Island says that two hours before daybreak last Saturday he saw a vessel's port light close to shore and very low in the water. It kept gradually sinking until it disappeared. No bodies have been picked up.

SUMMERSIDE S. SCHOOL CONVENTION CLOSED

(Special by Phone.) SUMMERSIDE, October 31.—At the Wednesday evening session of the S. S. Convention at Summerside Mrs. Brynne spoke on "The Spiritual Aim of the Graded Lessons." She said the various epochs in Sunday School work have been the memory period, the question and answer period, the Uniform Lesson period, and now we have the Graded Lesson period. The graded lessons are adapted to the ages and attainments of the pupils. All parts of the bible are alike adapted to all ages. The idea is to teach the right relations of God to the pupil, of the pupil to God, of our relations to others, and of our relation to ourselves. Rev. Z. L. Fash spoke on "The Efficient Superintendent." The efficient superintendent should be the best church worker, he should have a manly personality, he should have a passion for prayer, he should be patient, kind, and tactful, he believes in the fundamentals of Christianity, he is an enthusiastic man, he is a progressive man. The closing address of the evening was by Rev. G. A. Sutherland who spoke of "The Sunday School as the Key to Evangelism." He said that never before was there such a call to preach the Gospel, never such opportunity for service, courses.

OFFICER'S BODY RECOVERED

PARIS, Nov. 1.—(Special)—The body of Alexander James Stewart, second officer of the British steamer Rosebank, who has been missing for a week, has been recovered from the harbor of St. Malo. There were three wounds in his forehead and his hands were clenched as if he had met his death while defending himself. A sailor who returned to the Rosebank at about eleven o'clock on the night of the officer's disappearance, declared that he was followed. The police believe that Mr. Stewart was killed and robbed by criminals who haunt the quays. They are searching for men under suspicion.

WOMEN OF BOLIVIA HONOR TITANIC MEN.

NEW YORK, Oct. 30.—That the efforts of the Women's Titanic Memorial, which contemplates a mammoth benefit December 6 in the Century Theatre, have reached every part of the world was made manifest yesterday in a statement of Mrs. John Hays Hammond, in which she showed how the women of Bolivia demanded that they have some part in the erection of the monument to heroic manhood.

The demand was made in a letter to Philander C. Knox, Secretary of State, in a communication from Horace G. Knowles, American Minister at La Paz, saying the women of Bolivia will send a block of silver for their donation.

FIFTY BLUR FOXES ARRIVE HERE.

ST. JOHN, Oct. 31.—After traveling nearly four thousand miles, twenty-five pairs of blue foxes arrived in the city yesterday in a baggage car attached to the Atlantic express. They were immediately taken through to the fox farm of the Provincial Fox Co., Ltd., at Renforth. The little animals were all fine specimens of their breed and appeared to have suffered no ill effects from their long journey. There are twenty-five males and twenty-five females in the shipment.

F. B. Williams, who is one of the chief stock holders in the Provincial Fox Co. Ltd., told The Telegraph last night that the foxes had been secured in Alaska and that they were all quite young. Some of them had been in their crates for thirty-five days but all seemed as frisky as though they were fresh from their native haunts. On their journey across the continent they were accompanied by Mr. Whelpley, who has charge of the ranch at Renforth. On the trip the foxes were fed on different kinds of food but beef, fish and milk formed their chief article of diet. The ranch at Renforth is said to be the largest in the maritime provinces and has several silver foxes as well as this new stock of blues. Mr. Williams said that the company expected to bring more of the blue foxes here in a short time, and the business of raising fur bearing animals would be undertaken on a much larger scale.

ANOTHER DENIES SHAKESPEARE

BRUSSELS, Nov. 1. (Special)—M. Celestin Demblon, the well-known Socialist deputy and professor of literature, who some time ago stated himself to be capable of proving the accuracy of the theory according to which most of the Shakespeare dramas were the work of the Earl of Rutland, is about to support his contention in a book of 570 pages, which will first appear in Paris, and afterwards in London, in an English version, and under the title of "Lord Rutland is Shakespeare."

RAILWAY FROM VANCOUVER TO ST. GEORGE.

VANCOUVER, October 30.—Announcement was made today that within a month there will be at work fifteen hundred men on the construction of the railway line between here and Fort George, a railway that will eventually be opened in connection with the Grand Trunk Pacific. 60 WOMEN ARRESTED FOR WEARING LONG HATS.

SYDNEY, N. S. W., Oct. 30.—For wearing hats that protruded too far, sixty women, most of them prominent in society, were tried, convicted and fined to-day in a Sydney court. They went to jail rather than pay their fines, declaring that they would not submit to "iniquitous and unnecessary" legislation. The city authorities face a situation similar to that growing out of the suffrage demonstrations in England, as the women assert that if further arrests and imprisonments are ordered because of the hatpin ordinance they will declare a "hunger strike" in jail.

CONFERENCE ON THE NE TRIMBERG DECREE.

TORONTO, Oct. 30.—Rev. Dr. W. Hicks, pastor of the Broadway Tabernacle, left for London, England tonight, having been summoned to a meeting of the Evangelical Alliance to be held on November 19th. Rev. Dr. Hicks has been quite a frequent visitor to the city since the decree of late attacking the Ne Temere decree, and his trip is regarded as significant. It is said here that definite action will be taken to have the operation of the Decree be lifted from Canada.

MRS. WILBY AMONG SUFFRAGIST OFFICERS.

WASHINGTON, Oct. 30.—Suffragists are to impress on the country the cause of "votes for women" by organizing a militant parade during the presidential inauguration exercises March 4. The suffragettes, in anticipation of the demonstration, elected Mrs. Belva A. Lockwood, one-time candidate for President, the leader of the local delegation to the next annual convention of the cause to be held in Philadelphia this Autumn. Among the other officers are Mrs. H. W. Wiley, wife of the former chief of the Bureau of Chemistry.

THE USUAL WAY IN PARLIAMENT OF HUNGARY.

BUDAPEST, Hungary, Oct. 30.—The members of the opposition in the Hungarian parliament when they tried to enter the house to-day, were met by a strong military cordon which completely surrounded the parliament buildings and prevented their approach. The opposition deputies, led by Count Albert Apponyi, Count Michael Karoly and Franz Kossach, made an attempt to get through but were forced to retire. Before doing so, they made violent protest. The discussion in the Hungarian parliament has been continuous since May 22, when Count Tisza was elected speaker of the lower house. Count Tisza's opposition to universal suffrage which is demanded by the opposition, has caused great bitterness and has led to frequent violent scenes in parliament and rioting in the streets of Budapest. On June 7, Count Tisza narrowly escaped assassination in the house, where Deputy Julius Kovacs fired at him three times. The opposition members were then ejected and the proceedings have been carried on since solely by members of the government party.

WILSON SPOKE TO LARGE CROWD

(Canadian Press) NEW YORK, Oct. 31.—It was Wilson night in New York tonight. The Democratic nominee for president addressed a big rally in Bronx and a tremendous outpouring of voters in Madison Square Garden. Governor Wilson spoke at some length denying the charge of rivalry that the prosperity of country would be endangered by an election.

ANOTHER MURDER MYSTERY.

NEW YORK, Oct. 29.—Astonishing information has come to the District Attorney's office that two of the four gunmen accused of shooting Herman Rosenthal had a part in the recent murder which the police did not solve. This crime, it is said, was also inspired by members of the police "system." The victim, like Rosenthal, was a "square."

These men are said to be "Lefty Louie" Rosenberg and "Gyp the Blood" Horowitz. On two other occasions, the same gunmen are said to have been ordered to "beat up" certain men upon whom the "system" desired to wreak vengeance. The work was done with such thoroughness and dispatch that one victim almost died. The only basis upon which Mr. Whitman, the District Attorney, will treat with "Lefty Louie," "Gyp the Blood," "Whitey Lewis," and "Dago Frank," is that they will confess not only to the murder of Rosenthal, but also to the other crimes, in which they are said to have taken part at the command of corrupt police officials.

A record of the gangsters, showing them to be the official executioners of the "system," is said to have been prepared for the District Attorney with great care and detail. The information opens up the way for the exposure of a police conspiracy which it is believed, will lead much higher than Becker.

The pension amounts to only a few hundred dollars.

HAD STOLEN COSSACK.

MONTREAL, Oct. 30.—Dressed like a priest Xavier O. Champagne was arrested while he was trying to sell a priest's cassock, which he had stolen. Champagne was offering the garment for \$12. When questioned by the constable who thought he did not look much like a reverend gentleman, he failed to give a satisfactory account of himself, and was taken to police headquarters. Later he was brought before Judge Lafontaine, charged with theft. He pleaded guilty but refused to tell where he stole the cassock. He was sentenced to the penitentiary for five months. Meanwhile the police will look up his record, as robbery has been carried on in the churches lately on the wholesale plan.

GALLANT IS NOW ON TRIAL.

GLACE BAY, Oct. 31.—The celebrated Gallant incest case was up for trial at the Supreme Court in Sydney this morning, the prisoner, Edward Gallant, of the Gardiner Mines, being charged with incest against his own daughter. The witnesses who gave evidence for the Crown this morning were Gallant's wife and daughter, and police sergeant Joseph Francis, of Glace Bay. When the evidence of those witnesses was concluded J. W. Madlin, the prisoner's counsel addressed the court for about fifteen minutes and stated that the evidence which the defence would submit would show a tendency to conspire against his client. The first witness for the defence was Simon Gallant, son of the accused. The case will be given to the jury this afternoon.

THE CANADIANS WILL HAVE A STRONG TEAM.

MONTREAL, October 30.—Manager George Kennedy, of the Canadian hockey club, today forwarded a contract to Poulin, who played with the team two years ago. Poulin was one of the local players to go to the coast last winter, and will likely play here this season. Kennedy has secured the signatures of the majority of last year's team, and the Canadians will have a strong line-up. The club has not closed with Lalonde and are now after Jimmy Gardner.

BOY SPENT BIG ROLL JOY RIDING AROUND CITY.

MONTREAL, Oct. 30.—"I was just thinking about committing suicide," said young Ernest Lajeunesse, who was arrested to-day by Constable St. George. Lajeunesse was on Saturday last, entrusted with \$585, by his employer, Murphy Brog, instead of being out to have a good time and this morning when found wandering in the street he had only \$2.40 left. Much of the money he said, had been spent in joy riding. He had also bought himself gold stick pins and many other articles. He pleaded not guilty before Magistrate Lanctot, and was remanded for trial on November 5.

NO MORE DRINKING-CUPS IN U. S. RAILWAY CARS.

WASHINGTON, Oct. 30.—Secretary of the Treasury MacVeagh with one swoop today abolished the time honored public drinking-cup from railroad carriages, drinking-cup from electric, and from depots and waiting rooms of common carriers. This sweeping order against "any drinking-cup, glass, or vessel for common use," effective immediately, is in the interest of the nation's health and was the direct result of an investigation by the United States public health service—a branch of the treasury department—which holds the drinking-cup to be a menace as a carrier of disease. A drinking cup, it is said, may contain thousands of bacteria from disease infected persons.

MAIN TURKEY ARMY COMPLETELY ROUTED

HOW THE LAW WAS OFFENDED

HELSINGFORD, Nov. 1. (Special)—The Mayor of Viborg and two other members of the Viborg Town Council were arrested this week and taken to St. Petersburg. Shortly after their arrival they were released and placed under police supervision. Their offence consists in not considering a Russian tradesman's application for trading rights in Viborg because, under the Finnish law, such applications should be made to the provincial governor. Their refusal was directed against the enforcement of a Russian-made law.

WIFE AIDS GENERAL SICKLES.

NEW YORK, Oct. 26.—Mrs. Daniel E. Sickles called at the office of Sheriff Harburger yesterday afternoon and requested that he delay the sale of the personal effects of General Sickles until after November 10, when she said that she would be able and willing to pay the amount of the judgment against him. The Bank of the Metropolis recently took action looking toward the foreclosure in order to satisfy a judgment for \$5,050. Mrs. Sickles, who was accompanied by her son, Stanton Sickles, told the Sheriff that he had changed her decision not to pay any more of the debts of her husband. Stanton Sickles also asked the Sheriff to delay the sale. The Sheriff told them that he would try to arrange with the officers of the bank for a delay.

HEROIC SISTERS SAVED 100 CHILDREN.

SAN ANTONIO, Texas, Oct. 30.—Five sisters of charity sacrificed their lives in an attempt to save 100 children in a fire that destroyed St. John's orphanage to-day. They succeeded in rescuing all but two children before they were trapped by the flames. Another sister was burned so seriously that she cannot survive. Two sisters escaped. The dead sisters are: Mother Mary of the Cross; Mother Superior of the parish. She was Mary Roscic, a native of Wexford, Ireland; Mother Frances Pastour, native of France; Sister Reter Claver Stavin, teacher in San Fernando school, a native of Dublin, Ireland; Sister Beacada Nolan, teacher in San Fernando School, a native of Dublin, Ireland; Sister Monica Montez, a native of Mexico. The injured nun is Sister Kosta Farrell, a native of Kildare, Ireland. Physicians say she cannot survive.

The fire's origin is not known. Eighty-seven orphan children, ranging in age from 2 to 12 years and nine nuns were in the building when the flames broke out. Marrying their charges to hurry them to safety, the Sisters of Charity remained in the blazing orphanage until the building began to crumble and fall. The death of the Mother Superior, Mary of the Cross, was the sequel to a demonstration of a remarkable courage. She returned to the burning dormitory when she heard the cry of a child who had been overlooked in the hurry and excitement. A few moments later she appeared at a window in the front of the building with the babe in her arms. The fire chief attempted to save her but he failed. A ladder was placed against the unsteady wall and the chief scaled it, but before he reached her, she had jumped superior with the child, all back into the flames. The three nuns who escaped, helped in taking the children from the blazing structure. They were marching them across the yard when the walls began to fall. Sister Monica Montez lost her life by jumping, while Mother Francis Pastour and Sister Peter Claver Stevin and Beacada Nolan were unable to escape from the building.

By Bulgarians—Turks Fled in Disorder Leaving Many Killed

(Canadian Press) SOFIA, Oct. 31.—The Bulgarian army completely routed the main Turkish army under Nazim Pasha. The Turks fled in disorder and many were killed and wounded. The Bulgarian cavalry is pursuing the retreating Turks. The Turkish army retreated to Tebatia. Adrianople is completely hemmed in by Bulgarian troops. It is rumored that Bulgarian troops while being bombarded by a Turkish squadron on the Black Sea coast, under cover of the firing a body of Turkish troops landed.

(Canadian Press)

LONDON, Oct. 31.—Whatever the result of the great battle being fought between the Turkish and Bulgarian armies in the eastern part of the Balkan peninsula its conclusion will probably give occasion for intervention by the European powers. (Canadian Press) LONDON, Oct. 31.—Nazim Pasha, Turkish Minister of War and the Com-mander in Chief in Thrace has been either shot or taken prisoner according to a despatch from Sofia to Porte. (Canadian Press)

LONDON, Oct. 31.—Apparently Nazim Pasha has been entirely out-maneuvred by Savoffs, Bulgarian leader's able generalship. Bulgarian turning movement along Black Sea front now appears to have been faint which induced Turkish commander to throw main army to seaward to such effect that the Bulgarian force in this side had greatest difficulty in holding Turks back. In meantime Gen. Savoff hurled his great strength against the Turks weakening left wing which he crushed in at Lule Burgas.

The fighting of stubborn character carried along whole front day and night without intermission. Adrianople still holds out but is of little importance now that peace settlement will be arranged either by force or by the question of the division of spoils of war will then arrive.

ATHENS, Oct. 30.—New and more terrible Turkish atrocities in twenty Christian villages in the Thracia region are officially reported. The villages were destroyed, the inhabitants massacred, women and children being burned alive. It is also officially reported that three-fourths of the Turkish wounded at the beginning of the fighting were Christians. Now only about one-fourth of the wounded are Christians, which is taken to mean that the Christians were placed in the forefront of the battle. Five hundred Greeks enrolled in the Turkish army who managed to desert, have arrived here by way of Trieste. They marched through the streets singing their war songs, and will be placed on the reserves.

PARIS, Oct. 30.—Official advice received today from various parts of the Ottoman empire evidence the extreme anxiety of the foreign communities over the possibility of anti-Christian outbreaks in the event of further reserves by the Turkish troops. The French government has been urgently requested to station warships along the coasts in readiness to take up refugees. As a matter of precaution the government will dispatch tomorrow additional ships to Beirut, from which port they can readily reach any menaced points.

France and Great Britain are acting together in this matter. Great Britain sending ships to Salonika. Minard's Liniment Relieves Neuralgia
